AUSTIN ATLANTIC CAPITAL INC.
Notes to the Financial Statements
For the year ended December 31, 2018

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Austin Atlantic Capital Inc. ("the Firm") is a registered broker-dealer with the Securities and Exchange Commission and is a wholly owned subsidiary of Austin Atlantic Inc. ("AAI" or "Parent Company"). The firm operates as the distributor of various registered investment companies, including those managed and advised by an affiliate entity, acts as agent for the purchase and sale of loans, and refers parties for financing agreements between them and its affiliated entity.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounts Receivable: Accounts receivable are generated in the normal course of business. The firm collects these receivables usually in less than 90 days. No allowance for loss is recorded as deemed unnecessary.

Revenue from Contracts with Customers: In May 2014, the Financial Accounting Standards Board ("FASB") issued Topic 606 as an Accounting Standards Update ("ASU") on revenue recognition. This ASU outlines a single comprehensive model to use in accounting for revenue arising from contracts with customers, that analyze the capacity in which the company interacts with its customers (principal versus agent) according to the timing and form of its control over products and services, and dictates recognition based on transfer of such control, along with the completion of any performance obligation to such customers.

This ASU was adopted by the Company on January 1, 2018. The Company did not identified any material changes to the timing or amounts of its revenue recognition as a result of implementing the ASU. Agency transactions, distribution fees, mutual fund trailers and related revenue and expenses are recorded as earned or incurred on a trade date basis. The revenues generated from customers are paid to the Firm at the time the related contractual performance obligation by the Firm has been satisfied, and as such, the Firm has no future performance obligation with its customers.

Cash Flows: Cash and cash equivalents include cash and deposits with other financial institutions with maturities fewer than 90 days. Net cash flows are reported for interest bearing deposits in other financial institutions.

Fair Value of Financial Instruments: Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in note 6. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular items. Changes in assumptions or in market conditions could significantly affect these estimates. Assets, including cash and certain receivables, are carried at fair value or at contracted amounts, which approximate fair value.

Concentration of Credit Risk: As of December 31, 2018, the firm has concentration of credit risk with depository institutions of the United States in the form of a bank account with balance over the excess of the FDIC insured amount of \$250,000.00. Management believes there is no significant risk of loss or counterparty risks on these balance.

Transfers of Financial Assets: Transfers of financial assets are accounted for as sales, when control over the assets has been relinquished. Control over transferred assets is deemed to be surrendered when the assets have been isolated from the firm, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the firm does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

The firm intermediates as agent for the purchase and sale of loans from and to its clients, activity for which it receives a placement or referral fee. Income is recognized once the transaction between the parties has closed.

AUSTIN ATLANTIC CAPITAL INC.
Notes to the Financial Statements
For the year ended December 31, 2018

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes: AAI is a subchapter S corporation and the firm is a wholly owned subsidiary of AAI. Therefore, the firm is a disregarded entity for income tax purposes and all income and expense flows directly to the shareholder. The firm is not taxed at the corporate level and as such records, no tax related assets, expenses, or liabilities.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Loss Contingencies: Loss contingencies, including claims, legal or regulatory actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. All legal fees are expensed as incurred. As of December 31, 2018 no such liabilities were recorded or threatened.

NOTE 3 - RELATED-PARTY TRANSACTIONS

Operations of the firm are conducted in facilities and by some personnel shared with AAI and certain of its affiliates. As such, the firm can incur in management fees to AAI for overhead and administrative expenses used by the firm in conducting its business activities. Such expenses allocated to the firm include actual expenses used by and paid on behalf of the firm as determined by AAI. For the year ended December 31, 2018, there was no management fees expense. At December 31, 2018, the payable to AAI for allocations and operating expenses amounted to \$140,764 and the 2018 expenses allocated totaled approximately \$639,839.

The firm maintains a bank account with an affiliated bank. At December 31, 2018, cash and cash equivalents at affiliated entities amounted to \$10,129.

NOTE 4 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents can include liquid investments with short-term maturities. The Firm may maintain cash balances in financial institutions in excess of the insurance limits provided by the Federal Deposit Insurance Corporation.

NOTE 5 - MUTUAL FUND DISTRIBUTION FEES

The firm has distribution agreements with various registered investment companies. The Firm's distribution agreement with Asset Management Fund, Inc., an institutional mutual fund managed and advised by an affiliate, provides that the firm receive payments based upon a percentage of each portfolio's average daily net assets. The firm voluntarily waived a portion of these fees for the year ended December 31, 2018, in the amount of \$84,932, and its total fees earned for the same period were \$227,918.

NOTE 6 - FAIR VALUE

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

AUSTIN ATLANTIC CAPITAL INC.
Notes to the Financial Statements
For the year ended December 31, 2018

NOTE 6 – FAIR VALUE (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

As of December 31, 2018 the Firm's assets, including cash and certain receivables, are carried at fair value or at contracted amounts, which approximate fair value. There were no assets or liabilities measured on a non-recurring basis as of December 31, 2018.

NOTE 7 – REVENUES CONCENTRATION

The firm has three main lines of business that account for majority of its revenues. One of these business lines rely on a single customer source, and as such would terminate if the customer relationship ends.

NOTE 8 - NET CAPITAL REQUIREMENTS

As a registered broker-dealer with the Securities and Exchange Commission (SEC), the firm is subject to the SEC's net capital rule (Rule 15c3-1). This Rule prohibits a broker-dealer from engaging in any securities transaction at a time when its net capital is less than the greater of 6 2/3% of aggregate indebtedness, as those terms are defined by the Rule, or its minimum net capital required of \$25,000. At December 31, 2018, the Firm's net capital was \$142,968 while its required net capital was \$25,000, and its ratio of aggregate indebtedness to net capital was 1.0788 to 1. Advances to affiliates and other equity withdrawals are subject to certain notifications and other provisions of the net capital rule of the SEC and other regulatory bodies.

NOTE 9 – SUBSEQUENT EVENTS

In accordance with ASC 855 the Firm has evaluated subsequent events and transactions for potential recognitions and/or disclosure through February 26, 2019, which is the date the financial statements were available to be issued, and determined that there were no significant items affecting the accompanying financial statements that required such recognition or disclosure.
