1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Organization and Nature of Business

Western Strategic Advisors, L.L.C., (the Company) was organized as a Texas limited liability company, effective September 2002, resulting from a conversion from a Texas limited liability partnership. The Company is a wholly-owned subsidiary of Western Universe, L.P. (Parent), a Texas limited partnership. The Company is registered with the Securities and Exchange Commission (SEC) as a broker-dealer in securities and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC).

The Company operates under the exemptive provisions of Rule 15c3-3(k)(2)(i) of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities.

The Company's operations consist primarily in selling mutual funds and variable annuity insurance products to individuals in Texas. Insurance products are provided directly by the Company and through a related party insurance agency. The Company may also provide business merger and acquisition consulting.

(b) Management's Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The actual results could differ from these estimates.

(c) Fair Value of Financial Instruments

The Company's financial asset amounts reported in the statement of financial condition are short term in nature and approximate fair value.

WESTERN STRATEGIC ADVISORS, L.L.C.
Notes to Financial Statements
December 31, 2018

(d) Revenue Recognition

The Company enters into arrangements with pooled investment vehicles (funds) to distribute shares to investors and insurance companies to issue variable annuity contracts. The Company may receive distribution and variable annuity fees paid by the funds and insurance companies up front, over time, upon the investor's exit from the fund and annuity contracts (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities or variable annuity contracts to investors and as such this is fulfilled on the trade date or variable annuity contract funding date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares or annuity contracts at future points in time as well as the length of time the investor remains in the fund and annuity contracts, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe it can overcome this constraint until the market value of the fund and annuity contracts and the investor activities are known, which are usually monthly or quarterly. Distribution and variable annuity fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

(e) Income Taxes

The Company is included in the partnership return of its Parent for federal income tax purposes, resulting in all federal tax liabilities or benefits relating to the operations of the Company passing through to the individual partners of the Parent, therefore, there is no provision for federal income taxes. The Company is included in the combined Texas state return of its Parent.

As of December 31, 2018, open federal tax years subject to examination include the tax years December 31, 2015 to December 31, 2017.

(f) Recent Accounting Pronouncements

The Company's management has evaluated the recently issued accounting pronouncements through the date these financial statements were available to be issued and has determined the application of these pronouncements will have no material impact on the Company's financial position and results of operations.

WESTERN STRATEGIC ADVISORS, L.L.C.
Notes to Financial Statements
December 31, 2018

2. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2018, the Company had net capital of \$98,572, which was \$93,572 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0 to 1.

3. RELATED PARTY TRANSACTIONS/ECONOMIC DEPENDENCY/CONCENTRATION OF SERVICES

The Company is under the control of and economically dependent on its Parent and another related entity, Western Commerce Group, L.L.C. (WCG). WCG is also a wholly-owned subsidiary of the Parent. The Company has a concentration of services provided by WCG. The existence of that control, dependency and concentration creates operating results and financial position significantly different than if the companies were autonomous. Transactions between the Company and WCG were not consummated on terms equivalent to arms length transactions.

The Company earned \$52,686 in insurance commissions through representatives dually licensed with the Company and a related party insurance agency, of which \$1,020 is due at December 31, 2018 and is included in commissions receivable.

The Company entered into a Facilities and Services Agreement (Agreement) with WCG, effective January 1, 2016 for a one year term, automatically renewable, unless cancelled by either party. The Agreement automatically renewed through 2019. Under this Agreement, WCG allocates shared expenses incurred by WCG to the Company, including rent, office equipment and supplies, telephone, salaries and other administrative and overhead expenses. The expense allocation is based on the relative revenue of WCG and the Company, is determined annually, and reviewed quarterly. For the year ended December 31, 2018, the Company incurred and paid \$13,620 in fees related to this Agreement. In addition, the Company paid WCG \$24,800 in discretionary management fees. These amounts incurred to WCG during 2018 totaled \$38,420, or approximately 65% of the Company's expenses.

4. SUBSEQUENT EVENTS

Management has evaluated the Company's events and transactions that occurred subsequent to December 31, 2018, through February 15, 2019, the date which the financial statements were available to be issued.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
