Rose & Co. Capital Advisors, LLC
Notes to Financial Statements
December 31, 2018 and 2017

Note A - Nature of Organization and Operations

Rose & Co. Capital Advisors, LLC ("the Company"), a Delaware limited liability company located in New York, New York, is registered as a securities broker/dealer under the Securities Exchange Act of 1934 and is registered with the Financial Industry Regulatory Authority. The Company is primarily engaged in providing independent investment banking advisory services to a myriad of clients and industries. The Company's core advisory practice includes mergers and acquisitions, financial restructuring, underwriting or selling securities (other than mutual funds) on a best efforts or firm commitment basis, and in private placement of securities as a selling group member.

Note B - Summary of Significant Accounting Policies

1. **Basis of Accounting:** The financial statements of the Company are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.
2. **Accounting Estimates:** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.
3. **Subsequent Events:** Subsequent events for the Company have been considered through the date of the Report of Independent Registered Public Accounting Firm which represents the date the financial statements were available to be issued.
4. **Cash and Cash Equivalents:** The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.
5. **Accounts Receivable:** Management considers all accounts receivable to be collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.
6. **Revenue and Cost Recognition:** Virtually all of the Company's revenues derive from M&A transaction services. Revenue is recognized as services are performed and earned per the contract. The contract generally requires an upfront non-refundable retainer, a payment when the definitive agreement is signed and the balance due upon closing. In each case, no amount is due until the stipulated milestone event occurs and such amount is nonrefundable upon receipt. After the customer contract is signed, the Company commences its efforts to find a qualified counterparty to the customer's M&A transaction. At contract inception there is no assurance or likelihood any of the subsequent milestone events will occur due to the significant uncertainties in such transactions and the buyer and seller reaching a mutually agreed upon valuation with which to close.

The Company has concluded a performance obligation exists for each milestone event (transaction closing and definitive agreement, where applicable) correlating with a fee amount due. In some circumstances the fee amount is stipulated and in others, the fees are determined as a percentage of the transaction value. The Company also believes the contractual fee amount for each milestone event is representative of the fair value for such performance obligation. Accordingly, the Company recognizes revenue as each performance obligation is achieved (point in time).

Expenses associated with service activities, such as consultant fees (see Notes C and E), are recognized concurrently with the revenues.

Notes to Financial Statements (Continued)
December 31, 2018 and 2017

Note B - Summary of Significant Accounting Policies (Continued)

7. Income Taxes: The Company, effective January 1, 2018, converted to a multi-member limited liability company and is taxed as a partnership. Therefore, net (loss) income for federal and state income tax purposes is passed through to the members. Prior to 2018, the Company was organized as a single-member limited liability company and taxed as a sole proprietorship.

The Company recognizes uncertain income tax positions using the "more-likely-than-not" approach as defined in the ASC. No liability for uncertain tax positions has been recorded in the accompanying financial statements. The Company's 2015-2018 tax years remain open and subject to examination

Note C - Related Party Transactions

Simon Rose, an individual, owned 65% of the Company in 2018 and 100% in 2017, as well as 100% of Audeamus, LLC in both years. A 70% owned affiliate of Audeamus, LLC, Rose & Company Holding, LLC, provides the administrative and overhead expense of the Company. As such only directly billed invoices to the Company will be the responsibility of the Company. The Company entered into a lease agreement with Audeamus for its allocated share of the office it subleases from Mr. Rose. Monthly rent for the office is \$1,200 per month. Rent was \$14,400 and \$7,200 respectively, for each year 2018 and 2017.

The Company has no employees of its own but will contract with the affiliate under a commission or consulting arrangement to provide the resources for specific project needs.

The affiliate provides general administrative and related services to the Company with no allocation of costs.

Note D - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum "net capital," as defined by the rule. At December 31, 2018 and 2017, the Company had net capital, as defined, \$130,226 and \$161,592, respectively, which is in excess of the minimum requirement for the Company of \$100,000.

Note E - Concentrations of Risk

The Company is dependent on the affiliate for administrative support.

Note F - Recent Accounting Pronouncements

On May 28, 2014, the FASB issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers, to supersede nearly all existing revenue recognition guidance under GAAP. On January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers ("Topic 606"), using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018, are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with its historic accounting under Topic 605.

There was no impact to retained earnings as of January 1, 2018, or to revenue for the year ended December 31, 2018, after adopting Topic 606, as revenue recognition and timing of revenue did not change as a result of implementing Topic 606.

Rose & Co. Capital Advisors, LLC
Notes to Financial Statements (Continued)
December 31, 2018 and 2017

Note F - Recent Accounting Pronouncements (Continued)

In February 2016, the FASB issued ASU 2016-02, Leases. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the income statement. This standard will be effective for the calendar year ending December 31, 2019.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses. The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the income statement will reflect the measurement of credit losses for newly-recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for the calendar year ending December 31, 2020.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
