REGIONAL BROKERS, INC.
Notes to Financial Statements
December 31, 2017 and 2016

1. Business Activity and Summary of Significant Accounting Policies

Business Activity

Regional Brokers, Inc. (the "Company") incorporated under the laws of the Commonwealth of Pennsylvania on May 18, 1992, and is registered with the Securities and Exchange Commission as a Municipal Securities Broker/Dealer as defined in Rule 15c3-1(k)(2)(ii) under the Securities Exchange Act of 1934. A municipal securities broker/dealer acts as an undisclosed agent in the purchase or sale of municipal securities for a registered broker or dealer or registered municipal securities dealer, has no "customers" as defined in SEC Reg. §240.15c3-1 and may effect transactions on its own behalf. The Company's customers are located mostly in the Northeast Region of the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

Cash consisted of funds held in checking and money market accounts.

Commissions Receivable

The Company charges income for doubtful accounts when they are considered uncollectible based on historical experience and current conditions. Management considers the receivables to be fully collectible at the balance sheet dates, and no provision for uncollectible accounts has been made.

Marketable Securities

The Company's marketable securities investments that are bought and held principally for the purpose of selling them in the near term are classified as trading securities. Trading securities are recorded at fair value on the statement of financial position in assets, with the change in fair value during the period included in earnings.

1. **Business Activity and Summary of Significant Accounting Policies (Continued)**

Furniture and Equipment

Furniture and equipment are stated at cost. Maintenance, repairs and minor renewals are charged to operations as incurred. Depreciation is provided over the estimated useful lives of the assets on an accelerated method. The estimated useful lives of the various classes of assets are as follows:

<u>Classifications</u>	<u>Years</u>
Office Equipment	5
Furniture and Fixtures	5-7
Computer Equipment	3-5

Investment in Nonmarketable Security

Investment in companies in which the Company has less than 20% interest are carried at cost. Dividends received from those companies are included in other income. Dividends received in excess of the Company's proportionate share of accumulated earnings are applied as a reduction of the cost of the investment.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Advertising Costs

The Company expenses advertising costs as incurred. Advertising costs for the years ended December 31, 2017 and 2016, were \$2,550 and \$3,100, respectively.

Income Taxes

The stockholders have elected for the Company to be an S corporation for federal and state income tax purposes. Profits or losses pass through to the stockholders to be included in their individual income tax returns. Therefore, no provision or liability for federal and state income taxes is required.

The federal income tax returns of the Company for 2014 - 2016 are subject to examination by the federal, state and local taxing jurisdictions, generally for three years after they were filed.

2. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by the Fair Value Measurements Topic, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets the Company has the ability to access.
- Level 2 Inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 Inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following table presents the Company's fair value hierarchy for those assets measured at fair value on a recurring basis using quoted prices in active markets as of December 31, 2017 and 2016:

	Level 1	
	2017	2016
Assets		
Marketable Securities	\$19,208	\$16,780

	2017	2016
Office Equipment	\$ 0	\$ 3,839
Furniture and Fixtures	43,148	43,304
Computer Equipment	76,193	111,597
Total	119,341	158,740
Less Accumulated Depreciation	(107,816)	(143,269)
Total Furniture and Equipment	\$ 11,525	\$ 15,471

4. Investment in Nonmarketable Security

The Company has invested \$120,000 for a 9.09% equity interest in Municipal Bond Information Services LLC, which is accounted for using the cost method. The investment in Municipal Bond Information Services LLC has not been evaluated for impairment because management did not identify any events or changes in circumstances that might have a significant adverse effect on the fair value of the investment.

5. Line of Credit

The Company has a \$200,000 bank line of credit agreement. The credit agreement may be renewed annually at the bank's discretion and is collateralized by the assets of the Company. Interest on borrowings is at a fluctuating rate per annum equal to the bank's prime rate plus 0.5% (5.00% and 4.25% at December 31, 2017 and 2016, respectively).

There were no borrowings under the line of credit agreement at December 31, 2017 and 2016.

The line of credit includes various financial covenants, as defined, that are required to be maintained throughout the term of the agreement.

Under the lease terms, the Company is responsible for utilities, maintenance, repairs, real estate taxes and cleaning expenses. The Company also pays a portion of the common area maintenance costs. For the years ended December 31, 2017 and 2016, rent expense for all facilities was \$43,124 and \$49,273, respectively.

At December 31, 2017, the future minimum lease payments are as follows:

<u>Years Ending December 31,</u>	<u>Amount</u>

2023	<u>14,910</u>
	<u>\$ 139,222</u>

7. Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2017 and 2016, the Company's "aggregate indebtedness" was \$66,832 and \$60,739, respectively, and "net capital" was \$511,521 and \$572,121, respectively, and its ratio of aggregate indebtedness to net capital was .13 to 1 and .11 to 1, respectively. Notes to Financial Statements
December 31, 2017 and 2016

8. Profit Sharing Plan

The Company maintains a defined contribution 401(k) profit sharing plan covering substantially all full-time employees. The Company contribution is based on 3% of an eligible employee's compensation. Company contributions to the Plan for the years ended December 31, 2017 and 2016, were \$38,624 and \$39,533, respectively.

9. Concentration of Credit Risk

The Company maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. As of December 31, 2017, cash balances in excess of FDIC insurance were approximately \$8,000 and \$27,000, respectively. The Company has not experienced any losses in such accounts.

10. Recent Accounting Pronouncements Issued, Not Yet Effective

Revenue Recognition

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update 2014-09, *Revenue from Contracts with Customers*, which creates a new Topic ASC 606, *Revenue from Contracts with Customers*. The core principle of the new guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled for those goods or services. The updated standard will replace most existing revenue recognition guidance in US GAAP when it becomes effective. Additionally, the guidance requires improved disclosures to help users of financial statements to better understand the nature, amount, timing and uncertainty of revenue that is recognized. For non-public entities, the update is effective for annual reporting periods beginning after December 15, 2018. The Company plans to adopt and apply the guidance for its year ending December 31, 2019. Management has not yet determined the effect this Statement will have on the Company's financial statements.

Leases

In February 2016, the Financial Accounting Standards Board issued Accounting Standards Update 2016-02, *Leases*, which creates a new Topic ASC 842, *Leases*. Under the new guidance, a lessee will be required to recognize on the balance sheet a liability to make lease payments and a right-to-use asset representing its right to use the underlying asset for the lease term for both finance and operating leases. For leases with a term of 12 months or less, an entity can elect to not recognize lease assets and lease liabilities and expense the lease over a straight-line basis for the term of the lease. The updated standard will replace current lease guidance in US GAAP when it becomes effective. Also, the guidance requires new disclosures that depict the amount, timing, and uncertainty of cash flows pertaining to an entity's leases. For non-public entities, the update is effective for annual reporting periods beginning after December 15, 2019. The Company plans to adopt and apply the guidance for its year ending December 31, 2020. Management has not yet determined the effect this Statement will have on the Company's financial statements.

of Regional Brokers, Inc.
Philadelphia, Pennsylvania

We have reviewed management's statements, included in the accompanying Exemption Report For SEC Rule 15c3-3, in which (1) Regional Brokers, Inc. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Regional Brokers, Inc. claimed an exemption from 17 C.F.R. § 240.15c3-3 (k)(2)(ii) (the "exemption provisions") and (2) Regional Brokers, Inc. stated that Regional Brokers, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Regional Brokers, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Regional Brokers, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
