FBN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

1. LINE OF BUSINESS

FBN Securities, Inc. (the "Company") is a broker dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Regulatory Authority ("FINRA") engaged primarily in the execution of stock transactions for customers. The Company is a non-clearing broker and does not handle any customer funds or securities. The Company derives revenues mainly in the form of commissions from the sale of stocks, bonds and options traded on various stock exchanges and consulting income from research conducted on behalf of its clients. The Company maintains offices in New York, Pennsylvania and California.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company considers cash and all highly liquid instruments with original maturities of three months or less, that are held in the ordinary course of business to be cash equivalents for cash flow statement purposes. The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

FINANCIAL INSTRUMENTS

The Company's financial instruments include cash and cash equivalents, certificate of deposit, receivables from customers and clearing organizations, accounts payable and bank debt for which carrying values approximate fair values due to the short maturities of those instruments.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost and consist of furniture, fixtures, equipment and leasehold improvements. Major expenditures for fixed assets and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation and amortization are removed from the accounts and resulting gains and losses are included in income.

RECEIVABLE FROM CLEARING ORGANIZATIONS

The Company maintains brokerage accounts with clearing organizations through which all trading transactions are cleared. The receivable and all securities owned are with these same organizations. The Company is subject to credit risk if these organizations are unable to repay the receivable or return securities in their custody.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INCOME TAXES

The Company follows the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), as revised, on Uncertainty in Income Taxes. The guidance imposes a threshold for determining when an income tax benefit can be recognized for financial statement purposes. The threshold now imposed for financial statement reporting generally is higher than the threshold imposed for claiming deductions in income tax returns. Under the revised guidance, the tax benefit from an uncertain tax position can be recognized for financial statement purposes only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities including the resolution of appeals or litigation processes, if any. The revised rules also provide guidance on classification of current and deferred income tax assets and liabilities, accounting for interest and penalties associated with tax positions, and income tax disclosures. Management believes there were no material uncertain tax positions at either March 31, 2017 or March 31, 2018.

The Company had provided deferred income taxes resulting from temporary differences between the financial statement and tax bases of assets and liabilities. For the year ended March 31, 2018 the Company elected to be taxed on the accrual basis. As a result there are no deferred taxes.

The Company files U.S. federal income tax returns and separate state and local income tax returns in New York, California, Florida and Pennsylvania. Returns filed in these jurisdictions for tax years ended on or after March 31, 2015 are subject to examination by the relevant taxing authorities.

OFF-BALANCE SHEET RISK

In the normal course of business, the Company's customer and correspondent clearance activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or clearing agent is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss. As of March 31, 2018, the Company was not exposed to such risk.

CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities whose counterparties primarily include broker-dealers, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business. As of March 31, 2018, the Company was not exposed to such risk.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

Through 2016, the Financial Accounting Standards Board (FASB) issued various updates (“ASU”) to the FASB Accounting Standards Codification. The Company did not adopt any new accounting pronouncements during the year ended March 31, 2018 that had a material effect on the statement of financial condition.

SUBSEQUENT EVENTS

Management has evaluated subsequent events through May 29, 2018, the date the financial statements were available for issuance.

3. RECEIVABLES FROM CLEARING ORGANIZATIONS AND CUSTOMERS

The receivable balance from the clearing organization and customers have not historically required any write-offs for credit losses and are stated at the amount management expects to collect from outstanding balances. Based on management's evaluation of collectability, an allowance for doubtful accounts is not required.

4. PROPERTY AND EQUIPMENT

Major classes of property and equipment consist of the following:

	estimated useful life-years		
Furniture, fixtures and equipment	5-7	\$	128,426
Leasehold improvements	6		<u>25,930</u>
			154,356
Less: Accumulated depreciation and amortization			<u>106,414</u>
Net property and equipment		\$	<u>47,942</u>

5. LOAN PAYABLE

The Company has a revolving line of credit with a bank that calls for principal and interest (at prime plus 1.56%) payments that vary from month to month depending on the outstanding balance. As of March 31, 2018 there was no balance outstanding on the revolving line of credit.

The Company leases an office facility under a non-cancellable operating lease in New York expiring on December 31, 2020. In addition to base rent payments, the Company is liable for real estate taxes and certain operating expenses. In addition, the Company rents office space in California on a month-to-month basis. Rent expense for the year ended March 31, 2018 was \$350,614.

A letter of credit in the amount of \$58,394 has been issued as rent security on the Company's New York office. The letter of credit expires and will automatically renew on March 27, 2019. The letter of credit is collateralized by a certificate of deposit with a fair value at March 31, 2018 of \$58,409.

7. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At March 31, 2018, the Company had net capital of \$1,405,621, which was \$1,354,690 in excess of its required net capital of \$50,931. The Company's aggregate indebtedness to net capital ratio was .54 to 1.00.

8. 401(K) PROFIT SHARING PLAN

The Company sponsors a 401(K) profit sharing plan that covers all eligible employees. Under the 401(K) salary reduction provisions of the plan, employees may elect to defer part of their compensation, subject to statutory limitations, and have the deferred amounts contributed to their retirement accounts, which vest immediately.
