MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
("MIAX")

Form 1 Amendment 2019-7
Annual Filing

June 27, 2019

EXHIBIT D	Financial statements for each subsidiary or affiliate of the exchange.
EXHIBIT I	Audited financial statements of the applicant for the latest fiscal year.
EXHIBIT K	Shareholders owning 5% or more of the applicant.
EXHIBIT M	List of members of the exchange.
EXHIBIT N	Schedule of securities listed or traded pursuant to unlisted trading privileges on the exchange.

/ Exhibit D \

EXHIBIT D

Exhibit Request:

For each subsidiary or affiliate of the exchange, provide unconsolidated financial statements for the latest fiscal year. Such financial statements shall consist, at a minimum, of a balance sheet and an income statement with such footnotes and other disclosures as are necessary to avoid rendering the financial statements misleading. If any affiliate or subsidiary is required by another Commission rule to submit annual financial statements, a statement to that effect, with a citation to the other Commission rule, may be provided in lieu of the financial statements required here.

Response:

1. Unaudited unconsolidated financial statements of Miami International Holdings, Inc. as of December 31, 2018 are attached.
2. Audited unconsolidated financial statements of MIAX PEARL, LLC as of December 31, 2018 are attached.
3. Audited unconsolidated financial statements of MIAX Emerald, LLC, as of December 31, 2018 are attached.
4. Unaudited unconsolidated financial statements of Miami International Technologies, LLC as of December 31, 2018 are attached.
5. Miami International Futures Exchange, LLC and MIAX Global, LLC are not yet active and financial statements are not available for these companies.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors MIAX PEARL, LLC

We have audited the accompanying financial statements of MIAX PEARL, LLC (the “Company”), which comprise the balance sheets as of December 31, 2018 and 2017, and the related statements of operations and member’s deficit, and cash flows for the years then ended, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MIAX PEARL, LLC as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

1. ORGANIZATION AND OPERATIONS

MIAX PEARL, LLC (“PEARL” or the “Company”) was formed in the State of Delaware on February 11, 2016 and is a wholly-owned subsidiary of Miami International Holdings, Inc. (the “Parent” or “MIH”), and an affiliate of Miami International Securities Exchange, LLC (“MIAX”), Miami International Technologies, LLC (“MIAX Technologies”), Miami International Futures Exchange, LLC (“MIAX Futures”) and MIAX Global, LLC, which was formed on June 30, 2015. MIAX provides a marketplace and facilities for the trading of options products for its members and employs a pro-rata market model. Emerald, a third equity options exchange which launched on March 1, 2019 is a hybrid of the first two exchanges, with a pro-rata market model similar to that of MIAX, combined with maker-taker pricing which is offered by PEARL. MIAX Futures intends to provide a marketplace and facilities for the trading of futures products for its members, but is currently inactive. MIAX Technologies will sell or license trading technology.

On December 13, 2016, the Company received an Approval Order from The United States Securities and Exchange Commission (“SEC”) of its application for registration as a National Securities Exchange and began trading equity options on February 6, 2017.

Due to the fact that the Company has incurred a cumulative loss of approximately \$59 million from February 27, 2008 (date of inception) to December 31, 2018, substantial doubt was raised in the past about the Company’s ability to continue as a going concern. These periodic shortfalls were covered through capital raises and short-term borrowing but the Company’s continuation as a going concern was dependent on its ability to obtain this additional financing.

In an effort to address the conditions and events that gave rise to this situation, management implemented a plan that included a refinancing with its current lender which has provided a substantial cash surplus for the next 12-24 month period. This new loan agreement for \$77 million (of which approximately \$43 million was utilized to repay the outstanding debt with the same lender), is described in more detail in Note 12. To further ensure that the three exchange subsidiaries adequately fund their operations and fulfill their obligations, the parent company, MIH has executed separate funding agreements with MIAX, PEARL and Emerald which provide for seed capital and guarantee ongoing financial support.

Based on the developments outlined above which have substantially enhanced the Company’s cash position as well as the projected results for the next twelve months, management has concluded that there is sufficient liquidity to mitigate the risk that the Company can continue as a going concern. This is based on the following:

- Strong cash position which will provide a cushion in the event that actual results fall short of projections.
- Continued revenue and market share growth.
- Expansion to a business model that includes diversified revenue streams.
- Availability of additional funding from the current lender as well as an equipment financing option to build the equities exchange.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

In the event that these steps are not effective and there is a liquidity shortfall, management has other contingency plans and options that are available that would include reducing costs, raising additional capital or expanding current refinancing. There can be no assurance as to the availability or terms upon which such financing and capital might be available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

All highly liquid investments purchased with an original maturity of three months or less are considered cash equivalents.

The Company periodically maintains cash balances at financial institutions in excess of the \$250,000 Federal Deposit Insurance Corporation insurance limit. As of December 31, 2018 and 2017 cash and cash equivalents were held at major financial institutions. Cash and cash equivalents approximate fair value. It is the Company's policy to monitor the credit standing of the financial institutions with which it conducts business.

Prepaid Expenses

Prepaid expenses primarily consist of prepaid software maintenance fees and insurance which are amortized over the respective periods.

Accounts Receivable

Accounts receivable consists primarily of transaction, access and regulatory fees and the Company's share of distributable revenue receivable from the Options Price Reporting Authority ("OPRA"). Accounts receivable are primarily collected through the Options Clearing Corporation ("OCC") and are with large, highly-rated clearing firms; therefore concentrations of credit risk are limited. The Company has no financing related receivables.

Fixed Assets

Fixed assets are recorded at cost. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets ranging from three to five years. Fixed assets acquired under capital leases are depreciated over the life of the lease.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Leasehold improvements are amortized over the estimated useful lives of the improvements or the remaining terms of the leases, whichever is less. Any gain or loss on the retirement of assets is recognized currently.

Depreciable assets are only evaluated for impairment upon a significant change in the operating or macroeconomic environment. In these circumstances, if an evaluation of the undiscounted cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on discounted future cash flows. Useful lives are periodically evaluated to determine whether events or circumstances have occurred that indicate the need for revision.

Computer Software Developed or Obtained for Internal Use

The Company follows the provisions of ASC 350, Intangibles - Goodwill and Other ("ASC 350"). The Company capitalizes costs of internally developed software incurred during the application development stage, which includes design, coding, installation and testing activities. The Company amortizes these costs over the period to which benefit is provided.

Other Assets

Other assets are comprised of the cost of various trade memberships and deferred charges.

Due to Miami International Holdings, Inc.

The majority of all of the Company's expenditures to date have been funded by the Parent. The Due to MIH balance represents the combination of allocated costs for the current period as well as the liability for allocated net assets.

Management has determined that substantially all costs, other than direct financing and other financing related costs, for the build out of a marketplace and facility for the trading of equity options, are primarily attributable to the Company, MIAX and EMERALD. The Company's allocated portion of cost are included in the accompanying statements of operations and member's deficit. While equipment leasing costs are allocated to MIAX, PEARL and EMERALD, all other financing and capital raising costs are not allocated to the subsidiaries and are reflected solely in the Parent company financial statements. The Company considers changes in Due to MIH to be financing activity for purposes of the statements of cash flows.

Revenue Recognition

The Company's revenue recognition policies comply with ASC 605, Revenue Recognition ("ASC 605"). Revenue will be recognized when all of the following criteria are met: (1) persuasive evidence that an arrangement exists; (2) delivery has occurred or services have been rendered; (3) the seller's price to the buyer is fixed and determinable; and (4) collectability is reasonably assured. Revenue recognition policies for specific sources of revenue are discussed below:

Transaction Fees: Transaction fees are a function of three variables: (1) exchange fee rates; (2) overall industry trading volume; and (3) market share achieved by PEARL. Transaction fees are assessed on a per contract basis and are considered earned upon the execution of a trade and are recognized on a trade date basis. Transaction fees are recorded net of applicable volume discounts.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Rebates paid for certain customer transactions are recorded separately as a cost of revenue. In the event that member firms prepay for transaction fees, revenue is recognized as transaction fees are incurred.

Access Fees: Access fees represent fees assessed to PEARL members for their connections to the PEARL servers. These fees are recognized during the period the service is provided.

Market Data Fees: Market data revenue is comprised of distributions from PEARL's participation in OPRA and is distributed based upon each individual exchange's market share of total options contracts cleared by the OCC.

