NOTE A - SUMMARY OF ACCOUNTING POLICIES

Organization

GRF Capital Investors, Inc. (the "Company") was incorporated in June 1989 and is registered with the U.S. Securities and Exchange Commission ("SEC") as a broker and dealer pursuant to Section 15c3-3(K)(2)(ii) of the Securities Exchange Act of 1934.

The Company has adopted a fiscal year ended December 31

Description of Business

The Company is a member of the Financial Industry Regulatory Authority (FINRA), formerly the National Association of the Securities Dealers, Inc., and the Securities Investor Protection Corporation. The Company executes transactions on a fully disclosed basis through a clearing broker.

The Company does not hold customer funds or safe keep customer securities.

The financial statements of GRF Capital Investors, Inc. have been prepared in accordance with accounting principles generally accepted in the United States and are expressed in U.S. dollars. GRF Capital Investors, Inc. fiscal year end is December 31.

Advertising

The costs of advertising are expensed either as incurred or the first time the advertising takes place.

Credit Risk

The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash or cash equivalents.

The Company does not require collateral from its customers with respect to accounts receivable but performs periodic credit evaluations of such customers' financial conditions. The Company determines any required allowance by considering a number of factors including length of time accounts receivable are past due and previous loss history. The Company provides reserves for accounts receivable when they become uncollectible any payments subsequently received on

such receivables are credited to the allowances for doubtful accounts. As of December 31, 2018 the Company has determined that no allowances for doubtful accounts is required.

Basis of Accounting

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States and are expressed in U.S. dollars. The Company's fiscal year end is December 31.

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash in bank, and temporary cash investments. Temporary cash investments are all highly liquid instruments with maturities of less than three months.

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable – Recognition of Bad Debt

Accounts Receivable are stated at the historical carrying amount net of write-off's and allowance for doubtful accounts. The Company establishes an estimated allowance for doubtful accounts received based on various factors, including revenue, historical credit loss experience, current trends, and specific customer collections issue that the Company has identified. Uncollectable accounts receivable are written off when a settlement is reached for an amount that is less than the outstanding historical balance or when the Company has determined the balance will not be collected. As of December 31, 2018 the Company determined that all accounts receivable were collectible, therefore, no allowance for doubtful accounts was required.

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Revenue Recognition

On January 1, 2018, we adopted Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which supersedes the revenue recognition requirements in Accounting Standards Codification (ASC) Topic 605, *Revenue Recognition (Topic 605)*. Results for reporting periods beginning after January 1, 2018 are presented under Topic 606. The impact of adopting the new revenue standard was not material to our financial statements and there was no adjustment to beginning retained earnings on January 1, 2018.

- identification of the performance obligations in the contract;
- determination of the transaction price;
- allocation of the transaction price to the performance obligations in the contract; and
- recognition of revenue when, or as, we satisfy a performance obligation.

Revenue from the sale of mutual funds, security transactions and other revenue are recognized on the accrual basis. The Company records its revenue as received adjusted monthly for receivables based on the Company's estimate of revenue earned from the sale of specific financial products, but not yet collected from the respective mutual fund or other financial services company. Securities transactions and all related revenue and expense are recorded in the accounts on a settlement date basis. Revenue and expenses related to securities transactions executed but not yet settled as of period end are not material to the Company's financial statements.

Revenue from the sale of mutual funds is recognized when the investment in the mutual fund is made.

Estimations

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The components of income tax (benefit) expense, on continuing operations, for the year ended December 31, respectively were as follows:

	2018
Federal	\$5,000*
State	<u>\$2,000*</u>
Total	\$7,000*

*Represents estimate for 2018 tax expense. Tax returns have not been filed for the year ended 2018 – Estimates were made with 21% Federal and 4.5% State tax rates.

Under Topic 606, revenue is recognized when control of the promised goods or services is transferred to our customers, in an amount that reflects the consideration we expect to be entitled to in exchange for those goods or services.

We determine revenue recognition through the following steps:

- identification of the contract, or contracts, with a customer;

Office Equipment and Furniture

Office equipment and furniture is depreciated using the straight-line method over its estimated useful life, which ranges from 3 to 7 years. Depreciation expense for the years ended December 31, 2018 is \$0 is reflected in the operating expenses in the accompanying statement of operations.

