NOTES TO FINANCIAL STATEMENT

DECEMBER 31, 2018

NOTE 1 - NATURE OF BUSINESS

Liquidity Finance LP (the "Company") is a Delaware limited partnership. Liquidity Finance LLP is a London based broker dealer and is the parent company (the "Parent") of the Company. Liquidity Finance Holdings, LLC is the general partner (the "GP") of the Company.

The purpose of the Company is to carry on a general securities brokerage business. The security transactions entered into on behalf of the Company's institutional customers are cleared by the Company's clearing broker on a fully disclosed basis and, therefore, the Company is exempt under the provisions of paragraph (k)(2)(ii) of SEC Rule 15c3-3.

The Company is a registered broker-dealer under the Securities Exchange Act of 1934 with the Securities and Exchange Commission (the "SEC"). The Company is also a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corp ("SIPC"). The Company operates out of its main office in Stamford, CT and has a satellite location in New York City.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

BASIS OF PRESENTATION

The accompanying financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

FOREIGN EXCHANGE

Translation of foreign currency assets denominated in foreign currencies are translated at year-end rates of exchange.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES(CONTINUED)

CASH AND CASH EQUIVALENTS

The Company has defined cash equivalents as highly liquid investments with original maturities of less than 90 days when purchased which are not held for sale in the ordinary course of business. At December 31, 2018, the Company had no cash equivalents but approximately \$1.25 million cash was being held in Great Britain pounds sterling.

DEPRECIATION

Fixed assets, comprised of office equipment, desktop computers, and leasehold improvements, are recorded at cost and depreciated over their useful lives on a straight line basis.

INCOME TAXES

The Company does not record a provision for federal and state income taxes because the partners report their share of the Company's profits or losses on their income tax returns. The Company files an income tax return in the federal jurisdiction and may file in various states. The Company is subject to various state taxes and New York City Unincorporated Business Tax ("NYCUBT"). Generally, the Company is subject to examination by the major taxing authorities for the three year period prior to the date of these financial statements.

The Company applies the provisions of the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification No. 740 ("ASC" 740) Subtopic 05 "Accounting for Uncertainty in Income Taxes." The Company is required to determine how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. This determination requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. The Company determined that there are no uncertain tax positions which would require adjustments or disclosures on the financial statements. In the event that Tax Authorities assess interest and penalties on unrecognized tax benefits, the Company will reflect such amounts in tax expense and income taxes payable.

The Company will engage in various investment and brokerage activities on which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument.