Regulatory Fees: Regulatory fees include the Options Regulatory Fee ("ORF") and Section 31 fees. ORF is based on the number of customer contracts, as reported by OCC, executed or cleared by PEARL members on all US options exchanges and is recognized on a trade date basis. Section 31 fees of \$3,030,394 are also included in regulatory fees and are charged to MIAX PEARL members. Section 31 fees are used to offset similar fees charged to PEARL by the SEC which are included in trading operations costs.

Deferred Transaction Revenue: The Company has classified amounts totaling \$432,741 representing prepaid PEARL fees (see Note 7 – Equity Rights Offering IV) as deferred revenue at December 31, 2018. Deferred revenue is amortized to income over the applicable future periods as transaction fees are earned.

Income Taxes

PEARL is a single member limited liability company and was structured as a disregarded entity for U.S. federal, state and local income tax purposes. Accordingly, no provision for income taxes is made in PEARL's financial statements.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue for Contracts with Customers (Topic 606). Upon the effective date, the ASU replaces almost all existing revenue recognition guidance, including industry specific guidance, in US GAAP. The standard provides a five-step analysis of transactions to determine when and how revenue is recognized, based upon the core principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In addition, the standard requires additional disclosures regarding the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In August 2015, the FASB subsequently issued ASU 2015-14, Revenue from Contracts with Customers - Deferral of the Effective Date that resulted in a one year deferral of ASU 2014-09 for fiscal years beginning after December 15, 2018. Early adoption is permitted for fiscal years beginning after December 15, 2016. The Company is currently evaluating the impact of the adoption of this standard on its financial statements but does not expect it to have a material impact, if any.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

In February 2016, the FASB issued ASU 2016-02, which describes the principles for the recognition, measurement, presentation and disclosure of leases for both parties of the contract (both lessees and lessors).

The new standard requires classifying leases as either finance or operating leases and will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. Regardless of the classification, a lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months. This guidance is effective for reporting periods beginning after December 15, 2019, however early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. The Company is currently evaluating the impact that ASU 2016-02 will have on its consolidated financial statements.

3. FIXED ASSETS

The Company's allocation of fixed assets is comprised of the following:

	<u>2018</u>	<u>2017</u>
Furniture and equipment	\$ 9,996,454	\$ 9,595,262
Software	<u>208,440</u>	<u>187,154</u>
	10,204,894	9,782,416
Less - accumulated depreciation and amortization	<u>8,276,225</u>	<u>4,973,942</u>
	<u>1,928,669</u>	<u>4,808,474</u>
Capitalized internally developed software in-progress	<u>308,293</u>	<u>639,573</u>
	<u>\$ 2,236,962</u>	<u>\$ 5,448,047</u>

Depreciation expense for the years ended December 31, 2018 and 2017 was \$3,581,915 and \$2,970,969, respectively. Substantially all of the assets are pledged as described in Note 6.

4. INTERNALLY DEVELOPED SOFTWARE

The Company capitalized \$3,932,280 and \$4,576,990 of development costs, net of amortization as of December 31, 2018 and 2017, respectively. Amortization expense of \$1,201,330 and \$1,008,937 were recorded in 2018 and 2017, respectively.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Future amortization of internally developed software is as follows:

Years Ending December 31,

2019	\$ 1,230,575
2020	1,230,575
2021	1,220,247
2022	221,637
2023	<u>29,245</u>
	<u>\$ 3,932,280</u>

5. COMMITMENTS AND CONTINGENCIES

Operating Leases

The Parent leases space for its Princeton, New Jersey office under various operating lease agreements. The leases are for approximately 30,761 square feet (the "Princeton Premises") and continue through May 31, 2020.

In April 2017, the Parent entered into an amendment for the lease for the Princeton Premises for an additional 18,550 square feet of office space for a term commencing on May 1, 2017 through March 31, 2026. The additional space will allow for the expansion of business activities.

In April 2017, the Parent additionally entered into a sublease for approximately 7,000 square feet used as a gym space in the same building as the Princeton Premises ("Fitness Center"). The lease term for the Fitness Center commenced on May 1, 2017 and continues through March 31, 2022.

Claims and Litigation

On September 1, 2017, Nasdaq, Inc., Nasdaq ISE, LLC and FTEN, INC, (collectively, "Nasdaq") filed an action (Civil Action No. 3:17-CV-06664) against Miami International Holdings, Inc., Miami International Securities Exchange, LLC, MIAX PEARL, LLC and Miami International Technologies, LLC (collectively, "MIH") in the U.S. District Court for the District of New Jersey. The Complaint alleges patent infringement and trade secret misappropriation relating to Nasdaq's electronic trading technology and platforms. MIH engaged outside counsel Fish & Richardson LLP and Reed Smith LLP to represent it in this action.

On December 4, 2017, MIH filed a motion to dismiss the claims against it. Nasdaq responded with an opposition to MIH's motion on January 15, 2018. MIH filed its reply in support of the motion to dismiss on January 29, 2018. The Court then set a hearing on the motion to dismiss for April 17, 2018, and also directed that the parties engage in a settlement conference at that time. Subsequently, counsel for Nasdaq filed a motion to disqualify Fish & Richardson as counsel for the Company and the motion to dismiss has been postponed until after the Court decides this issue. MIH intends to continue to defend itself vigorously in this matter.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

In September, 2018 Nasdaq's motion to disqualify Fish & Richardson as counsel for the trade secrets and claims related to 3 of the patents was granted. The Parent's appeal of this disqualification was denied in November, 2018. In March and April, 2018 the Parent filed seven petitions for Covered Business Method Review ("CMBR") before the Patent Trial and Appeal Board at the United States Patent and Trademark Office ("USPTO") Each petition seeks a determination that the subject patent is invalid under the current law. Final ruling on these petitions is expected in October and November of 2019. In the interim, Nasdaq withdrew its claims on one of the seven patents, leaving the remaining six to be evaluated by USPTO. On December, 3, 2018 the Parent motion to stay the entire litigation pending the outcome at the USPTO was granted in full.

In the normal course of its business, the Company is exposed to asserted and unasserted claims. In the opinion of management, these matters will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

Employees and Directors

The Parent has entered into employment agreements with certain employees. In addition to base salaries, the agreements provide for issuance of stock options, retention and, in part, incentive bonuses based on criteria established by the Board of Directors.

6. DEBT OBLIGATIONS

In June 2016, the Parent entered into a loan agreement with a lender to borrow \$30 million with a 5-year maturity at an interest rate that is 12.5% above LIBOR, which is set at a minimum of 1%. The initial rate of 13.5% was evaluated on a quarterly basis and adjusted for fluctuations in the LIBOR rate. In conjunction with the loan, the lender was granted a first priority lien against all of the assets of the Company. These assets include deposit accounts, documents, equipment, fixtures and improvements, general intangibles and intellectual property.

On December 31, 2018 the Parent borrowed an additional \$5 million from the lender and at the same time negotiated a postponement of the first scheduled semi-annual principal repayment of \$6 million, which was also due on that date.

The allocated debt obligations of the Company at December 31, 2018 and 2017 were \$109,758 and \$138,292 which represented the remaining balance of a financing arrangement for annual insurance premiums and are include in Current Debt.

Lease Agreements

In January 2016 the Parent entered into two additional leases with an existing vendor and leased equipments valued at \$1.5 million for a 24-month term. Both leases carry an interest rate of 15% and were accounted for as capital leases. Both leases were allocated in their entirety to the Company.

In November 2017, the Parent entered into two additional subleases with the same vendor and leased equipment valued at \$2,284,718 for a 36-month term. Both subleases carry an interest rate of 9.57% and were accounted for as capital leases. The Company was allocated \$847,771 of this equipment lease.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

In June 2018, the Parent entered into an additional sublease with the same vendor and leased equipment valued at \$2,117,897 for a 36-month term. In July 2018, the Parent entered into another sublease with the vendor and leased equipment valued at \$140,789 for a 36-month term. Both subleases carry an interest rate of 9.7% and were accounted for as capital leases. The Company was allocated \$76,878 of these equipment leases.

In April 2016, the Parent entered into an equipment lease with one of its vendors for equipment valued at \$2,356,524 for a 24-month term. The lease carries an interest rate of 12%. The Company was allocated \$1,674,263 of this equipment lease. That same month the Parent entered into another equipment lease with a leasing company for equipment valued at \$1,160,191 for a 48-month term at an interest rate of 14.74%. The Company was allocated \$877,443 of this equipment lease. Both leases were accounted for as capital leases.

