Opinion on The Financial Statements

We have audited the accompanying statement of financial condition of Scott T. Taylor, LTD (the "Company") as of December 31, 2018, and the related statement of operations, changes in member's equity and cash flows for the year then ended, December 31, 2018, and the related notes to the financial statements and supplemental information (collectively referred to as "financial statements") filed pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, and the results of its operations and its cash flows for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for the audit opinion.

Report on Supplementary Information

The supplementary information contained in the supplemental schedules required by Rule 17a-5 under the Securities Exchange Act of 1934, including the Computation of Net Capital under Rule 15c-3, Computation for Determination of Reserve Requirements and information relating to Possession or Control Requirements Under 15c3-3, statement related to material inadequacies with respect to the computation of net capital, and the Agreed Upon Procedures Report (statement related to SIPC reconciliation), if and as applicable, is presented for additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures to test the completeness and accuracy of the supplemental information presented. In forming my opinion on the supplemental information, I evaluated whether the supplemental information, in form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934 and in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Scott T. Taylor, Ltd
Notes to Financial Statements
As of and for the Year-Ended December 31, 2018

1. Nature of Activities

Scott T. Taylor, Ltd (the "Company") is a Texas limited partnership that was formed in April 2005 and is a member of FINRA. The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exceptive provisions of SEA Rule 15c3-3(k)(2)(i); Special reserve account for the benefit of customers maintained, however, the firm's business is presently limited to mutual fund and /or variable annuities only. The firm has had no occasion to open a special reserve account for the benefit of customer and has not taken any monies from customer; all customer transactions were in mutual fund and /or variable annuities only. The company does not hold funds or securities for or owe money or securities to customers or maintain margin accounts. The Company's revenues are from commission earned from various mutual funds.

2. Basis of Accounting

The financial statements of the company have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

3. New Accounting Pronouncements

Effective January 1, 2018, The Company adopted ASC Topic 606, Revenue from Contracts with Customers ("ASC Topic 606"). The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation.

In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. Revenues from contracts with customers are comprised of commissions. Such commission revenues are recognized at the point in time when the Company's performance under the terms of the contractual arrangement is completed, which is typically at the close of a transaction.

4. Cash and Cash Equivalents

The Company considers all short-term highly liquid investments which are readily convertible into cash and have maturities as of the date of purchase of three months or less to be cash equivalents.

5. Income Taxes

The Company is not recognized as a taxable entity for federal income tax purposes; thus no federal income tax expense has been recorded in the financial statements. The Company is subject to Texas Franchise Tax but no tax is due this year and or was due in all previous years because the income is below the taxable threshold.

6. Revenue Recognition

Revenue is recognized at the time commissions or interest is earned from the mutual funds or insurance companies.

7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities and the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

8. Subsequent Events

Management has reviewed the results of operations for the period of time from its year ended December 31, 2018, through March 30, 2019, the date the financial statements were available to be issued and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

9. Related Party Transactions – Wealth Recovery, Inc. Plan Access, Ltd.

Wealth Recovery, Inc. - Scott T. Taylor, Ltd paid Wealth Recovery, Inc. \$24,000 for rental of office space & equipment. There are no receivables or payables to or from Wealth Recovery, Inc. as of 12/31/2018.

Plan Access, Ltd - Scott T. Taylor, Ltd paid Plan Access, Ltd \$27,300 for Qualified Plan (TPA) services for clients of Scott T. Taylor, Ltd. There are no receivables or payables to or from Plan Access, Ltd. as of 12/31/2018.

Scott T. Taylor, Ltd
Supplementary Statements Pursuant to SEA Rule 17a-5
Of the Securities and Exchange Act of 1934

As of and for the Year-Ended 12/31/2018

Statement Related to Uniform Net Capital Rule

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500% (15 to 1), or, during its first year of operations, 800% (8:1). Net capital and the related net capital ratio may fluctuate on a daily basis. At 12/31/2018, the Company had net capital of \$35,370.84 which was \$30,370.84 in excess of its required net capital of \$5,000.00. The Company's net capital ratio was 0.00%. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintain minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not, therefore, calculate its net capital requirement under the alternative reserve requirement method.

Statement Related to Exemptive Provision (Possession and Control)

The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEA Rule 15c3-3(k)(2)(i); "Special reserve account for the benefit of customers" maintained, however, the firm's business is presently limited to mutual fund and/or variable annuities only and the firm has had no occasion to open a special reserve account for the benefit of customers and has not taken in any monies from customers; all customer transactions were in mutual fund and /or variable annuities only.

Statement Related to Material Inadequacies

This audit did not disclose any material inadequacies since the previous audit of the financial statements contained within the audit report of the Computation of Minimum Net Capital Requirement as reported in the Supplemental Schedules contained within the audit report or the filed Financial and Operational Combined Uniform Single Report filed pursuant to SEA Rule 15c3-1. The firm is exempt from 15c3-3; it does not maintain customer funds or securities and therefore does not maintain customer funds to segregate nor does it maintain separate accounts for customers.

Statement Related to SIPC Reconciliation

SEA Rule 17a-5(e) (4) requires a registered broker-dealer to file a supplemental report which includes procedures related to the broker-dealers SIPC annual general assessment reconciliation or exclusion from membership forms. In circumstances where the broker-dealer reports \$500,000 or less in gross revenue they are not required to file the supplemental SIP report. The Company is exempt from filing the supplemental report under SEA Rule 17a-5(e) (4) because it is reporting less than \$500,000 in gross revenue. In addition the Company is exempt from membership and has attached a copy the executed form SIPC 3 Certification of Exclusion from Membership.

Dear Scott T. Taylor:

We have reviewed management's statements, included in the accompanying Representation Letter of Exemptions, in which Scott T. Taylor, LTD identified 15c3-3(k)(2)(i) as the provision under 17 C.F.R. § 15c3-3(k) under which it claims exemption from 17 C.F.R. § 240.15c3-3. Scott T. Taylor, LTD stated that it has met the 15c3-3(k)(2)(i) exemption throughout the most recent fiscal year without exception, or, with exception, as noted in the Representation Letter of Exemption. Scott T. Taylor, LTD's management is responsible for compliance with the exemption provisions and its statements. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Scott T. Taylor, LTD's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion. Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Rule 15c3-3 under the Securities Exchange Act of 1934.
