Report of Independent Registered Public Accounting Firm

To the Managing Members
FNC Ag Stock, LLC
Grand Forks, North Dakota

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of FNC Ag Stock, LLC (the Company) as of September 30, 2018, and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement present fairly, in all material respects, the financial position of the Company as of September 30, 2018, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the entity’s management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risk of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as FNC Ag Stock, LLC’s auditor since 2015.

FNC AG STOCK, LLC

NOTES TO FINANCIAL STATEMENT AS OF SEPTEMBER 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations — FNC Ag Stock, LLC (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC). The Company is a Delaware Limited Liability Company. Operations for FNC Ag Stock, LLC began on August 27, 2013. FNC Ag Stock, LLC is a wholly owned entity of Farmers National Company (the “Parent”) which is a wholly owned subsidiary of FNC, Inc. The Company’s limited liability company agreement defines the period of the duration. The agreement states the Company’s continuation as a limited liability company is dependent upon the existence of the member of the LLC. The Company maintains a special account for the exclusive benefit of customers. Therefore, the Company is exempt from the provisions of the SEC Rule 15c3-3 under paragraph (k)(2)(i).

FNC Ag Stock, LLC operates an alternative trading service for the secondary trading of securities issued by cooperatives and limited partnerships in the agricultural and energy sectors. The Company runs a qualified matching service. The Company has three individuals who serve as agents as of September 30, 2018. Furthermore, the Company has an agreement in place with an escrow agent. The escrow agent is responsible for holding the purchasers’ funds and distributing commissions and remaining sales price to the Company and the sellers, respectively.

Use of Estimates — In preparing the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statement and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents — The Company considers all instruments with an original maturity of three months or less when purchased to be cash equivalents.

Trading Service Contracts — Trading service contracts represent the agreements with issuers of securities purchased from Alerus Securities Corporation (Alerus). The contracts were purchased July 1, 2013. The purchase price for the contracts is amortized on a straight-line basis over a five-year period expiring August 31, 2018. Recoverability of these assets is evaluated periodically based upon management’s estimate of future operating income of the contracts acquired.

Trading service contracts are evaluated for potential impairment when business circumstances related to the underlying contracts change. Impairment of intangible assets subject to amortization, occurs when the undiscounted cash flows expected to result from the asset is less than the carrying value. If impaired, an asset is written down to its fair value.

Annually, the issuers of the securities pay an annual fee as part of the contract. The fee is recorded as deferred revenue and the related revenues are recognized each month throughout the year.

Commissions — Commission revenues and related commission expenses are recorded on a trade-date basis as transactions are approved by the board of directors of the company issuing the units.

Concentration of Credit Risk – The Company’s cash balances are maintained in a bank deposit account, the balance of which may periodically exceed federally insured limits.

Income Taxes — The Company is operating as a limited liability company and, consequently, earnings pass through to the members and are taxed at the member level. Accordingly, no federal or state income tax provision has been included in these financial statements. If the Company were subject to income taxes, interest, and penalties, any would be recorded in federal income tax expense. The Company recognizes the tax benefit of an uncertain tax position only if it is more likely than not that the tax position will be sustained by the taxing authorities, based on the technical merits of the position. There are no uncertain tax positions as of September 30, 2018

Subsequent Events – The Company has evaluated subsequent events through November __, 2018.

Future Adoption of New Accounting Pronouncements – In May 2014, the FASB issued a comprehensive new revenue recognition standard (ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*), effective retrospectively for fiscal years beginning after December 15, 2018. The new guidance will supersede nearly all existing revenue recognition guidance; however, it will not impact the accounting for insurance contracts, leases, financial instruments and guarantees. For those contracts that are impacted by the new guidance, the guidance will require an entity to recognize revenue upon the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to, in exchange for those goods or services. The Company does not expect this guidance to have a significant impact on its financial statements.

In February 2016, the FASB issued ASU No. 2016-02, “Leases” (Topic 842). The provisions of ASU 2016-02 require a dual approach for lessee accounting under which a lessee would recognize a right-of-use asset and a corresponding lease liability. Leases will be classified as either finance or operating leases. For finance leases, a lease will recognize interest expense and amortization of the right-of-use asset, and for operating leases, the lessee will recognize a straight-line total lease expense. The guidance also requires qualitative and specific quantitative disclosures to supplement the amounts recorded in the financial statements, to afford better understanding of an entity’s leasing activities, including any significant judgments and estimates. ASU 2016-02 will be effective for the Company beginning October 1, 2020, but early adoption is permitted. The Company is currently evaluating the impact of this guidance on its financial statements.

2. COMMISSIONS PAYABLE

Commissions are paid to the agents. The payable at September 30, 2018 consists of \$4,207 payable to agents.

3. DEFERRED REVENUE

Issuers with trading service contracts pay an annual fee to the Company for the services provided. The annual payment is received on the anniversary of the trading service contract. The payment represents services for one year after the payment is made. Revenue for these payments is recognized on a monthly basis with the balance of the contract considered deferred revenue.

4. RELATED PARTY TRANSACTIONS

The Company has transactions with its Parent, including rent and the performance of administrative services. There is an expense sharing agreement in place between the Company and its Parent. There was \$123,300 paid to the Parent for salaries, benefits and taxes, office rent and office expense for the year ended September 30, 2018. There was not a payable to member as of September 30, 2018. An addendum to the expense sharing agreement was signed on November 7, 2016. The addendum states the expense sharing agreement shall be extended to an automatic month to month

period until either party provides the other not less than 30 days advance written notice of its intent to terminate the agreement.

5. LEASE OBLIGATIONS

Operating leases — the Company leases office space from its Parent. The lease falls under the expense sharing agreement. The lease is accounted for as an operating lease. There are no minimum operating lease commitments as the current lease expired August 31, 2017 and now continues on a month to month basis as part of the expense sharing agreement. Rent expense for the year ended September 30, 2018 was \$11,004.

6. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital. FNC Ag Stock, LLC is required to maintain “adjusted net capital” equivalent to the greater of \$5,000 or 6 2/3% of aggregated indebtedness. At September 30, 2018 the Company had net capital of \$644,434, which was \$639,434 in excess of its required net capital of \$5,000.

7. COMMITMENTS AND CONTINGENCIES

The Company is involved in various legal matters from time to time. Management is of the opinion none of these other legal actions will result in losses material to the financial position, results of operations, or cash flows of the Company.