Allocated obligations under all capital leases at December 31, 2018 and 2017 were \$919,630 and \$1,789,569, respectively. The accumulated amortization for all capital leases at December 31, 2018 and 2017 were \$4,128,237 and \$2,452,265, respectively.

Future minimum lease payments under these obligations at December 31, 2018 are:

Years Ending December 31,

2019	\$	599,121
2020		393,742
2021		<u>12,578</u>
Total future payments		1,005,441
Less interest		<u>85,811</u>
Net capital lease liability	\$	<u>919,630</u>

7. EQUITY

PEARL is a single member limited liability company and has issued 100 membership units constituting 100% membership interest in the Company to MIH who is the Company's sole member. PEARL has not made any distributions for the period from February 11, 2016 (inception) through December 31, 2018.

Equity Rights Offering IV

As approved by the Board of Directors on April 24, 2018 the Parent authorized the issuance and sale of up to two (2) I-Units and up to twenty-five (25) J-Units to the members of PEARL Exchange.

On April 30, 2018 the Company entered into a fourth Equity Rights offering with 10 strategic investors to acquire 25 J-Units for a total prepaid fee of \$6,250,000.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Each J-Unit consists of common stock purchase warrants to purchase 416,344 shares of common stock of the Company and requires a prepaid fee of \$250,000, similar to that of MIAX ERP II. The term of the transaction is the 32-month period commencing May 1, 2018 and ending December 31, 2020. The basic terms of the fourth offering are similar to the first two offerings with the respect to warrant vesting features and exercise periods.

For the year ended December 31, 2018, the Parent recognized warrant expense of \$4,972,146, representing the fair market value associated with vested warrants due to the Offering Participants meeting their performance criteria in the fourth Equity Rights offering. This expense was allocated in its entirety to the Company and is included in financing related costs in the statement of operations. Additionally, the Company amortized \$5,817,259 of the prepaid transaction fees to income during the year ended December 31, 2018 leaving an unamortized balance of \$432,741.

8. EMPLOYEE BENEFIT PLAN

The Parent sponsors a voluntary defined contribution 401(k) plan, which covers substantially all of the Company's employees. Neither the Parent nor the Company contributed to the 401(k) plan in 2018 or 2017.

9. DIRECTORS FEES

In September 2016, the Board of Directors of the Company approved the compensation amounts to be paid to Independent Directors and Committee Members of the Company for the period beginning May 1, 2016 until such time as the Board determines it is in the best interests of the Company to adopt new compensation terms (the "Director & Committee Fee Compensation"). Independent Directors and Committee Members of the Company are compensated as follows:

Independent Directors and Committee Members of PEARL who also serve in the same capacity for another MIH Self-Regulatory Organization ("SRO") subsidiary each shall receive a rate of one-half of such compensation paid by the Company SRO subsidiary for the year, pro rata. Independent Directors serving in a sole capacity for PEARL, each receive \$50,000 for the year, pro rata. Committee Members each receive varying amounts, pro rata, depending on which committee(s) such Committee Member is appointed. The Director & Committee Fee Compensation is payable pursuant to the following two options: (i) a maximum of 50% cash payable quarterly and the balance in stock options to purchase Nonvoting Common Stock of the Company under the 2013 Stock Option and Incentive Plan for Non-Employee Directors, Committee Members and Members of the Board of Advisors (the "2013 Stock Option and Incentive Plan"), valued at the grant date, generally vesting quarterly and having a term of 10 years; or (ii) taking 100% of the Director & Committee Fee Compensation in Nonvoting Common Stock options under the 2013 Stock Option and Incentive Plan, valued at the grant date and generally vesting quarterly.

The number of options to be granted to Independent Directors is based the Director & Committee Fee Compensation divided by the value of each option under a theoretical valuation, and the exercise price applicable to each option is the fair market value ("FMV") at the time of the grant.

MIAX PEARL, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Additionally, an Independent Director (not a Committee Member) serving in a sole capacity for the Company receives \$20,000 in value of Nonvoting Common Stock options and an Independent Director (not a Committee Member) who also serves in the same capacity for another Company SRO subsidiary shall receive \$10,000 in value of Nonvoting Common Stock option paid by the Company SRO subsidiary under the 2013 Stock Option and Incentive Plan annually, commencing in the calendar year following his/her first year of board service, vesting quarterly and having a term of 10 years. The same theoretical valuation discussed above would be used to determine how many options would be granted to the Independent Director annually.

Additionally, a new Independent Director only (not a Committee Member) serving in a sole capacity for the Company, upon first appointment to the Board of Directors or the board of a subsidiary of the Company, will receive a grant of 50,000 Nonvoting Common Stock options under 2013 Stock Option and Incentive Plan that will fully vest after 9 months of service as a director to the Company with the exercise price being FMV on the grant date and having a term of 10 years.

10. SUBSEQUENT EVENTS

The Company has evaluated the possibility of subsequent events existing in the Company's financial statements through June 26, 2019, the date the financial statements were available to be issued. The Company has determined that there are no material events that would require disclosure in the Company's financial statements other than those listed below and elsewhere in these financial statement.

Debt Issuances

Since January 1, 2019, the Parent has received long-term loan proceeds of \$2,000,000, representing an additional drawdown on the loan described in Note 6. In April, 2019 the Parent refinanced the loan with the same lender for a new principal amount of \$77 million in connection with the 2019 Loan Transaction. The new loan has a 5-year term maturing on April 26, 2024 with a fixed interest rate of 13.75%.

Equity Rights Program V

Since January 1, 2019, the Parent entered into agreements providing for the issuance of warrants to purchase a total of 5,768,750 shares of Common Stock to seven firms in consideration for the prepayment of certain exchange fees to PEARL once the MIAX PEARL Equities exchange is operational and following the satisfaction of certain closing conditions including the effectiveness of SEC rule filings required in connection therewith.

Sale of NOLs

Since January 1, 2019, the Parent has received proceeds from the sale of its 2016 and 2017 New Jersey NOLs of \$2,006,887.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors MIAX Emerald, LLC

We have audited the accompanying financial statements of MIAX Emerald, LLC (the “Company”), which comprise the balance sheet as of December 31, 2018 and the related statements of operations and member’s deficit, and cash flows for the period from January 30, 2018 (inception) to December 31, 2018, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MIAX Emerald, LLC as of December 31, 2018, and the results of its operations and its cash flows for the period from January 30, 2018 (inception) to December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

1. ORGANIZATION AND OPERATIONS

MIAX Emerald, LLC (“Emerald” or the “Company”) a third options exchange with a hybrid market model was formed in the State of Delaware on January 30, 2018 and is a wholly-owned subsidiary of Miami International Holdings, Inc. (the “Parent” or “MIH”), and an affiliate of Miami International Securities Exchange, LLC (“MIAX”), MIAX PEARL, LLC (“PEARL”), Miami International Technologies, LLC (“MIAX Technologies”), Miami International Futures Exchange, LLC (“MIAX Futures”) (collectively “MIH” or the “Company”) and MIAX Global, LLC, which was formed on June 30, 2015. MIAX provides a marketplace and facilities for the trading of options products for its members and employs a pro-rata market model. PEARL, a second equity options exchange which launched on February 6, 2017 was formed to provide a marketplace for a different market model, the price-time priority model. MIAX Futures intends to provide a marketplace and facilities for the trading of futures products for its members, but is currently inactive. MIAX Technologies will sell or license trading technology. MIAX Global focuses on merger, acquisition and joint venture activities of MIH.

Due to the fact that the Company has incurred a cumulative loss of approximately \$13 million from January 30, 2018 (date of inception) to December 31, 2018, substantial doubt was raised in the past about the Company’s ability to continue as a going concern. These periodic shortfalls were covered through capital raises and short-term borrowing but the Company’s continuation as a going concern was dependent on its ability to obtain this additional financing.

In an effort to address the conditions and events that gave rise to this situation, management implemented a plan that included a refinancing with its current lender which has provided a substantial cash surplus for the next 12-24 month period. This new loan agreement for \$77 million (of which approximately \$43 million was utilized to repay the outstanding debt with the same lender), is described in more detail in Note 12. To further ensure that the three exchange subsidiaries adequately fund their operations and fulfill their obligations, the parent company, MIH has executed separate funding agreements with MIAX, PEARL and Emerald which provide for seed capital and guarantee ongoing financial support.

