## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder  
IBN Financial Services, Inc.  
Liverpool, New York

### **Opinion on the Financial Statement**

We have audited the accompanying statement of financial condition of IBN Financial Services, Inc. as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of IBN Financial Services, Inc. as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

This financial statement is the responsibility of IBN Financial Services, Inc.'s management. Our responsibility is to express an opinion on IBN Financial Services, Inc.'s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to IBN Financial Services, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

*Evans and Bennett, LLP*

Certified Public Accountants

We have served as IBN Financial Services, Inc.'s auditor since 2002.

A copy of the December 31, 2017 Annual Audited Report, Form X-17a-5, Part III is available for examination and copying at the principal office of the firm in Liverpool, New York and at the office of the Securities and Exchange Commission in New York, New York.

The accompanying notes are an integral part of this financial statement

**IBN FINANCIAL SERVICES, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2017**

**Note 1. Organization and Nature of Business**

IBN Financial Services, Inc. (the Company) is a regional securities broker-dealer registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA).

The Company is an introducing broker, engaged principally in the trading and brokerage of investment company shares (mutual funds), equity securities, bonds and other investment products.

**Note 2. Summary of Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash - Concentration of Credit Risk**

The Company maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all money market accounts to be cash equivalents.

**Investments**

Marketable securities in the Company's investment account are classified as available for sale and are valued at fair value pricing as those terms are described for financial statement purposes. All securities valuations are from quoted market prices (unadjusted) and are considered Level 1 inputs in the fair value hierarchy as established. For tax purposes, any unrealized gain or loss recognized on the investment account is removed from the calculation of taxable income.

**IBN FINANCIAL SERVICES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 2. Summary of Significant Accounting Policies (continued)**

**Investments (continued)**

Marketable securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Company's account balances and the amounts reported on the balance sheet.

**Property, Equipment and Depreciation**

Property and equipment are recorded at cost. Renewals and betterments of property are accounted for as additions to asset accounts. Repairs and maintenance charges are expensed as incurred. Depreciation is computed using accelerated methods for financial reporting and income tax purposes. Estimated useful lives vary from 5 to 7 years for office equipment.

**Securities Transactions**

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

**Commission Income**

Commission and related clearing expenses are recorded on a trade date basis as securities transactions occur.

**Income Taxes**

The Company has analyzed filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The Company believes that its income tax filing positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position. Therefore, no reserves for uncertain income tax positions have been recorded. In addition, the Company did not record a cumulative effect adjustment related to this adoption.

IBN FINANCIAL SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017.

**Note 2. Summary of Significant Accounting Policies (continued)**

**Income Taxes (continued)**

The Company's policy for recording interest and penalties associated with audits is to record such items as a component of income before taxes. There were no such items during the periods covered in this report.

The Company has elected to be treated as a Subchapter "S" Corporation under the Internal Revenue Code and the New York State Corporation Tax Law. Under these elections, the income generally is taxed directly to the stockholders. New York State has a minimum tax on corporations, which resulted in a corporate level tax of \$1,000 and is reflected in these financial statements.

**Events Occurring After Reporting Date**

Management has evaluated subsequent events through February 27, 2018, the date which the financial statements were available to be issued.

**Note 3. Receivables from Clearing Organization and Funds**

The Company is engaged in various trading and brokerage activities whose counterparties include a fully disclosed carrying broker and other financial institutions. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty. The Company has not experienced any credit risk related to loss and there has been no bad debt related expense from these transactions during the reporting period. It is the Company's policy to review, as necessary, the credit standing of each counterparty. The Company uses the direct write-off method in recognizing bad debt. There was no bad debt expense incurred during the year ended December 31, 2017.

**Note 4. Fair Value Measurement and Investments**

**Fair Value Measurement**

Generally Accepted Accounting Principles (GAAP), establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair values.

IBN FINANCIAL SERVICES, INC.  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2017

**Note 4. Fair Value Measurement and Investments (continued)**

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: *Level 1 Inputs* are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access; *Level 2 Inputs* are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly; *Level 3* are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability.

<u>Investments - Available for Sale</u>	Level 1 Inputs Fair Value
Fair value of equity securities:	
Equity securities	\$ <u>12,905</u>

Investments are recorded at fair value. Cost is determined on the first-in, first-out (FIFO) basis

**Note 5. Property and Equipment - Net**

A schedule of property and equipment is as follows:

Office equipment	\$ 39,079
Accumulated depreciation	<u>(39,079)</u>
Property and equipment - net	<u>\$ -</u>

Depreciation expense was \$ 0 for the year ended December 31, 2017.

