REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Brighton 5th Partners LLC
5 Sterling Road North
Armonk, NY 10504

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Brighton 5th Partners LLC as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Brighton 5th Partners LLC as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The financial statement is the responsibility of Brighton 5th Partners LLC's management. Our responsibility is to express an opinion on Brighton 5th Partners LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Brighton 5th Partners LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

BRIGHTON 5TH PARTNERS LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

NOTE 1 – ORGANIZATION AND NATURE OF THE BUSINESS

Brighton 5th Partners LLC Capital Group LLC (the “Company”), was organized on October 15, 2015 in the state of Delaware as a limited liability company. The Company began its operations as a broker-dealer on July 12, 2016. The Company is a broker-dealer registered with the Securities and Exchange Commission (“SEC”), and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”) and the Securities Investors Protection Corp (“SIPC”). The Company provides third party investment research to clients and receives consideration for the research which may include commission income. The term of the Company shall continue in perpetuity unless sooner terminated in accordance with the provisions of its operating agreement. Since the Company is a limited liability company, the member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless a member has signed a specific guarantee.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company prepares its financial statements on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Revenue Recognition

The Company recognizes revenues when persuasive evidence of an arrangement exists, the service has been provided, the price is determinable, and collectability is reasonably assured. Securities transactions (and recognition of related income and expenses) are recorded on a trade date basis. Adoption of New Accounting Standards: On January 1, 2018, the Company adopted, the Financial Accounting Standards Board (FASB), ASU 2014-09, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in accounting principles generally accepted in the United States of America (US GAAP) and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2017. Accordingly, the Company does not expect this guidance to have a material impact on its financial or regulatory capital. The Company provides advisory services on mergers and acquisitions (M&A). Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgement is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities. At December 31, 2018, all amounts were immaterial.

BRIGHTON 5TH PARTNERS LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES- CONTINUED

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less when purchased to be cash equivalents.

Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market.

Valuation techniques that are consistent with the market income or cost approach, as specified by FASB ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumption about the assumptions that market participants would use in pricing the asset or liability.

Income Taxes

The Company is a single-member limited liability company, and by default is treated as a disregarded entity for tax purposes under the provisions of the Internal Revenue Code and the appropriate sections of Delaware State Law. Under those provisions, the Company does not pay federal or state income taxes. Therefore, all of the Company's taxable income or loss and other items of taxation will pass-through to the individual member, who is liable for any federal and state income taxes.

The Company evaluates its uncertain tax positions under the provisions of FASB ASC 740, *Income Taxes*. FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Differences between tax positions taken or expected to be taken in a tax return and the benefit recognized and measured pursuant to the interpretation are referred to as "unrecognized benefits." A liability is recognized (or amount of net operating loss carry forward or amount of tax refundable is reduced) for an unrecognized tax benefit because it represents an enterprise's potential future obligation to the taxing authority for a tax position that was not recognized as a result of applying the provisions of FASB ASC 740. As of December 31, 2017, no unrecognized tax benefits were required to be recorded.

BRIGHTON 5TH PARTNERS LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company evaluated subsequent events for recognition and disclosure through the date on which these financial statements are being issued. The Company is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE 3 - NET CAPITAL REQUIREMENTS

The Company is subject to the SEC's Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires that the Company maintain a minimum net capital of \$5,000 and that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$102,508, which exceeded required net capital by \$97,508, and a total aggregate indebtedness of \$12,898. The Company's aggregate indebtedness to net capital ratio was .1258 to 1 at December 31, 2018.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company has entered into a lease agreement dated August 12, 2016 expiring August 31, 2020 with an affiliate, under which it is charged for office rent. The expenses charged were \$37,475 for the period ended December 31, 2018. At December 31, 2018, the Company owed \$-0- to this entity. Because this is a related entity, operating results could vary significantly from those that would be obtained if this entity was autonomous. The future minimum rental payments required under this lease agreement as of December 31, 2018 are summarized below:

Year Ending December 31:	Amount
2019	43,875
2020	<u>29,250</u>
Total	<u>\$73,125</u>

BRIGHTON 5TH PARTNERS LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

NOTE 4 - RELATED PARTY TRANSACTIONS –CONTINUED

In connection with new FASB standard 842 regarding leases, which takes effect as of the first day of the fiscal year after December 15, 2018, management has evaluated the financial impact the standard will have on the Company's financial statement when adopted. As of January 1, 2019, there will be no material impact to the Company's net capital, as the right-of-use asset will be allowable to the extent of an offsetting lease liability.

NOTE 5 – CONCENTRATIONS

Financial instruments that subject the Company to credit risk consist principally of cash and cash equivalents. The Company performs certain credit evaluation procedures and does not require collateral for financial instruments subject to credit risk.

The Company maintains checking and money market accounts in a financial institution. Accounts at the bank are insured by the Federal Deposit Insurance Corporation ("FDIC"). At times, cash may be uninsured or in deposit accounts that exceed the FDIC insurance limit. The Company has not experienced any losses in the accounts. The Company believes it is not exposed to any significant risk on cash. Management periodically assesses financial condition of the bank and believes that any potential credit loss is minimal