Based on the developments outlined above which have substantially enhanced the Company’s cash position as well as the projected results for the next twelve months, management has concluded that there is sufficient liquidity to mitigate the risk that the Company can continue as a going concern. This is based on the following:

- Strong cash position which will provide a cushion in the event that actual results fall short of projections.
- Continued revenue and market share growth.
- Expansion to a business model that includes diversified revenue streams.
- Availability of additional funding from the current lender as well as an equipment financing option to build the equities exchange.

In the event that these steps are not effective and there is a liquidity shortfall, management has other contingency plans and options that are available that would include reducing costs, raising additional capital or expanding current refinancing. There can be no assurance as to the availability or terms upon which such financing and capital might be available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

All highly liquid investments purchased with an original maturity of three months or less are considered cash equivalents.

The Company periodically maintains cash balances at financial institutions in excess of the \$250,000 Federal Deposit Insurance Corporation insurance limit. It is the Company's policy to monitor the credit standing of the financial institutions with which it conducts business.

Prepaid Expenses

Prepaid expenses primarily consist of prepaid software maintenance fees.

Fixed Assets

Fixed assets are recorded at cost. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets ranging from three to five years. Fixed assets acquired under capital leases are depreciated over the life of the lease. Leasehold improvements are amortized over the estimated useful lives of the improvements or the remaining terms of the leases, whichever is less. Any gain or loss on the retirement of assets is recognized currently.

Depreciable assets are only evaluated for impairment upon a significant change in the operating or macroeconomic environment. In these circumstances, if an evaluation of the undiscounted cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on discounted future cash flows. Useful lives are periodically evaluated to determine whether events or circumstances have occurred that indicate the need for revision.

Computer Software Developed or Obtained for Internal Use

The Company follows the provisions of ASC 350, Intangibles - Goodwill and Other ("ASC 350"). The Company capitalizes costs of internally developed software incurred during the application development stage, which includes design, coding, installation and testing activities. The Company amortizes these costs over the period to which benefit is provided.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

Other Assets

Other assets primarily consist of long-term membership and participation fees paid to industry associations.

Due to Miami International Holdings, Inc.

All of the Company's expenditures to date have been funded by the Parent. The Due to MIH balance represents the combination of allocated costs for the current period as well as the liability for allocated net assets.

Management has determined that substantially all costs, other than direct financing and other financing related costs, for the build out of a marketplace and facility for the trading of equity options, are primarily attributable to the Company, MIAX and PEARL. The Company's allocated portion of cost are included in the accompanying statement of operations and member's deficits. While equipment leasing costs are allocated to MIAX, PEARL and Emerald, all other financing and capital raising costs are not allocated to the subsidiaries and are reflected solely in the Parent company financial statements. The Company considers changes to Due to MIH to be financing activity for purposes of the Statement of Cash Flows.

Income Taxes

Emerald is a single member limited liability company and was structured as a disregarded entity for U.S. federal, state and local income tax purposes. Accordingly, no provision for income taxes is made in Emerald's financial statements.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue for Contracts with Customers (Topic 606). Upon the effective date, the ASU replaces almost all existing revenue recognition guidance, including industry specific guidance, in US GAAP. The standard provides a five-step analysis of transactions to determine when and how revenue is recognized, based upon the core principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In addition, the standard requires additional disclosures regarding the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In August 2015, the FASB subsequently issued ASU 2015-14, Revenue from Contracts with Customers - Deferral of the Effective Date that resulted in a one year deferral of ASU 2014-09 for fiscal years beginning after December 15, 2018. Early adoption is permitted for fiscal years beginning after December 15, 2016. The Company is currently evaluating the impact of the adoption of this standard on its financial statements but does not expect it to have a material impact, if any.

In February 2016, the FASB issued ASU 2016-02, which describes the principles for the recognition, measurement, presentation and disclosure of leases for both parties of the contract (both lessees and lessors). The new standard requires classifying leases as either finance or operating leases and will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. Regardless of the classification, a lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

This guidance is effective for reporting periods beginning after December 15, 2019, however early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. The Company is currently evaluating the impact that ASU 2016-02 will have on its consolidated financial statements.

3. FIXED ASSETS

The Company's allocation of fixed assets is comprised of the following as of December 31, 2018:

	<u>2018</u>
Furniture and equipment	\$ 3,435,163
Purchased software	<u>136,506</u>
	3,571,669
Less - accumulated depreciation and amortization	616,785
Capitalized internally developed software in-progress	<u>2,505,624</u>
	<u>\$ 5,460,508</u>

4. COMMITMENTS AND CONTINGENCIES

Operating Leases

The Parent leases space for its Princeton, New Jersey office under various operating lease agreements. The leases are for approximately 30,761 square feet (the "Princeton Premises") and continue through May 31, 2020.

In April 2017, the Parent entered into an amendment for the lease for the Princeton Premises for an additional 18,550 square feet of office space for a term commencing on May 1, 2017 through March 31, 2026. The additional space will allow for the expansion of business activities.

In April 2017, the Parent additionally entered into a sublease for approximately 7,000 square feet used as a gym space in the same building as the Princeton Premises ("Fitness Center"). The lease term for the Fitness Center commenced on May 1, 2017 and continues through March 31, 2022.

Claims and Litigation

On September 1, 2017, Nasdaq, Inc., Nasdaq ISE, LLC and FTEN, INC, (collectively, "Nasdaq") filed an action (Civil Action No. 3:17-CV-06664) against Miami International Holdings, Inc., Miami International Securities Exchange, LLC, MIAX PEARL, LLC and Miami International Technologies, LLC (collectively, "MIH") in the U.S. District Court for the District of New Jersey.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

The Complaint alleges patent infringement and trade secret misappropriation relating to Nasdaq's electronic trading technology and platforms. MIH engaged outside counsel Fish & Richardson LLP and Reed Smith LLP to represent it in this action.

On December 4, 2017, MIH filed a motion to dismiss the claims against it. Nasdaq responded with an opposition to MIH's motion on January 15, 2018. MIH filed its reply in support of the motion to dismiss on January 29, 2018. The Court then set a hearing on the motion to dismiss for April 17, 2018, and also directed that the parties engage in a settlement conference at that time. Subsequently, counsel for Nasdaq filed a motion to disqualify Fish & Richardson as counsel for the Company and the motion to dismiss has been postponed until after the Court decides this issue. MIH intends to continue to defend itself vigorously in this matter. In September, 2018 Nasdaq's motion to disqualify Fish & Richardson as counsel for the trade secrets and claims related to 3 of the patents was granted. The Parent's appeal of this disqualification was denied in November, 2018. In March and April, 2018 the Parent filed seven petitions for Covered Business Method Review ("CBMR") before the Patent Trial and Appeal Board at the United States Patent and Trademark Office ("USPTO") Each petition seeks a determination that the subject patent is invalid under the current law. Final ruling on these petitions is expected in October and November of 2019. In the interim, Nasdaq withdrew its claims on one of the seven patents, leaving the remaining six to be evaluated by USPTO. On December, 3, 2018 the Parent motion to stay the entire litigation pending the outcome at the USPTO was granted in full.

In the normal course of its business, the Company is exposed to asserted and unasserted claims. In the opinion of management, these matters will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

Employees and Directors

The Parent has entered into employment agreements with certain employees. In addition to base salaries, the agreements provide for issuance of stock options, retention and, in part, incentive bonuses based on criteria established by the Board of Directors.

5. DEBT AND CAPITAL LEASE OBLIGATIONS

In June 2016, the Parent entered into a loan agreement with a lender to borrow \$30 million with a 5-year maturity at an interest rate that is 12.5% above LIBOR, which is set at a minimum of 1%. The initial rate of 13.5% was evaluated on a quarterly basis and adjusted for fluctuations in the LIBOR rate. In conjunction with the loan, the lender was granted a first priority lien against all of the assets of the Company. These assets include deposit accounts, documents, equipment, fixtures and improvements, general intangibles and intellectual property.

On December 31, 2018 the Parent borrowed an additional \$5 million from the lender and at the same time negotiated a postponement of the first scheduled semi-annual principal repayment of \$6 million, which was also due on that date.

The allocated debt obligations of the Company at December 31, 2018 was \$94,477 which represented the remaining balance of a financing arrangement for annual insurance premiums.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

In June 2018, the Parent entered into a sublease with an existing vendor and leased equipment valued at \$2,117,897 for a 36-month term. In July 2018, the Parent entered into another sublease with the vendor and leased equipment valued at \$140,789 for a 36-month term. Both subleases carry an interest rate of 9.7% and were accounted for as capital leases. The Company was allocated \$2,104,930 of these equipment leases.

