Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Skyway Capital Markets, LLC (the "Company") as of December 31, 2018, the related statements of income, changes in member's equity, and cash flows for the year then ended, and the related notes and schedules (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The Computation of Net Capital has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Computation of Net Capital is fairly stated, in all material respects, in relation to the financial statements as a whole.

SKYWAY CAPITAL MARKETS, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

1. DESCRIPTION OF BUSINESS

Skyway Capital Markets, LLC (the "Company") is a Florida limited liability company that was organized as Skyway Capital, LLC in 2002. It changed its name to Skyway Capital Partners, LLC in 2002, then changed its name to Skyway Advisors, LLC in 2003, and changed its name to Skyway Capital Markets, LLC in 2016. The Company is a broker dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company was formed to provide several classes of services including investment banking, debt financing, private placements and financial advisory services. The Company provides such services to companies throughout the country. The corporate headquarters is located in Tampa, Florida. The Company is a wholly-owned subsidiary of Caymus Capital Holdings, LLC ("Caymus").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Company are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Management Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with GAAP. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Cash

Cash is maintained at major financial institutions and, at times, balances may exceed federally insured limits. The Company has never experienced any losses related to these balances. As of December 31, 2018, the Company did not have cash deposits in excess of federally insured limits.

Accounts Receivable

Accounts receivable are billed based on the terms of the individual contracts with the Company's customers or amounts due for expense reimbursement. Receivables for success fees are considered past due two business days after the transaction closing, unless other payment arrangements have been agreed to. Other receivables are generally considered past due if not paid within 30 days of the invoice date, although specific exceptions are made for affiliate receivables. The allowance for doubtful accounts is estimated on a specific identification basis considering the financial condition of the customer and other specific facts and circumstances. Accounts receivable are written off when they are determined to be uncollectible. Based on management's review of accounts receivable, an allowance for doubtful accounts was not considered necessary at December 31, 2018 as a result of the subsequent collection of all accounts receivable in 2019. Interest is not typically charged on past due receivables.

SKYWAY CAPITAL MARKETS, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING - CONTINUED

Furniture, Fixtures and Equipment

Furniture, fixtures and equipment are recorded at cost. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, generally three to five years. Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When furniture and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Revenues

Revenues consist of fees earned from providing financial restructuring, securities sales, customer referrals and advisory services. Success fees that are contingent upon the success of the services provided are recorded upon successful completion of the transaction. Advisory services, including retainer fees, are recognized over the shorter of the initial term of the engagement or the estimated duration of the work performed. Referral fees are recognized as the fees become due under the specific referral agreement.

Income Taxes

The Company is treated as a partnership for income tax purposes. As a result, the member will report the entire taxable income on their income tax returns. Therefore, no provision for income taxes has been included in these financial statements.

The Financial Accounting Standards Board Accounting Standards Codification Topic 740, "Income Taxes," requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. If the tax position meets the more-likely-than-not recognition threshold, the tax effect is recognized at the largest amount of the benefit that is greater than 50 percent likely of being realized upon ultimate settlement. Any difference between the tax position taken in the tax return and the tax position recognized in the financial statements using the criteria above results in the recognition of a liability in the financial statements for the unrecognized benefit. Similarly, if a tax position fails to meet the more-likely-than-not recognition threshold, the benefit taken in the tax return will also result in the recognition of a liability in the financial statements for the full amount of the unrecognized benefit. The Company has evaluated its tax positions and determined that there are none that need to be recognized as of December 31, 2018. The Company's income tax returns are no longer subject to examination by U.S. taxing authorities for years prior to 2015.

SKYWAY CAPITAL MARKETS, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

3. CAPITAL WITHDRAWALS

As the Company closes investment banking transactions, it may, at its discretion, withdraw capital from the business to make distributions to its members. These withdrawals are dependent on the timing and amount of investment banking fees received. The Company did not distribute any capital to its member during the year ended December 31, 2018.

4. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15-to-1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10-to-1). At December 31, 2018, the Company had net capital of \$65,503, which was \$15,503 in excess of its required minimum net capital of \$50,000. The Company's aggregate indebtedness to net capital ratio was 0.22-to-1.00.

5. LEASE

On November 30, 2016 the Company entered into a lease agreement commencing March 1, 2017 for its new main office facility. The lease has a term of eighty seven months and provides for the payment of common area maintenance as well as an allocable share of increases in property taxes. The lease is also collateralized by a letter of credit which is guaranteed by certain related parties. On November 19, 2018, the Company entered into a sublease with a four year term for additional space in the same office building. At December 31, 2018, rental commitments are as follows:

Year Ended December 31,	Amount
-----	-----
2019	207,342
2020	213,570
2021	219,982
2022	226,585
2023	197,628
Thereafter	101,035

Total	\$1,166,142

In February 2016, the FASB issued ASU No. 2016-2, *Leases (Topic 842)* which will require lessees to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with term of more than twelve months. Consistent with current GAAP, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease. The new ASU will require both types of leases to be recognized on the balance sheet. The ASU also will require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements, providing additional information about the amounts recorded in the financial statements. The ASU is effective January 1, 2019. The impact on the Company's Statement of Financial Condition as a result of the implementation of the ASU was to increase assets and liabilities by approximately \$950,000.

Management has evaluated subsequent events occurring subsequent to the balance sheet date through February 27, 2019 (Financial Statement issuance date) determining no events require additional disclosure except as follows: Subsequent to the year ended December 31, 2018, the Company received payment in full of the accounts receivable as of December 31, 2018.
