**Report of Independent Registered Public Accounting Firm**

To the Stockholders  
of Nelson Invest Brokerage Services, Inc.  
Winter Park, Florida

**Opinion on the Statement of Financial Condition**

We have audited the accompanying statement of financial condition of Nelson Invest Brokerage Services, Inc. (the "Company") as of December 31, 2018, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

HACKER, JOHNSON & SMITH PA

We have served as Nelson Invest Brokerage Services, Inc.'s auditor since 2017.

The Notes to Statement of Financial Condition are an integral part of this statement.

NELSON IVEST BROKERAGE SERVICES, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 1. Nature of Business and Summary of Significant Accounting Policies

Nature of business: Nelson Ivest Brokerage Services, Inc., (the "Company") is engaged as a broker/dealer in the business of buying and selling securities for individual clients. The Company does not act as a clearing agency, but claims an exemption from SEC Rule 15c3-3 in that it is engaged in limited business involving mutual funds and variable annuities only.

Cash equivalents: The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Receivables from brokers and dealers: Receivables from brokers and dealers are stated at net realizable value. Certain trail commissions are estimated based on historical revenue information. As of December 31, 2018, no allowance for uncollectible accounts was considered necessary.

Marketable securities: In accordance with industry practices, marketable securities are presented at market value. Adjustments in market value are recognized as gains or losses and are reflected in the statement of income for the period in which the adjustment to the carrying value arises. Gains and losses on the sale of securities are determined using the average cost method.

Commissions: Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Income taxes: The Company elected to be taxed as an S-corporation on its income in accordance with Section 1362 of the Internal Revenue Code. Section 1362 provides that, in lieu of corporation income taxes, the stockholders are taxed on their respective share of the Company's taxable income. Therefore, no provision or liability for income taxes is reflected in these financial statements.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Date of Management's Review: Subsequent events were evaluated through February 22, 2019 which is the date the financial statements were available to be issued.

Note 2. Related Party Transactions

The Company is primarily dependent upon sister corporations, Nelson Investment Planning Services, Inc. (NIPS), and Nelson Financial Planning for its operations. The Company acts as a broker/dealer principally on behalf of the sister corporations, which conduct extensive marketing and sales activities. Consequently, the financial position is different than if the entities were autonomous.

NELSON IVEST BROKERAGE SERVICES, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

(Continued)

Note 3. Marketable Securities

At December 31, 2018, the Company owned marketable securities with a market value of \$114,557 and a cost of \$88,628. Information with respect to these securities follows:

Market value of marketable securities	\$ 114,557
Less: Cost of marketable securities	<u>(88,628)</u>
Unrealized gain on marketable securities	25,929
Less: Unrealized gain recognized in previous years	<u>(47,255)</u>
Current year unrealized loss	<u>\$ (21,326)</u>

Note 4. Net Capital Requirements

The Company is subject to the Uniform Net Capital requirements of the Securities and Exchange Commission under Rule 15c3-1 and is required to maintain minimum net capital of \$5,000 and a ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$96,978 which was \$68,047 in excess of its required net capital of \$28,931. The ratio of aggregate indebtedness to net capital at December 31, 2018 was 4.47 to 1.

Note 5. Liabilities Subordinated to Claims of Creditors

The Company has no liabilities subordinated to claims of creditors. The Company operates pursuant to the (k)(2)(i) exemptive provision of SEC Rule 15c3-3 and is therefore exempt from the computation for determination of reserve requirements. The Company is exempt from the possession and control requirements under SEC Rule 15c3-3 in that it promptly transmits all funds and delivers all securities received in connection with its activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to, customers.

Note 6. Fair Value of Securities Owned

The Company applies GAAP for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

NELSON IVEST BROKERAGE SERVICES, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION  
(Continued)

Note 6. Fair Value of Securities Owned (continued)

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The Company's financial instruments are cash and cash equivalents, receivables from brokers and dealers, prepaid expenses, marketable securities, accounts payable and accrued expenses, and commissions payable. The recorded values of these instruments approximate their fair values based on their short-term nature.

The recorded value of marketable securities as of December 31, 2018 is presented in the following table:

	Fair Value Measurements at Reporting Date Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018	\$ 114,557	\$ 114,557	\$ -

There were no transfers between levels during 2018.

Note 7. Commitments and Contingencies

The Company does not have any commitments or contingencies.