Obligations under all capital leases at December 31, 2018 was \$1,745,250. The accumulated amortization for all capital leases at December 31, 2018 was \$405,647.

Future minimum lease payments under these obligations at December 31, 2018 are:

Years Ending December 31,

2019	\$ 816,377
2020	816,377
2021	<u>344,397</u>
Total future payments	1,977,151
Less interest	<u>231,901</u>
Net capital lease liability	<u>\$ 1,745,250</u>

6. EQUITY

Emerald is a single member limited liability company and has issued 100 membership units constituting 100% membership interest in the Company to MIH who is the Company's sole member. Emerald has not made any distributions for the period from January 30, 2018 (inception) through December 31, 2018.

7. EMPLOYEE BENEFIT PLAN

The Parent sponsors a voluntary defined contribution 401(k) plan, which covers substantially all of the Company's employees. Neither the Parent nor the Company contributed to the 401(k) plan.

8. DIRECTORS FEES

Directors Fees

The Board of Directors of the Company approved the compensation amounts to be paid to Independent Directors and Committee Members of the Company for the period beginning July 1, 2018 until such time as the Board determines it is in the best interests of the Company to adopt new compensation terms (the "Director & Committee Fee Compensation"). Independent Directors and Committee Members of the Company are compensated as follows:

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

Independent Directors and Committee Members of Emerald who also serve in the same capacity for another MIH Self-Regulatory Organization (“SRO”) subsidiary each shall receive a rate of one-half of such compensation paid by the Company SRO subsidiary for the year, pro rata. Independent Directors serving in a sole capacity for Emerald, each receive \$50,000 for the year, pro rata. Committee Members each receive varying amounts, pro rata, depending on which committee(s) such Committee Member is appointed. The Director & Committee Fee Compensation is payable pursuant to the following two options: (i) a maximum of 50% cash payable quarterly and the balance in stock options to purchase Nonvoting Common Stock of the Company under the 2013 Stock Option and Incentive Plan for Non-Employee Directors, Committee Members and Members of the Board of Advisors (the “2013 Stock Option and Incentive Plan”), valued at the grant date, generally vesting quarterly and having a term of 10 years; or (ii) taking 100% of the Director & Committee Fee Compensation in Nonvoting Common Stock options under the 2013 Stock Option and Incentive Plan, valued at the grant date and generally vesting quarterly.

The number of options to be granted to Independent Directors is based the Director & Committee Fee Compensation divided by the value of each option under a theoretical valuation, and the exercise price applicable to each option is the fair market value (“FMV”) at the time of the grant.

Additionally, an Independent Director (not a Committee Member) serving in a sole capacity for the Company receives \$20,000 in value of Nonvoting Common Stock options and an Independent Director (not a Committee Member) who also serves in the same capacity for another Company SRO subsidiary shall receive \$10,000 in value of Nonvoting Common Stock option paid by the Company SRO subsidiary under the 2013 Stock Option and Incentive Plan annually, commencing in the calendar year following his/her first year of board service, vesting quarterly and having a term of 10 years. The same theoretical valuation discussed above would be used to determine how many options would be granted to the Independent Director annually.

Additionally, a new Independent Director only (not a Committee Member) serving in a sole capacity for the Company, upon first appointment to the Board of Directors or the board of a subsidiary of the Company, will receive a grant of 50,000 Nonvoting Common Stock options under 2013 Stock Option and Incentive Plan that will fully vest after 9 months of service as a director to the Company with the exercise price being FMV on the grant date and having a term of 10 years.

9. SUBSEQUENT EVENTS

The Company has evaluated the possibility of subsequent events existing in the Company’s financial statements through June 26, 2019, the date the financial statements were available to be issued. The Company has determined that there are no material events that would require disclosure in the Company’s financial statements other than those listed below and elsewhere in these financial statement footnotes.

Emerald Launch

MIAX Emerald, a third options exchange wholly owned by MIH commenced operations on March 1, 2019. Emerald is a hybrid of the two existing exchanges combining a pro-rata market model with maker-taker pricing.

MIAX Emerald, LLC
Notes to Financial Statements
December 31, 2018

Cash Funding

During January 2019, the Company received \$5 million in funding from the Parent.

Debt Issuances

Since January 1, 2019, the Parent has received long-term loan proceeds of \$2,000,000, representing an additional drawdown on the loan described in Note 6. In April, 2019 the Parent refinanced the loan with the same lender for a new principal amount of \$77 million in connection with the 2019 Loan Transaction. The new loan has a 5-year term maturing on April 26, 2024 with a fixed interest rate of 13.75%.

Sale of NOLs

Since January 1, 2019, the Parent has received proceeds from the sale of its 2016 and 2017 New Jersey NOLs of \$2,006,887.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors

Miami International Securities Exchange, LLC

We have audited the accompanying financial statements of Miami International Securities Exchange, LLC (the “Company”), which comprise the balance sheets as of December 31, 2018 and 2017, and the related statements of operations and member’s deficit, and cash flows for the years then ended, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Miami International Securities Exchange, LLC as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2018 and 2017

1. ORGANIZATION AND OPERATIONS

Miami International Securities Exchange, LLC (“MIAX” or the “Company”) was formed in the State of Delaware on September 10, 2007 and is a wholly-owned subsidiary of Miami International Holdings, Inc. (the “Parent” or “MIH”), and an affiliate of MIAX PEARL, LLC (“PEARL”), Miami International Technologies, LLC (“MIAX Technologies”), Miami International Futures Exchange, LLC (“MIAX Futures”) and MIAX Global, LLC, which was formed on June 30, 2015. PEARL, a second equity options exchange which launched on February 6, 2017 was formed to provide a marketplace for a different market model, the price-time priority model. Emerald, a third equity options exchange which launched on March 1, 2019 is a hybrid of the Company and PEARL exchanges, with a pro-rata market model similar to that of the Company, combined with maker-taker pricing which is offered by PEARL. MIAX Futures intends to provide a marketplace and facilities for the trading of futures products for its members, but is currently inactive. MIAX Technologies will sell or license trading technology. MIAX Global focuses on merger, acquisition and joint venture activities of MIH.

In November 2012, the Company completed the development of its trading systems in anticipation of an early December launch. On December 3, 2012, MIAX received an Approval Order from The United States Securities and Exchange Commission (“SEC”) of its application for registration as a National Securities Exchange and began trading equity options on December 7, 2012.

In December 2011, the Board of Directors approved the amendment by the Parent of its Restated Certificate of Incorporation to place certain ownership and voting limitations on the holders of capital stock of the Parent as required by the SEC in connection with the approval of MIAX as a registered national securities exchange pursuant to Section 6(a) of the Securities and Exchange Act of 1934 (the “Exchange Act”) (the limitations collectively referred to herein as the “Share Restrictions”), which Share Restrictions apply commencing on December 3, 2012 (the “Registration Date”) that MIAX is registered as a national securities exchange pursuant to Section 6(a) of the Exchange Act (the “Amendment”). The Amendment became effective upon approval of the same by the shareholders of the Parent on August 31, 2012.

In December 2011, the Parent’s Board of Directors also approved the Amended and Restated Bylaws of the Parent containing provisions required in connection with the registration of MIAX as a national securities exchange, which Amended and Restated Bylaws became effective on the August 31, 2012.

Due to the fact that the Company has incurred a cumulative loss of approximately \$227 million from February 27, 2008 (date of inception) to December 31, 2018, substantial doubt was raised in the past about the Company’s ability to continue as a going concern. These periodic shortfalls were covered through capital raises and short-term borrowing but the Company’s continuation as a going concern was dependent on its ability to obtain this additional financing.

In an effort to address the conditions and events that gave rise to this situation, management implemented a plan that included a refinancing with its current lender which has provided a substantial cash surplus for the next 12-24 month period. This new loan agreement for \$77 million (of which approximately \$43 million was utilized to repay the outstanding debt with the same lender), is described in more detail in Note 12. To further ensure that the three exchange subsidiaries adequately fund their operations and fulfill their obligations, the parent company, MIH has executed separate funding agreements with MIAX, PEARL and Emerald which provide for seed capital and guarantee ongoing financial support.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Based on the developments outlined above which have substantially enhanced the Company's cash position as well as the projected results for the next twelve months, management has concluded that there is sufficient liquidity to mitigate the risk that the Company can continue as a going concern. This is based on the following:

- Strong cash position which will provide a cushion in the event that actual results fall short of projections.
- Continued revenue and market share growth.
- Expansion to a business model that includes diversified revenue streams.
- Availability of additional funding from the current lender as well as an equipment financing option to build the equities exchange.

