We believe that our audit provides a reasonable basis for our opinion.

We have served as RM Stark & Co., Inc.'s auditor since 2005.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2018

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – R.M. Stark & Co., Inc. (the “Company”), a wholly-owned subsidiary of RMST Holding Company, Inc. (the “Parent”), was incorporated in the state of Florida on September 29, 1988. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Securities Transactions - Securities transactions of the Company, including commission revenue and related expense, are recorded on a trade date basis, which is the same business day as the transaction date.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company’s own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company’s policy to review, as necessary, the credit standing of each counterparty.

In addition, most of the Company’s cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

YEAR ENDED SEPTEMBER 30, 2018

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – *(Continued)*

Receivables - The Company reviews the receivables for collectability on a regular basis. The allowance for doubtful accounts reflects management's best estimate of probable losses determined principally on the basis of historical experience. The allowance for doubtful accounts was \$0 at September 30, 2018.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2018

NOTE 2 - FAIR VALUE MEASUREMENT - (Continued)

Securities owned consist of the following:

Description	Fair Values as of September 30, 2018	Fair Value Measurements at Reporting Date Using		
		Level 1	Level 2	Level 3
Equities	\$ 330,184	\$ 330,184	\$ 0	\$ 0
Exchange -Traded Products	650,319	650,319		
Fixed income	50	50		
Mutual funds	119,040	119,040		
Total Securities Owned	<u>\$ 1,099,593</u>	<u>\$ 1,099,593</u>	<u>\$ 0</u>	<u>\$ 0</u>

All broker/dealer receivables, accounts payable and accrued expenses have been valued at net realizable value. No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 3 - INCOME TAXES

Both the Company and its Parent have elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the individual shareholders of the Parent.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2014.

R.M. STARK & CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2018

NOTE 4 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company enters into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include listed options. These derivative financial instruments are used to meet the needs of customers, conduct investment activities and manage risks and are, therefore, subject to varying degrees of market and credit risk. Derivative transactions are entered into for trading purposes or to economically hedge other positions or transactions.

As a writer (seller) of options, the Company and its customers receive a premium in exchange for giving the counterparty the right to buy or sell the security at a future date at a contracted price. The contractual or notional amount related to these financial instruments reflects the volume and activity and does not reflect the amount of risk. The credit risk for options is limited to the unrealized market valuation gains recorded in the statement of financial condition. Market risk is substantially dependent upon the value of the underlying financial instruments and is affected by market forces such as volatility and changes in interest and foreign exchange rates.

In addition, the Company and its customers sell securities that they do not currently own and will therefore be obligated to purchase such securities at a future date. The Company records these obligations in the financial statements at market values of the related securities and will incur a loss if the market value of the securities increases subsequent to the financial statement date.

NOTE 4 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

In order to facilitate the aforementioned transactions, as well as other transactions, the Company maintains an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. As part of the terms of the agreement between the Company and the Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The initial term of the aforementioned agreement was three years, which began in September 2003. Under terms of the agreement the Company is required to maintain \$100,000 deposit with Clearing Broker/dealer and is prohibited from using other Clearing Broker/dealers for securities transactions unless written consent is given by the Clearing Broker/dealer. Also included in the agreement are monthly minimum and termination charges.

NOTE 5 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of FINRA, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2018, the Company's net capital and required net capital were \$936,138 and \$100,000 respectively. The ratio of aggregate indebtedness to net capital was 23%.

NOTE 6 - OTHER COMMITMENTS

Operating Leases - Minimum annual rentals under a lease for office space, expiring September 30, 2019, exclusive of additional payments which may be required for certain increases in operating and maintenance costs will be \$92,000 for the year ending September 30, 2019.

Rent expense under this operating lease was \$83,154 for the year ended September 30, 2018.

NOTE 7 - 401 (k) PLAN

The Company adopted a deferred compensation plan commonly referred to as a profit sharing plan with provisions under IRS code section 401(k) whereby employees may contribute up to 75% of their compensation within specified legal limits. In addition, the Company will match 50% of employee contributions up to 6% of their compensation. The plan covers substantially all employees age 19 years or older. The Company changed the plan year to a calendar year end. Company contributions to the plan for the year ended September 30, 2018 were \$27,478.

NOTE 9 – COMPARISON OF ORIGINALLY FILED AND AMENDED YEAR END FOCUS IIA

The Company filed an amended year-end FOCUS IIA on October 31, 2018 showing an ending net capital of \$936,138. The difference is due to decrease in liabilities of \$230,706 and increase in assets of \$332.

NOTE 10 - CONTINGENCIES

The Company, from time to time, is involved in certain claims and arbitrations incidental to its business operations. The Company actively investigates these matters and takes the appropriate steps to defend itself against these claims.
