NORTHCOAST RESEARCH PARTNERS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE A – Organization and nature of business

Northcoast Research Partners, LLC (the Company) provides independent equity research to its institutional customers. The Company is a limited liability company organized under the laws of Ohio and was incorporated on October 29, 2008. They began trading operations during May 2009. NOTE B – Summary of significant accounting policies

General

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company does not carry customer accounts or hold funds or securities for customers, but operates as an introducing broker on a fully disclosed basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Deposit held by clearing broker

Under the terms of the clearing agreement between the Company and the clearing broker, the Company is required to maintain a certain level of cash on deposit with the clearing broker. Should the clearing broker suffer a loss due to a failure of a customer of the Company to complete a transaction, the Company is required to indemnify the clearing broker. NORTHCOAST RESEARCH PARTNERS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE B – Summary of significant accounting policies, continued

Accounts receivable and allowance for doubtful accounts

The Company reports receivables at net realizable value. The Company recognizes an allowance for losses on accounts receivable in an amount equal to the estimated probable losses net of recoveries. The allowance is based on an analysis of historical bad debt experience, current receivables aging, and expected future write-offs, as well as an assessment of specific identifiable customer accounts considered at risk or uncollectible. The Company's policy is to recognize bad debt expense, if any, in other expenses. At December 31, 2018, management determined that no allowance was necessary.

Equipment and leasehold improvements

Equipment and leasehold improvements consisted of the following at December 31, 2018:

Furniture and fixtures	\$ 159,743
Office equipment	220,020
Leasehold improvements	<u>27,974</u>
	407,737
Less accumulated depreciation	<u>(312,772)</u>
	<u>\$ 94,965</u>

The straight-line method is generally used to provide for depreciation over the estimated useful lives of the assets, primarily 7 years for furniture and fixtures and 3 years for computer equipment. Leasehold improvements are amortized over the shorter of their estimated useful life or the term of the lease.

Income taxes

The Company is not required to file Federal or state income tax returns. Due to being a single member limited liability company, the Company's income, gains, losses, deductions and credits are included on Holdings' tax return. Accordingly, there is no provision for income taxes in the accompanying financial statements. Holdings, as a limited liability company, is not subject to Federal or state income taxes and each of its members are required to report on their Federal and state income tax returns their share of Holdings' income, gains, losses, deductions and credits.

Recent accounting pronouncements

Leases

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) (ASU 2016-02). The objective of ASU 2016-02 is to recognize lease assets and lease liabilities by lessees for those leases classified as operating leases under previous GAAP. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, and interim periods within that year.

The Company adopted the standard on January 1, 2019 and recorded a right-of-use asset of \$991,443, net of the existing deferred rent liability of \$431,518, and a related lease liability of \$1,422,961 for its office space operating lease.

NORTHCOAST RESEARCH PARTNERS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE B – Summary of significant accounting policies, continued

Events occurring after reporting date

The Company has evaluated events and transactions that occurred between December 31, 2018 and February 27, 2019, which is the date that the financial statements were issued, for possible recognition or disclosure in the financial statements.

NOTE C – Related party transactions

The Company was party to a support and services agreement with America Northcoast Securities, Inc., an affiliate of a member of Holdings, whereby America Northcoast Securities, Inc. (Northcoast Securities) provided various administrative and operational support services to the Company. The total amount of expense relates to expenses paid by Northcoast Securities on behalf of the Company, as well as monthly service fees. As of December 31, 2017, the Company owed Northcoast Securities \$45,519 which was paid in 2018. The agreement with Northcoast Securities terminated in June 2017.

NOTE D – Profit sharing plan

The Company has a 401(k) profit sharing plan that covers substantially all employees. Employees may elect to contribute pre-tax a portion of their pay up to limits established by the IRS. The Company is required to contribute 3% of the employees' compensation, regardless of the individual's participation. Profit sharing contributions to the plan are discretionary and determined by management based on the firm's financial performance in the calendar year.

NOTE E – Lease commitments

In 2013, Holdings decided to relocate the Company's office space and entered into a non-cancelable ten-year operating lease commencing on February 1, 2014. The lease is guaranteed by certain members of Holdings for up to \$650,000. This guarantee is reduced by \$130,000 after the conclusion of each lease year, and will be reduced to zero upon the conclusion of 5 years.

During 2016, the landlord asked Holdings to relocate the Company's offices to a different floor in the same building at the landlord's expense. Holdings and the landlord amended the original operating lease agreement which resulted in a reduction of lease expense commencing upon relocation. The amended lease did not alter the original length of the lease term nor the guarantee amount and the timing of the expiration of the guarantee. The Company relocated on October 9, 2017.

The office space lease agreement provides for escalating rent payments at various times during the lease term. Generally accepted accounting principles require that rent be recorded on a straight-line basis over the life of the lease. An aggregate difference between actual rent payments and the amount which would have been paid if payments were made on the straight-line basis is \$329,851 at December 31, 2018, which is recorded as deferred rent on the statement of financial condition.

During 2014, the landlord provided a tenant improvement allowance of \$200,000 for leasehold improvements which are deferred and accreted on a straight-line basis over the lease term as a reduction

2022		335,198
2023		345,081
Thereafter		<u>28,825</u>
	\$	<u>1,660,764</u>

NOTE F – Net capital requirements

The Company's minimum net capital requirement as of December 31, 2018 was \$54,927.