In the event that these steps are not effective and there is a liquidity shortfall, management has other contingency plans and options that are available that would include reducing costs, raising additional capital or expanding current refinancing. There can be no assurance as to the availability or terms upon which such financing and capital might be available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

All highly liquid investments purchased with an original maturity of three months or less are considered cash equivalents.

The Company periodically maintains cash balances at financial institutions in excess of the \$250,000 Federal Deposit Insurance Corporation insurance limit. As of December 31, 2018 and 2017, cash and cash equivalents were held at major financial institutions. Cash and cash equivalents approximate fair value. It is the Company's policy to monitor the credit standing of the financial institutions with which it conducts business.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Prepaid Expenses

Prepaid expenses primarily consist of prepaid software maintenance fees and insurance which are amortized over the respective periods.

Accounts Receivable

Accounts receivable consists primarily of transaction, access and regulatory fees and the Company's share of distributable revenue receivable from the Options Price Reporting Authority ("OPRA"). Accounts receivable are primarily collected through the Options Clearing Corporation ("OCC") and are with large, highly-rated clearing firms; therefore concentrations of credit risk are limited. The Company has no financing related receivables.

Fixed Assets

Fixed assets are recorded at cost. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets ranging from three to five years. Fixed assets acquired under capital leases are depreciated over the life of the lease. Leasehold improvements are amortized over the estimated useful lives of the improvements or the remaining terms of the leases, whichever is less. Any gain or loss on the retirement of assets is recognized currently.

Depreciable assets are only evaluated for impairment upon a significant change in the operating or macroeconomic environment. In these circumstances, if an evaluation of the undiscounted cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on discounted future cash flows. Useful lives are periodically evaluated to determine whether events or circumstances have occurred that indicate the need for revision.

Computer Software Developed or Obtained for Internal Use

The Company follows the provisions of ASC 350, Intangibles - Goodwill and Other ("ASC 350"). The Company capitalizes costs of internally developed software incurred during the application development stage, which includes design, coding, installation and testing activities. The Company amortizes these costs over the period to which benefit is provided.

Other Assets

Other assets are comprised of the cost of various trade memberships and deferred charges.

Due to Miami International Holdings, Inc.

The majority of all Company expenditures to date have been funded by the Parent. The Due to MIH balance represents the combination of allocated costs from current and prior years as well as the liability for allocated net assets.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2018 and 2017

Management has determined that substantially all costs, other than direct financing and other financing related costs, for the build out of a marketplace and facility for the trading of equity options, are primarily attributable to the Company, PEARL and EMERALD. The Company's allocated portion of costs is included in the accompanying statements of operations and member's deficit. While equipment leasing costs are allocated to MIAX, PEARL and EMERALD all other financing and capital raising costs are not allocated to the subsidiaries and are reflected solely in the Parent company financial statements. The Company considers changes in Due to MIH to be financing activity for purposes of the statements of cash flows.

Marketing Fees

The Company facilitates the collection of marketing fees charged to market makers on certain customer trades executed at MIAX. These funds are accumulated in pools that are disbursed by the Company to order flow providers in accordance with instructions received from the market makers who are responsible for the pools. Pursuant to ASC 605-45, Revenue Recognition - Principal Agent Considerations, the Company reflects the assessments and payments on a net basis, with no impact on revenues or expenses. As of December 31, 2017 and 2016, amounts assessed by the Company on behalf of others are included in current assets and payments due to others included in current liabilities.

Revenue Recognition

The Company's revenue recognition policies comply with ASC 605, Revenue Recognition ("ASC 605"). Revenue will be recognized when all of the following criteria are met: (1) persuasive evidence that an arrangement exists; (2) delivery has occurred or services have been rendered; (3) the seller's price to the buyer is fixed and determinable; and (4) collectability is reasonably assured. Revenue recognition policies for specific sources of revenue are discussed below:

Transaction Fees: Transaction fees are a function of three variables: (1) exchange fee rates; (2) overall industry trading volume; and (3) market share achieved by MIAX. Transaction fees are assessed on a per contract basis and are considered earned upon the execution of a trade and are recognized on a trade date basis. Transaction fees are recorded net of applicable volume discounts.

Rebates paid for certain customer transactions are recorded separately as a cost of revenue. In the event that member firms prepay for transaction fees, revenue is recognized as transaction fees are incurred.

Access Fees: Access fees represent fees assessed to MIAX members for the opportunity to trade and use other related functions of MIAX, including trading permits and connectivity. Access fees are recognized during the period the service is provided.

Market Data Fees: Market data revenue includes distributions from MIAX's participation in OPRA and is distributed based upon each individual exchange's market share of total options contracts cleared by the OCC. Market data revenue also includes MIAX's market data revenue earned from the sale of MIAX's Top of the Market ("TOM") data. Market data revenue is recognized in the period the data is provided.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2018 and 2017

Regulatory Fees: Regulatory fees include the Options Regulatory Fee (“ORF”) and Section 31 fees. ORF is based on the number of customer contracts, as reported by OCC, executed or cleared by MIAX members on all US options exchanges and is recognized on a trade date basis. Section 31 fees of \$3,612,996 are also included in regulatory fees and are charged to MIAX members. Section 31 fees are used to offset similar fees charged to MIAX by the SEC which are included in trading operations costs.

Deferred Transaction Revenue: The Company has classified amounts totaling \$1,072,938 representing prepaid MIAX fees (see Note 7 – Equity Rights Offering III) as deferred revenue at December 31, 2017. Deferred revenue is amortized to income over the applicable future periods as transaction fees are earned.

Income Taxes

MIAX is a single member limited liability company and was structured as a disregarded entity for U.S. federal, state and local income tax purposes. Accordingly, no provision for income taxes is made in MIAX’s financial statements.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, Revenue for Contracts with Customers (Topic 606). Upon the effective date, the ASU replaces almost all existing revenue recognition guidance, including industry specific guidance, in US GAAP. The standard provides a five-step analysis of transactions to determine when and how revenue is recognized, based upon the core principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In addition, the standard requires additional disclosures regarding the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In August 2015, the FASB subsequently issued ASU 2015-14, Revenue from Contracts with Customers - Deferral of the Effective Date that resulted in a one year deferral of ASU 2014-09 for fiscal years beginning after December 15, 2018.

Early adoption is permitted for fiscal years beginning after December 15, 2016. The Company is currently evaluating the impact of the adoption of this standard on its financial statements but does not expect it to have a material impact, if any.

In February 2016, the FASB issued ASU 2016-02, which describes the principles for the recognition, measurement, presentation and disclosure of leases for both parties of the contract (both lessees and lessors). The new standard requires classifying leases as either finance or operating leases and will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. Regardless of the classification, a lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months. This guidance is effective for reporting periods beginning after December 15, 2019, however early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. The Company is currently evaluating the impact that ASU 2016-02 will have on its consolidated financial statements.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

3. FIXED ASSETS

The Company's allocation of fixed assets is comprised of the following:

	<u>2018</u>	<u>2017</u>
Furniture and equipment	\$ 30,192,333	\$ 29,799,536
Software	<u>1,349,834</u>	<u>1,320,152</u>
	31,542,167	31,119,688
Less - accumulated depreciation and amortization	<u>29,595,754</u>	<u>27,074,535</u>
	<u>1,946,413</u>	<u>4,045,153</u>
Capitalized internally developed software in-progress	<u>1,949,416</u>	<u>1,819,711</u>
	<u>\$ 3,895,829</u>	<u>\$ 5,864,864</u>

Depreciation expense for the years ended December 31, 2018 and 2017 was \$2,521,218 and \$2,412,228, respectively. Substantially all of the assets are pledged as described in Note 6.

4. INTERNALLY DEVELOPED SOFTWARE

The Company capitalized \$8,673,639 and \$9,554,881 of development costs, net of amortization as of December 31, 2018 and 2017, respectively. Amortization expense of \$3,658,288 and \$4,973,940 was recorded in 2018 and 2017, respectively.

