Report of Independent Registered Public Accounting Firm

To the Members of Obex Securities, LLC.

Opinion on the Financial Statements

We have audited the accompanying balance sheet of Obex Securities, LLC. (the "Company") as of December 31, 2018, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements are fairly stated, in all material respects.

Dave Banerjee CPA, an Accountancy Corporation
We have served as the Company's auditor since 2016.

OBEX SECURITIES LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies

Nature of Business

OBEX Securities LLC (the "Company") is a registered Introducing Broker with the Commodities Futures Trading Commission ("CFTC") and is a member of the National Futures Association ("NFA"). The Company is also a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"), the Securities Investor Protection Corporation ("SIPC") and the Municipal Securities Rulemaking Board ("MSRB").

The Company acts as an introducing broker and is engaged in brokerage related activities, and acting as agent for foreign and United States institutional customers. Commission and interest fee income is derived principally from futures contracts, commodity options, equity and debt securities.

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with maturities of three months or less when acquired. At December 31, 2018, cash at the clearing broker was \$38,706. The Company is subject to credit risk if the clearing broker is unable to repay balances due or deliver securities in their custody.

Revenue Recognition

On January 1, 2018, we adopted Accounting Standards Codification ("ASC") 606 – *Revenue from Contracts with Customers* using the modified retrospective method and the impact was determined to be immaterial on our consolidated financial statements. The new revenue standard was applied prospectively in our condensed consolidated financial statements from January 1, 2018 forward and reported financial information for historical comparable periods will not be revised and will continue to be reported under the accounting standards in effect during those historical periods.

Revenues are recognized when control of the promised goods or performance obligations for services is transferred to our customers, in an amount that reflects the consideration we expect to be entitled to in exchange for the goods or services.

Security transactions and related revenues and expenses are recorded on a settlement date basis which is not materially different from trade date basis.

Income Taxes

The Company is a limited liability company, and treated as a partnership for income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the members for federal and state income tax purposes. Accordingly, the Company has not provided for federal or state income taxes.

At December 31, 2018, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts

NOTES TO FINANCIAL STATEMENT

1. Summary of significant accounting policies (continued)

and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods subsequent to 2014.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

2. Net capital requirement

The Company, as a member of FINRA, is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. The Company is also subject to the CFTC's minimum financial requirements which require that the Company maintain net capital, as defined, equal to the greater of its requirements under Regulation 1.17 under the Commodity Exchange Act or Rule 15c3-1. At December 31, 2018, the Company's net capital was \$339,385, which was approximately \$239,385 in excess of its minimum requirement of \$100,000.

3. Off-balance sheet risk

Pursuant to clearance agreements, the Company introduces all of its securities transactions to clearing brokers on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing brokers. In accordance with the clearance agreements, the Company has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor collateral on the customers' accounts.

4. Concentrations of credit risk

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

The Company maintains its cash balances in various financial institutions. These balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution.

OBEX SECURITIES LLC

NOTES TO FINANCIAL STATEMENT

4. Concentrations of credit risk (continued)

During the year ended December 31, 2018, approximately 97% of the Company's revenues were from two customers. Amounts due from these customers of approximately \$77,136 as of December 31, 2018 are included in receivables from brokers/dealers and accounts receivable on the accompanying Statement of Financial Condition.

5. Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

6. Related party transactions

OBEX Investments LLC ("OBEX Investments"), a company related through common ownership, provided the Company with office space and administrative services in 2018 under a management agreement which will expire on December 31, 2018. The Company paid \$428,700 to OBEX Investments for the year ended December 31, 2018, under this agreement.