Depreciation is calculated using the straight-line method. Expenditures for major repairs and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are included in the accompanying statement of operations of the respective period.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Topic 606, which supersedes the revenue recognition requirement in Topic 605. We adopted Topic 606 as of January 1, 2018. See *Revenue Recognition* above for further details.

In February 2018, the FASB issued Accounting Standards Update No. 2018-02, *Income Statement-Reporting Comprehensive Income (Topic 22): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income* (ASU 2018-02), which allows companies to reclassify stranded tax effects resulting from the Tax Act, from accumulated other comprehensive income to retained earnings. The new standard is effective beginning January 1, 2019, with early adoption permitted. The tax effects are anticipated as a result of this standard.

Subsequent Events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial in the financial statements. The evaluation was performed through February 28, 2018, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE B – POSSESSION OR CONTROL REQUIREMENTS

The Company does not have any possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c-3-(k)(2)(ii) by promptly transmitting all customer funds to the clearing broker who carries the customer accounts.

NOTE C – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-3 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2018 the Company had net capital of \$17,636 which was \$12,636 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 106.37% to 1. There were no material differences in the net amount reported as Net Capital in the audited Computation of Net Capital and the broker-dealer's corresponding unaudited Part II-A of the FOCUS report required under Rule 15c3-1.

NOTE D – CONCENTRATION OF CREDIT RISK

Concentrations

For the year ended December 31, 2018 one of the Company's customer accounted for approximately 97% of revenues. As of December 31, 2018, one of the Company's customers, RBC Capital Markets, LLC., accounted for 100% of the accounts receivable balance. An adverse change in the Company's relationship with these customers could negatively affect the Company's revenues and their results of operations.

During 2018, (95%) percent of commission income was attributable to two registered representatives. Other revenue consists of monthly association fee from another investment advisory representative.

NOTE E – PROPERTY, EQUIPMENT, AND LEASEHOLD IMPROVEMENTS

Property, equipment and leasehold improvements are stated at cost less accumulated depreciation. Expenditures form maintenance and repairs are charged to expense as incurred. Depreciation is calculated on the double declining method. The following is a summary of property, equipment and leasehold improvements:

	Estimated Useful Life	
Office Equipment & Furniture	3-7 years	\$44,508
Less Accumulated Depreciation		<u>(44,508)</u>
Total		-

Depreciation expense was \$0 for the year of December 31, 2018.

NOTE F – STATEMENT OF EXEMPTION OF RESERVE REQUIREMENT

The Company is subject to the Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum Net Capital. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintains minimum Net Capital pursuant to a fixed dollar amount of 6-2/3% of the total aggregate indebtedness, as defined, whichever is greater, and does not therefor calculate its net capital requirement under the alternative reserve requirement method.

NOTE G – OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customer fail to

settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At December 31, 2018, management of the Company has not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

NOTE H – RENT

The Company's rental agreement is on a month to month basis. Monthly rental expense is \$1,973 and rent expense for the year ended December 31, 2018 was \$23,341. At this time, the company does not foresee any changes in the near future with the present lessor's rental agreement.

NOTE I – FAIR VALUE OF FINANCIAL INSTRUMENTS

Current accounting literature clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, accounting literature established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows.

- Level 1. Observable inputs such as quoted market prices in active markets;
- Level 2. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3. Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The Company had no assets or liabilities that were measured and recognized at fair value on a non-recurring basis as of December 31, 2018, and as such, had no assets or liabilities that fell into the tiers described above.

Statement Related to Uniform Net Capital Rule

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of GRF Capital Investors, Inc.

We have reviewed management's statements, included in the accompanying Exemption Letter Pursuant to SEA Rule 17a-5(d)(1)(i)(B)(2), in which (1) GRF Capital Investors, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which GRF Capital Investors, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3 (k)(2)(ii) (exemption provisions) and (2) GRF Capital Investors, Inc. stated that GRF Capital Investors, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. GRF Capital Investors, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about GRF Capital Investors, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
