NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2018**

---

**1. ORGANIZATION AND NATURE OF BUSINESS**

Lantern Investments, Inc. (the "Company") was incorporated in the State of Delaware in 1992. The Company is registered as a broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc (the "FINRA"), the Municipal Securities Rulemaking Board (the "MSRB") and the Securities Investor Protection Corporation ("SIPC"). In this capacity, it executes both principal and agency transactions for itself and its customers on a fully disclosed basis through its clearing broker, Pershing, LLC. The Company does not hold funds or securities for, nor owe funds or securities to, customers. Any funds or securities received by the Company are promptly transmitted to the clearing broker.

The Company maintains cash with financial institutions. Funds deposited with a single bank are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation ("FDIC"). Deposits with a single brokerage institution are insured up to \$500,000 per account type, of which a maximum of \$250,000 in cash is insured by the Securities Investor Protection Corp. At times, cash balances may exceed the insured limits. Cash deposits in excess of insured limits amounted to \$253,053 at June 30, 2018. Cash and cash equivalents include \$227,030 being held in money market funds.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America. This requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Purchases and sales of securities and related commission revenues and clearing charges are recorded on a settlement date basis. For the year ending June 30, 2018, the difference between settlement date and trade date basis was not material. All positions are reported at market value and any change in market value is reflected in the accompanying statement of income as gain or loss as it occurs. As funds due from brokers are held at the Company's clearing broker or represent fees receivable from other major financial institutions, no allowance for doubtful accounts has been recorded.

The Company has clear-through (tri-party) relationships with two independent broker dealers. Lantern, through its clearing relationship with Pershing, LLC is responsible as an intermediary for the clearing of transactions for these two broker dealers. Lantern is compensated for these services and for the business risk assumed in the performance of the services provided. Clear-through revenues are recorded in the period earned based on settled trades

Securities transactions and financing with the clearing broker are classified as operating activities on the statement of cash flows since this is the Company's principal business.

**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investments in securities that are traded on a securities exchange are valued at the last reported sales price on the primary exchange on which the security is traded on the last business day of the year. Investments in securities traded in the over-the-counter market for which no market quotations are available are valued at the last reported bid price.

The Company files its federal and state corporate income tax returns using the accrual basis of accounting.

Depreciation of property and equipment is provided using straight-line methods over the useful life of the assets (5-7 years). Amortization of leasehold improvements is provided for by the straight-line method over the term of the lease.

**Fair Value of Investments**

The Company carries its investments at fair value. Fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). Fair value measurements are not adjusted for transaction costs. The fair value hierarchy provides criteria for prioritizing inputs used to measure fair value into three levels:

- Level 1      Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2      Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.
- Level 3      Unobservable inputs. Unobservable inputs reflect the assumptions that management develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors.

**LANTERN INVESTMENTS, INC.**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

**Fair Value of Investments (Continued)**

Management uses judgment in determining fair value of assets and liabilities and Level 3 assets and liabilities involve greater judgment than Level 1 or Level 2 assets or liabilities. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments. The following are the Company's investments owned by level within the fair value hierarchy at June 30, 2018:

<u>Description</u>	<u>Total</u>	<u>Fair Value Measurements Using</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<b>Assets:</b>				
<b>Investments in securities owned</b>				
Certificate of Deposit	\$ 82,330	\$ 82,330	\$	\$
Common stock	64,071	64,071		
Corporate bonds	720		720	
Government agencies	256,022	256,022		
Municipal bonds	474,665	474,665		
<b>Total</b>	<b>\$ 877,808</b>	<b>\$ 877,088</b>	<b>\$ 720</b>	<b>\$</b>

Securities sold, not yet purchased were valued at level 1 inputs.

**3. FINANCIAL INSTRUMENTS AND RISK**

In the normal course of business, the Company enters into financial transactions where the risk of potential loss due to the changes in market (market risk) or failures of the other party to the transaction to perform (credit risk) exceeds the amounts recorded for the transactions. The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the customer and/or other counter-party with which it conducts its business.

**LANTERN INVESTMENTS, INC.**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

---

**Financial Instruments and Risk (Continued)**

Market risk represents the potential loss that can be caused by increases or decreases in the fair value of investments due to market fluctuation.

Credit risk represents the potential loss that would occur if counterparties fail to perform pursuant to the terms of their obligations. In addition to its investments, the Company is subject to credit risk to the extent a custodian or broker with whom it conducts business is unable to fulfill its contractual obligations.

Short selling, or the sale of securities not owned by the Company, exposes the Company to the risk of loss in an amount greater than the initial investment, and such losses can increase rapidly and in the case of equities, without effective limit. There is the risk that the securities borrowed by the Company in connection with a short sale would need to be returned to the securities lender on short notice. If such request for return of securities occurs at a time when other short sellers of the subject security are receiving similar requests, a "short squeeze" can occur, wherein the Company might be compelled, at the most disadvantageous time, to replace borrowed securities previously sold short with purchases on the open market, possibly at prices significantly in excess of the proceeds received earlier.

