1. Summary of Significant Accounting Policies: Continued

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and that affect the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

2. Net Capital Requirements:

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

At December 31, 2018, the Company had net capital of \$39,530, which was \$34,530 in excess of its required net capital of \$5,000. The Company’s ratio of aggregate indebtedness-to-net capital was 0.78 to 1.

3. SIPC Reconciliation Requirement:

SEC Rule 240.17a-5(e) (4) requires a registered broker-dealer to file a supplemental report, which includes procedures related to its SIPC annual general assessment reconciliation of, or exclusion from such membership assessment forms.

In circumstances where the broker-dealer reports \$500,000 or less in gross revenue, such firm is not required to file the supplemental SIPC report. The Company is exempt from filing this report under Rule 17a-5(e)(4) because it is reporting less than \$500,000 in gross revenue.

4. Possession or Control Requirements:

Pursuant to the Company’s fully disclosed clearing agreement with Apex Clearing Corp., the Company will not maintain or control customer funds. Account maintenance and custody is the responsibility of Apex Clearing Corp.

The Company operates in accordance with the exemptive provision of paragraph (k)(2)(ii) of Rule 15c3-3.

5. Subsequent Events:

The Company has evaluated events subsequent to the date of the statement of financial condition for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

For the Year Ended December 31, 2018

6. Interest Expenses:

The Company did not pay or incur any interest expenses to various creditors during the period ended December 31, 2018.

7. Related Party:

Under an Expense Sharing Agreement ("ESA") with its parent company, Nvstr Technologies LLC, ("Parent"), the Company is allocated a variety of expenses carried on the Parent's books, on either a percentage or a usage basis. These include insurance, shared legal expenses, rent, technical and administrative support staff, telephone, internet, utility, postage, office supplies and other overhead. The Company reimbursed the Parent \$22,027 for these expenses which are included in the Statement of Operations. There was no amount due to the Parent as of December 31, 2018.

Under a separate Software Licensing Agreement with the Parent, the Company has a non-exclusive license to provide its investors an online trading platform that allows them to enhance their investment activities and investment experience. The Parent retains ownership of the underlying intellectual property. Under the agreement, the Company will be entitled to utilize the software free of charge for one year after executing their first live trade within the platform. The software was first utilized in December of 2017, however the Parent has committed to extending the usage free of charge throughout 2019. At the end of that period, they will pay a licensing fee on a monthly per user basis.

While management believes that these agreements are fair and beneficial to both companies, it is possible that the terms of these related party transactions are not the same as those that would result from transactions between wholly unrelated parties.

8. Clearing Broker:

Pursuant to its clearing agreement, the Company introduces all its securities transactions for its customers to Apex Clearing Corp. ("Clearing Broker") on a fully disclosed basis. Customers' money balances and security positions are carried on the books of the Clearing Broker. In accordance with the clearing agreement, the Company has agreed to indemnify the Clearing Broker for losses, if any, which the Clearing Broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the Clearing Broker monitor collateral on the customers' accounts. The Company maintains a Deposit Account with the Clearing Broker to further assist the Company's performance of its obligation under the clearing agreement. The balance at December 31, 2018, in the Deposit Account was \$75,000. Clearing fees for the year ended December 31, 2018 were significantly greater than revenues because the clearing firm charges a minimum monthly fee.

9. Off-Balance-Sheet Risk and Concentration of Credit Risk:

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

10. Commitment and Contingencies:

Commitments

The Company had no commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2018 or during the year then ended.

11. Guarantees:

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2018 or during the period then ended.

12. Recently Issued Accounting Pronouncements:

In February 2016, the FASB issued a new accounting pronouncement regarding lease accounting for reporting periods beginning after December 15, 2018. A lessee will be required to recognize on the balance sheet the assets and liabilities for lessee with lease terms of more than 12 months. Management is currently evaluating the effect this pronouncement will have on the financial statements and relate disclosures.

Adoption of New Accounting Standards: On January 1, 2018, the Company adopted Financial Accounting Standards Board (FASB ASU 2014-09), *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in accounting principles generally accepted in the United States of America (US GAAP) when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2017. The Company has analyzed the guidance in this new standard and has determined there will be no change in the manner the Company recognizes revenues. Accordingly, the Company does not expect this guidance to have a material impact on its financial or regulatory capital.