Future amortization of internally developed software is as follows:

Years Ending December 31,

2019	\$ 3,264,210
2020	2,540,265
2021	1,894,941
2022	787,668
2023	<u>186,555</u>
	<u>\$ 8,673,639</u>

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

5. COMMITMENTS AND CONTINGENCIES

Operating Leases

The Parent leases space for its Princeton, New Jersey office under various operating lease agreements. The leases are for approximately 30,761 square feet (the "Princeton Premises"), originally expiring in May 31, 2020.

In April 2017, the Parent entered into an amendment for the lease for the Princeton Premises for an additional 18,550 square feet of office space for a term commencing on May 1, 2017 through March 31, 2026. The additional space will allow for the expansion of business activities.

In April 2017, the Parent additionally entered into a sublease for approximately 7,000 square feet used as a gym space in the same building as the Princeton Premises ("Fitness Center"). The lease term for the Fitness Center commenced on May 1, 2017 and continues through March 31, 2022

Claims and Litigation

On September 1, 2017, Nasdaq, Inc., Nasdaq ISE, LLC and FTEN, INC, (collectively, "Nasdaq") filed an action (Civil Action No. 3:17-CV-06664) against Miami International Holdings, Inc., Miami International Securities Exchange, LLC, MIAX PEARL, LLC and Miami International Technologies, LLC (collectively, "MIH") in the U.S. District Court for the District of New Jersey. The Complaint alleges patent infringement and trade secret misappropriation relating to Nasdaq's electronic trading technology and platforms. MIH engaged outside counsel Fish & Richardson LLP and Reed Smith LLP to represent it in this action.

On December 4, 2017, MIH filed a motion to dismiss the claims against it. Nasdaq responded with an opposition to MIH's motion on January 15, 2018. MIH filed its reply in support of the motion to dismiss on January 29, 2018. The Court then set a hearing on the motion to dismiss for April 17, 2018, and also directed that the parties engage in a settlement conference at that time. Subsequently, counsel for Nasdaq filed a motion to disqualify Fish & Richardson as counsel for the Company and the motion to dismiss has been postponed until after the Court decides this issue. MIH intends to continue to defend itself vigorously in this matter. In September, 2018 Nasdaq's motion to disqualify Fish & Richardson as counsel for the trade secrets and claims related to 3 of the patents was granted. The Parent's appeal of this disqualification was denied in November, 2018. In March and April, 2018 the Parent filed seven petitions for Covered Business Method Review ("CMBR") before the Patent Trial and Appeal Board at the United States Patent and Trademark Office ("USPTO") Each petition seeks a determination that the subject patent is invalid under the current law. Final ruling on these petitions is expected in October and November of 2019. In the interim, Nasdaq withdrew its claims on one of the seven patents, leaving the remaining six to be evaluated by USPTO. On December, 3, 2018 the Parent motion to stay the entire litigation pending the outcome at the USPTO was granted in full.

In the normal course of its business, the Company is exposed to asserted and unasserted claims. In the opinion of management, these matters will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Employees and Directors

The Parent has entered into employment agreements with certain employees. In addition to base salaries, the agreements provide for issuance of stock options, retention and, in part, incentive bonuses based on criteria established by the Board of Directors.

6. DEBT OBLIGATIONS

In June 2016, the Parent entered into a loan agreement with a lender to borrow \$30 million with a 5-year maturity at an interest rate that is 12.5% above LIBOR, which is set at a minimum of 1%. The initial rate of 13.5% was evaluated on a quarterly basis and adjusted for fluctuations in the LIBOR rate. In conjunction with the loan, the lender was granted a first priority lien against all of the assets of the Company. These assets include deposit accounts, documents, equipment, fixtures and improvements, general intangibles and intellectual property.

On December 31, 2018 the Parent borrowed an additional \$5 million from the lender and at the same time negotiated a postponement of the first scheduled semi-annual principal repayment of \$6 million, which was also due on that date.

The allocated debt obligations of the Company at December 31, 2018 and 2017 were \$130,133 and \$159,859, respectively which represented the remaining balance of a financing arrangement for annual insurance premiums and are included in Current Debt.

Lease Agreements

During 2011, MIAX entered into a Master Lease Agreement (the "Lease Agreement") with a vendor. Pursuant to the Lease Agreement, the vendor provided MIAX with an aggregate amount of \$19,328,892 in equipment financing. The interest rate under the Lease Agreement was 6.67% for a term of 48 months. In September, 2014 the Lease Agreement was amended to extend the maturity of the lease for an additional 18 months, maturing in August, 2017. The Amendment included an increase in the interest rate to 8.00% and provided the Lessor with a security interest by pledging the other assets of the Company. The Company considered subsequent measurement of the changes in the provisions of a capital lease and determined that no adjustment was required in the financial statements.

In November 2015, the Company entered into two additional subleases under the amended Master Lease agreement with the vendor and leased equipment valued at \$1,464,567 for a 23-month term and at \$206,716 for a 22-month term. Both subleases carry an interest rate of 15% and were accounted for as capital leases. In January 2016 the Parent entered into additional subleases with the same vendor for \$1.5 million of equipment at similar terms to provide two subleases.

In November 2017, the Parent entered into two additional subleases with the same vendor and leased equipment valued at \$2,284,718 for a 36-month term. Both subleases carry an interest rate of 9.57% and were accounted for as capital leases. The Company was allocated \$1,436,948 of this equipment lease.

In June 2018, the Parent entered into an additional sublease with the same vendor and leased equipment valued at \$2,117,897 for a 36-month term. In July 2018, the Parent entered into another sublease with the vendor and leased equipment valued at \$140,789 for a 36-month term.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Both subleases carry an interest rate of 9.7% and were accounted for as capital leases. The Company was allocated \$76,878 of these equipment leases.

In April 2016, the Parent entered into an equipment lease with one of its vendors for equipment valued at \$2,356,524 for a 24-month term. The lease carries an interest rate of 12%. The Company was allocated \$682,261 of this equipment lease. That same month the Company entered into another equipment lease with a leasing company for equipment valued at \$1,160,191 for a 48-month term at an interest rate of 14.74%. The Company was allocated \$282,748 of this equipment lease. Both leases were accounted for as capital leases.

Allocated obligations under all capital leases at December 31, 2018 and 2017 were \$1,123,439 and \$1,748,395, respectively. The accumulated amortization for all capital leases at December 31, 2018 and 2017 were \$22,476,378 and \$21,235,455, respectively.

Future minimum lease payments under these obligations at December 31, 2018 are:

Years Ending December 31,

2019	\$	672,459
2020		541,069
2021		<u>12,578</u>
Total future payments		1,226,106
Less interest		<u>102,667</u>
Net capital lease liability	\$	<u>1,123,439</u>

7. EQUITY

MIAX is a single member limited liability company and has issued 100 membership units constituting 100% membership interest in the Company to MIH who is the Company's sole member. MIAX has not made any distributions for the period from February 27, 2008 (inception) through December 31, 2018.

Equity Rights Offering I

As approved by the Board of Directors on September 27, 2013, the Parent authorized the issuance and sale of up to ten A-Units and up to ten B-Units to the members of the MIAX Options Exchange, with such Units having the terms set forth below ("Offering").

Each A-Unit consisted of (i) 101,695 shares (the "Shares") of common stock of the Parent, par value \$0.001 per share and a purchase price of \$5.00 per Share ("Common Stock") and (ii) common stock purchase warrants (the "A-Warrants") to purchase up to 2,182,639 shares of Common Stock.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2018 and 2017

Ten percent or 218,264 A-Warrants vested upon closing of the transaction and the remaining 1,964,375 A-Warrants vested over a 22.5 month period provided that the A-Unit Investor met the specific performance criteria set forth in the A-Warrant, which required that the A-Unit Investor trade an agreed-upon number of options contracts, subject to certain exceptions, on MIAX on a daily basis over a specified number of months.

Each B-Unit consisted of common stock purchase warrants (the “B-Warrants”) to purchase 1,713,251 shares of Common Stock. In order to receive B-Warrants, an Investor participating in the B-Unit Offering had to prepay certain MIAX Exchange Fees in the amount of \$500,000 per B-Unit as set forth on the MIAX Options Exchange Fee Schedule (“MIAX Fees”) for the 22-month period commencing October 1, 2013 and ending July 31, 2015 (the “Prepaid Fee Period”).