The Company executes most of its customer trades through New York Stock Exchange member firms as an introducing broker and earns commission on its introduced customers. The Company has an agreement with its clearing brokers to clear securities transactions, carry customers' accounts on a fully disclosed basis and perform certain recordkeeping functions. In connection therewith, the Company has agreed to indemnify its clearing broker for losses that the clearing broker may sustain related to the Company's customers. At June 30, 2018, the receivable from clearing brokers reflected on the statement of financial condition was substantially in cash.

In the course of its normal trading activities, the Company is a party to financial instruments that involve, to indeterminable degrees, market risks in excess of that presented in the statement of financial condition. All positions are reported at market value and any change in market value is reflected in the accompanying statement of income as gain or loss as it occurs.

**LANTERN INVESTMENTS, INC.**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

---

**4. PROVISION FOR INCOME TAXES**

FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended June 30, 2018 management has determined that there are no material uncertain income tax positions.

Management believes the future benefit of the Company's deferred income tax asset to be fully realized. Accordingly, no valuation allowance has been recorded. The deferred income tax asset is primarily the result of accrued expenses that are not deductible for tax purposes in the current year because they have not been paid within the time period required by tax law. Tax years beginning on or after June 30, 2015 remain subject to audit by Federal and State taxing authorities as of the date of this report.

**5. OTHER INTANGIBLE ASSETS**

In June 2004, the Company purchased certain intangible assets of Tradex Brokerage Service, Inc., under an asset purchase agreement. Additionally, in June 2008 the Company purchased intangible assets from a retired employee under an asset purchase agreement. The Company has adopted FASB Statement No. 142 "Goodwill and Other Intangible Assets" ("ACS 350"). The intangible assets acquired are determined to be wasting assets, as defined, with finite useful lives (12-15 years). As such, these intangible assets are subject to amortization. The financial statements include a charge for amortization in the amount of \$16,205 for the year ended June 30, 2018.

**6. OTHER ASSETS**

Other assets include \$23,530 of advances paid to employees. These advances are reduced through the earning of a "Production Bonus" as stipulated in the various employment agreements. If the employee for any reason ceases to be employed by the Company before the date that the Production Bonus is earned, the advance shall become due and payable.

**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

---

**7. COMMITMENTS**

The Company leases office space in various locations under non-cancelable lease agreements which expire between November 2018 and April 2020. The leases contain provisions for escalations based on increases in certain costs incurred by the lessors. Future minimum rent payments on the leases are as follows:

	<u>Year Ended June 30,</u>
2019	\$ 212,645
2020	<u>51,766</u>
Total	\$ <u>264,411</u>

**8. LIABILITIES SUBORDINATED TO THE CLAIMS OF GENERAL CREDITORS**

As of June 30, 2018, the Company had not entered into any subordinated loan agreements.

**9. EMPLOYEE BENEFITS**

The Company has a SIMPLE-IRA plan with a December 31 year end. The Board of Directors has elected to contribute an amount equal to three percent of eligible employee compensation, subject to statutory limitations. The expense included in the financial statements related to this plan is \$70,602 for the year ending June 30, 2018.

**10. RELATED PARTY TRANSACTION**

Included in other assets are receivables of \$24,461 from related parties.

A related entity shares office space with the Company and utilizes certain management and administrative employees. Accordingly, the related entity is charged a monthly fee to reimburse the Company for a portion of the cost of these resources. The intercompany charge amounted to \$2,000 per month during the year ending June 30, 2018 and is included in other income in the accompanying statement of income.

**LANTERN INVESTMENTS, INC.**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**FOR THE YEAR ENDED JUNE 30, 2018**

---

**12. RULE15C3-3**

The Company is exempt from the provisions of Rule 15c3-3 under paragraph (k)(2)(ii) in that the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received, does not otherwise hold funds or securities for or owe money or securities to customers and effectuates all financial transactions on behalf of customers on a fully disclosed basis.

**13. NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2018, the Company had net capital of \$1,295,874, which exceeded the minimum requirement of \$100,000 by \$1,195,874. The Company's ratio of aggregate indebtedness to net capital was 0.57 to 1.

**14. CONTINGENT LIABILITIES**

The Company had no underwriting commitments and no significant contingent liabilities. During the year, the Company was named as a defendant in an arbitration. Legal counsel expects the matter to be settled at an amount that is insignificant to the Company.

**15. SUBSEQUENT EVENTS**

Events have been evaluated through August 22, 2018, the date that these financial statements were available to be issued.

Lantern Investments, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Lantern Investments, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