**Note 6. Commitments and Contingencies**

The Company, in its ordinary course of business, has pending arbitration, in which, no ultimate outcome can be determined as of the date of the financial statement.

The Company leases office space on a month-to-month basis. The lease requires monthly payments of \$4,200 base rent plus a proportionate share of common area charges. Rent expense was \$50,407 for the year ended December 31, 2017.

The Company entered into an agreement with FINRA, establishing a settlement in the amount of \$11,250 to be paid in 24 monthly installments that began July 2017, in the amount of \$505, including interest at 7.25%. Principal payments will be made in the amount of \$5,622 in 2018 and \$2,966 in 2019. The balance at December 31, 2017 is \$8,588, and is included in accounts payable and accrued expenses on the Statement of Financial Condition.

IBN FINANCIAL SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

**Note 7. Related Party Transactions**

The Company leases office space and has a service agreement covering certain shared expenses with a related party. Costs are determined on a monthly basis with a base amount paid for rent and common area charges. Rent, common area charges and other shared expenses amounted to \$49,907 net of reimbursed amounts for the year ended December 31, 2017.

**Note 8. Off-Balance-Sheet Credit Risk**

In the normal course of business, the Company's customer transactions are cleared on a fully disclosed basis with a correspondent clearing broker-dealer. As such, the Company does not handle either customer cash or securities. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations. Settlement of these transactions is not expected to have a significant effect upon the Company's financial position.

The Company does not engage in proprietary trading of volatile securities such as short options and futures.

**Note 9. Net Capital Requirements**

As a registered broker-dealer, IBN Financial Services, Inc. is subject to the requirements of Rule 15c3-1 ("The Net Capital Rule") under the Securities and Exchange Act of 1934. The basic concept of the rule is liquidity, its object being to require a broker-dealer to have, at all times, sufficient liquid assets to cover its current indebtedness. Specifically, the rule prohibits a broker-dealer from permitting its "aggregate indebtedness" from exceeding fifteen times its "net capital" as those terms are defined and the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. On December 31, 2017, IBN Financial Services, Inc.'s aggregate indebtedness and net capital were \$375,994 and \$97,121, respectively, a ratio of 3.87 to 1 and net capital did exceed the minimum capital requirement of \$25,066 by \$72,055.

**Note 10. Employee Pension Plan**

The Company adopted a Simple IRA that is available to all eligible employees. The Company has elected to match contributions up to 3% for 2017 compensation for each participating employee. The Company's obligation for contributions to the plan as of December 31, 2017 was \$13,241, which consisted entirely of the Company's employer matching contribution.

IBN FINANCIAL SERVICES, INC.  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2017

**Note 11. Revenue Recognition Standard**

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), which will supersede nearly all existing revenue recognition guidance under accounting principles generally accepted in the United States. The core principle of this ASU is that revenue should be recognized for the amount of consideration expected to be received for promised goods or services transferred to customers. This ASU also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments, and assets recognized for costs incurred to obtain or fulfill a contract. ASU 2014-09 was scheduled to be effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. Early application is not permitted. In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of Effective Date, which defers the effective date of ASU 2014-09 by one year and allows entities to early adopt, but no earlier than the original effective date. ASU 2014-09 will now be effective for the Company for the annual reporting period beginning January 1, 2018. This update allows for either full retrospective or modified retrospective adoption. In April 2016, the FASB issued ASU 2016-10, Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing, which amends guidance previously issued on these matters in ASU 2014-09. The effective date and transition requirements of ASU 2016-10 are the same as those for ASU 2014-09. In May 2016, the FASB issued ASU 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow Scope Improvements and Practical Expedients, which clarifies certain aspects of the guidance, including assessment of collectability, treatment of sales taxes and contract modifications, and providing certain technical corrections. The effective date and transition requirements of ASU 2016-12 are the same as those for ASU 2014-09.

The Company has evaluated the new guidance and the adoption is not expected to have a significant impact on the Company's financial statements and a cumulative effect adjustment under the modified retrospective method of adoption will not be necessary.

IBN Financial Services, Inc.

FINANCIAL STATEMENTS

CONSOLIDATED

For the year ended December 31, 2017

The accompanying financial statements were prepared under the supervision of the Board of Directors and the Chief Executive Officer of the Company. The financial statements are prepared in accordance with the accounting principles generally accepted in the United States of America.