The 1,713,521 B-Warrants vested commencing upon closing of the transaction up to a 22.5 month period provided that the B-Unit Investor met the specific performance criteria set forth in the B-Warrant, which required that the B-Unit Investor trade an agreed-upon number of options contracts, subject to certain exceptions, on MIAX on a daily basis over a specified number of months.

The A-Warrants and B-Warrants (together, the “Warrants”) have an exercise period commencing upon vesting and expiring on the earlier of (i) August 31, 2020, or (ii) the two-year anniversary of a Qualified Public Offering (an initial public offering of Common Stock under the Securities Act, where the offering price, net of underwriting discounts and commissions, exceeds \$250,000,000), or a merger of the Company with and into an unaffiliated entity or corporation. In the event of a Qualified Public Offering, merger or other liquidating event, it will result in the immediate vesting of all unvested Warrants that remain eligible to vest with the A-Unit Investor and B-Unit Investor (“Investor(s)” or “Offering Participant(s)”).

On September 30, 2013, the Parent entered into strategic alliances with an Investor to acquire one A-Unit and five Investors to acquire eight B-Units. As a result of the two transactions, the Company issued 101,695 shares of Common Stock to the A-Unit Investor described above for \$508,475 and received \$4,000,000 for prepaid MIAX fees from the B-Unit Investors described above.

Equity Rights Offering II

On January 30, 2015, the Parent entered into a second Equity Rights offering with 7 strategic investors to acquire 18 D-Units for a total prepaid fee of \$4,500,000. These D-Units were similar in structure to the B-Units described above with a few notable exceptions. Each D-unit consisted of common stock purchase warrants to purchase 1,353,518 shares of common stock of the Parent and required a prepaid fee of \$250,000 instead of the \$500,000 that was stipulated in the B-Unit deal. The term of the transaction was for the 29-month period commencing February 1, 2015 and ending June 30, 2017.

The basic terms of the second offering were similar to those of the first offering, including the warrant vesting features and the exercise periods.

For the year ended December 31, 2017, the Parent recognized warrant expense of \$17,743,613 representing the fair market value associated with vested warrants due to the Offering Participants meeting their performance criteria in the second Equity Rights offering. This expense was allocated in its entirety to the Company and is included in financing related costs in the statement of operations and member’s deficit.

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Equity Rights Offering III

On June 30, 2017, the Parent entered into a third Equity Rights offering with 8 strategic investors to acquire 20 H-Units for a total prepaid fee of \$10,000,000. Each H-Unit consists of common stock purchase warrants to purchase 414,661 shares of common stock of the Parent and requires a prepaid fee of \$500,000, similar to that of ERP I. The term of the transaction is the 42-month period commencing July 1, 2017 and ending December 31, 2020. The basic terms of the third offering are similar to the first two offerings with the respect to warrant vesting features and exercise periods.

For the years ended December 31, 2018 and 2017, the Parent recognized warrant expense of \$4,428,017 and \$2,432,678, respectively, representing the fair market value associated with vested warrants due to the Offering Participants meeting their performance criteria in the third Equity Rights offering. These expenses were allocated in their entirety to the Company and are included in financing related costs in the statement of operations. Additionally, the Company amortized \$1,072,938 and \$8,927,062 of the prepaid transaction fees to income during the years ended December 31, 2018 and 2017, respectively.

8. EMPLOYEE BENEFIT PLAN

The Parent sponsors a voluntary defined contribution 401(k) plan, which covers substantially all of the Company's employees. Neither the Parent nor the Company Contributed to the 401(k) plan in 2018 or 2017.

9. DIRECTORS FEES

In April 2013, the Board of Directors of the Company approved the compensation amounts to be paid to Independent Directors and Committee Members of the Company for the period beginning January 1, 2013 until such time as the Board determines it is in the best interests of the Company to adopt new compensation terms (the "Director & Committee Fee Compensation"). Independent Directors and Committee Members of the Company are compensated as follows:

Independent Directors each receive \$50,000 for the year, pro rata. Committee Members each receive varying amounts, pro rata, depending on which committee(s) such Committee Member is appointed. The Director & Committee Fee Compensation is payable pursuant to the following two options: (i) a maximum of 50% cash payable quarterly and the balance in stock options to purchase Nonvoting Common Stock of the Company under the 2013 Stock Option and Incentive Plan for Non-Employee Directors, Committee Members and Members of the Board of Advisors (the "2013 Stock Option and Incentive Plan"), valued at the grant date, vesting quarterly and having a term of 10 years; or (ii) taking 100% of the Director & Committee Fee Compensation in Nonvoting Common Stock options under the 2013 Stock Option and Incentive Plan, valued at the grant date and vesting quarterly.

The number of options to be granted to Independent Directors is based the Director & Committee Fee Compensation divided by the value of each option under a theoretical valuation, and the exercise price applicable to each option is the fair market value ("FMV") at the time of the grant.

Additionally, an Independent Director (not a Committee Member) receives \$20,000 in value of Nonvoting Common Stock options under the 2013 Stock Option and Incentive Plan annually, commencing in the

MIAMI INTERNATIONAL SECURITIES EXCHANGE, LLC
Notes to Financial Statements
December 31, 2018 and 2017

calendar year following his/her first year of board service, vesting quarterly and having a term of 10 years. The same theoretical valuation discussed above would be used to determine how many options would be granted to the Independent Director annually.

Additionally, a new Independent Director only (not a Committee Member), upon first appointment to the Board of Directors or the board of a subsidiary of the Company, will receive a grant of 50,000 Nonvoting Common Stock options under 2013 Stock Option and Incentive Plan that will fully vest after 9 months of service as a director to the Company with the exercise price being FMV on the grant date and having a term of 10 years.

10. SUBSEQUENT EVENTS

The Company has evaluated the possibility of subsequent events existing in the Company's financial statements through June 26, 2019, the date the financial statements were available to be issued. The Company has determined that there are no material events that would require disclosure in the Company's financial statements other than those listed below and elsewhere in these financial statement.

Debt Issuances

Since January 1, 2019, the Parent has received long-term loan proceeds of \$2,000,000, representing an additional drawdown on the loan described in Note 6. In April, 2019 the Parent refinanced the loan with the same lender for a new principal amount of \$77 million in connection with the 2019 Loan Transaction. The new loan has a 5-year term maturing on April 26, 2024 with a fixed interest rate of 13.75%.

Sale of NOLs

Since January 1, 2019, the Parent has received proceeds from the sale of its 2016 and 2017 New Jersey NOLs of \$2,006,887.

Exhibit K

EXHIBIT K

Exhibit Request:

This Exhibit is applicable only to exchanges that have one or more owners, shareholders, or partners that are not also members of the exchange. If the exchange is a corporation, please provide a list of each shareholder that directly owns 5% or more of a class of a voting security of the applicant. If the exchange is a partnership, please provide a list of all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 5% or more of the partnership's capital. For each of the persons listed in the Exhibit K, please provide the following:

1. Full legal name;
2. Title or Status;
3. Date title or status was acquired;
4. Approximate ownership interest; and
5. Whether the person has control, a term that is defined in the instructions to this Form.

Response:

Miami International Holdings, Inc. owns 100% of Miami International Securities Exchange, LLC. Miami International Holdings, Inc. exercises "control" over the Exchange, as that term is defined in the Form 1 instructions. Miami International Securities Exchange, LLC became a wholly-owned subsidiary of Miami International Holdings, Inc. on February 1, 2008.

/ Exhibit M \

EXHIBIT M

Exhibit Request:

Provide an alphabetical list of all members, subscribers or other users, including the following information:

1. Name;
2. Date of election to membership or acceptance as a member, subscriber or other user;
3. Principal business address and telephone number;
4. If member, subscriber or other user is an individual, the name of the entity with which such individual is associated and the relationship of such individual to the entity (e.g. partner, officer, director, employee, etc.);
5. Describe the type of activities primarily engaged in by the member, subscriber, or other user (e.g. floor broker, specialist, odd lot dealer, other market maker, proprietary trader, non-broker dealer, inactive or other functions). A person shall be "primarily engaged" in an activity or function for purposes of this item when that activity or function is the one in which that person is engaged for the majority of their time. When more than one type of person at an entity engages in any of the six types of activities or functions enumerated in this item, identify each type (e.g. proprietary trader, Registered Competitive Trader and Registered Competitive Market Maker) and state the number of participants, subscribers, or other users in each; and
6. The class of membership, participation or subscription or other access.

Response:

Attached is a list of the members of the Exchange as of June 17, 2019, including the information set forth in items 1-6 above.
