AMERICAN TRUST INVESTMENT SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - American Trust Investment Services, Inc. (the "Company") was incorporated in the state of Indiana on December 23, 1968 as Peerson & Company, Inc. CCIG Acquisition Company, LLC closed on the purchase of the Company from Amtru, Inc. on May 15, 2012. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Securities transactions of the Company, including commission revenue and related expense, are recorded on a trade date basis, which is the same business day as the transaction date.

Revenue - Effective January 1, 2018, the Company adopted ASU-2014-09, which provides guidance on the recognition of revenues. In accordance with ASU 2014-09, revenues are recognized when a transaction is completed and the promised services are performed for a customer. This change was applied prospectively from January 1, 2018 and there was no impact on our previously presented results. The adoption of the new revenue standard resulted in no change to the beginning shareholder's equity.

Depreciation - Depreciation of furniture, equipment and leasehold improvements is provided for using the straight-line method over five years.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

NOTE 2 – INCOME TAXES

The Corporation is a C Corporation for income tax purposes. As of December 31, 2018, the Company had a net operating loss carryforward of approximately \$55,203.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2015.

NOTE 3 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

AMERICAN TRUST INVESTMENT SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 3 - FAIR VALUE MEASUREMENT - (Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Level 1 inputs have been applied to value \$208,064 in money market funds included in Receivable from clearing broker/dealers and Brokerage accounts combined, and \$3,435 in equity securities owned on the statement of financial condition. No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. On December 31, 2018, the Company's net capital and required net capital were \$148,462 and \$100,000 respectively. The ratio of aggregate indebtedness to net capital was 77.75%.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 5 - RELATED PARTY TRANSACTIONS

CCIG Acquisition Company, LLC ("CCIG") was the sole shareholder through December 31, 2018. As of December 31, 2018, the company had no receivables or liabilities with CCIG.

NOTE 6 - LEASE COMMITMENTS

The Company leases office space at an amount of \$1,250 per month. Minimum lease payments for the year ended December 31, 2018 was 15,000 which has been met.

NOTE 7 - CLEARING AGREEMENT WITH OFF-BALANCE-SHEET RISK

In order to facilitate securities transactions, there is a secondary clearing agreement (Tri-Party agreement) among LaSalle St. Securities, L.L.C. ("Primary Correspondent"), the Company ("Secondary Correspondent"), and National Financial Services, LLC. The new Clearing Broker/dealer (NFS) has accepted the introduction of brokerage accounts of Secondary Correspondent through Primary Correspondent and to provide to such accounts the Clearing Services provided to the other accounts introduced to NFS by Primary Correspondent pursuant to the Clearing Agreement. The Secondary Correspondent is willing to indemnify, defend, and hold harmless Primary Correspondent and NFS for losses incurred by Primary Correspondent or NFS, respectively, in connection with all accounts introduced by Secondary Correspondent to NFS through Primary Correspondent. The Secondary Correspondent is not required to have a deposit with the Primary Correspondent or NFS. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Primary Correspondent or NFS to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The Company had a prior clearing agreement which expired in July 2013. As of December 31, 2018, the Company still has a deposit of \$2,553 with the previous Clearing Broker/dealer.
