**FIRST PUBLIC, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 1–NATURE OF OPERATIONS**

Formed in 2003, First Public, LLC (First Public) provides financial and insurance related services to school districts and other local governments within the State of Texas. First Public is a Texas limited liability company (Texas Bus. Org. Code §101.001, et seq.) and a wholly-owned subsidiary of the Texas Association of School Boards, Inc. (TASB). First Public is registered with the Securities and Exchange Commission (SEC) as a broker-dealer, pursuant to the Securities Exchange Act of 1934, as amended, and is a member of the Financial Industry Regulatory Authority (FINRA), the Municipal Securities Rulemaking Board (MSRB), and the Securities Investor Protection Corporation (SIPC). First Public holds a general agency license with the Texas Department of Insurance for life, accident, and health/HMO insurance, and is a licensed Third Party Administrator (TPA).

**NOTE 2–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PRESENTATION:**

The accompanying financial statements have been prepared on the accrual basis. First Public recognizes revenue when earned and expenses in the period in which such items are incurred.

**USE OF ESTIMATES:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**CASH AND CASH EQUIVALENTS:**

For the purpose of the Statement of Cash Flows, all cash on deposit and short-term investments with original maturities of three months or less are considered to be cash equivalents. Cash and cash equivalents at August 31, 2019, consist of cash and a money market mutual fund. The financial institution holding First Public's cash account is participating in the Federal Deposit Insurance Corporation's (FDIC) insurance program. Management monitors cash account balances in an attempt to keep them below FDIC insurance coverage of \$250,000. At August 31, 2019, First Public had \$2,818,080 invested in a single money market mutual fund with a Standard & Poor's rating of AAAM. The carrying value of cash and cash equivalents approximates their fair value.

**ACCOUNTS RECEIVABLE:**

Accounts receivable are stated at the amount due to First Public. First Public may provide an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Due to the nature of First Public accounts receivable, an allowance for doubtful accounts has not been established.

At August 31, 2019, accounts receivable consist primarily of Lone Star administrative services fees for August 2019 and outstanding Benefits Cooperative administrative services fees. Benefits Cooperative administrative services fees represent commissions earned by First Public through August 31, 2019 that are still to be received from various insurance agents and carriers. The following table provides beginning and ending accounts receivable balances by activity for the 2018-19 fiscal year:

	<u>September 1, 2018</u>	<u>August 31, 2019</u>
Lone Star Investment Pool Administrative Services	\$278,079	\$311,991
Benefits Cooperative Administrative Fees	362,361	317,590
Other	-0-	12,052
<b>Total Accounts Receivable</b>	<u>\$640,440</u>	<u>\$641,633</u>

#### INCOME TAXES:

First Public is included in the consolidated federal income tax return filed by TASB. TASB is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. No provision for income tax expense has been made related to First Public activities in reliance on Private Letter Ruling 501.03-33. TASB files income tax returns in the United States Federal jurisdiction. With a few exceptions, TASB is no longer subject to United States Federal examinations by taxing authorities for years prior to the year ended August 31, 2015.

At August 31, 2019, management has determined that First Public had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require.

#### SIGNIFICANT AGREEMENTS:

Under an administrative services agreement, First Public provides Lone Star Investment Pool (Lone Star) with administrative and distribution services. Lone Star is a public funds investment pool established in 1991, in accordance with the Interlocal Cooperation Act (Chapter 791 of the Texas Government Code) and the Public Funds Investment Act (Chapter 2256 of the Texas Government Code). The objective of Lone Star is to maintain safety of principal and liquidity while providing participating governmental entities with the highest possible rate of return for invested funds. Units of Lone Star are offered exclusively to Texas governmental entities, including school districts, cities, counties, special districts, and agencies of the State of Texas. The current administrative services agreement between First Public and Lone Star is effective September 1, 2014 through August 31, 2019, and either party may terminate the agreement with 180 days prior written notice. First Public earned \$4,584,076 under the agreement for the fiscal year ended August 31, 2019, which represents approximately 76 percent of First Public's total revenue. At August 31, 2019, \$311,991 of this earned revenue was receivable from Lone Star. First Public and Lone Star have entered into a new five-year administrative services agreement with an effective date of September 1, 2019.

Under an administrative services agreement, First Public provides the TASB Benefits Cooperative (Benefits Cooperative) with various administrative services. The Benefits Cooperative is organized under the Interlocal Cooperation Act (Chapter 791 of the Texas Government Code). The Benefits Cooperative assists participating governmental entities with attracting and retaining employees by offering group and individual insurance coverage, as well as other employee benefit-related services. First Public serves as agent or agent of record for insurance carriers serving the Benefits

Cooperative members. Additionally, First Public provides administrative services to the Benefits Cooperative that include, but are not limited to, engagement of various service providers (e.g. TPA, benefits consultant, and TPA software provider); publicizing and marketing; facilitating employee benefit enrollments for Benefits Cooperative members; and implementation of other Benefits Cooperative initiatives.

The current administrative services agreement between First Public and the Benefits Cooperative is effective May 1, 2017 through August 31, 2020, and supersedes the original agreement effective January 27, 2015 through August 31, 2020. Either party may terminate the agreement with 180 days prior written notice. Under the agreement, in consideration for administrative services provided by First Public to the Benefits Cooperative, First Public is authorized to receive commissions and related supplemental compensation under separate agreements with various insurance agents and carriers that offer and provide associated support for group and individual insurance coverage to Benefits Cooperative members and their employees. Commissions and supplemental compensation earned by First Public are based on monthly participant enrollment activity reported by individual carriers. First Public earned \$1,451,310 under these agreements for the fiscal year ended August 31, 2019, which represents approximately 24 percent of First Public's total revenue. At August 31, 2019, \$317,590 of this earned revenue was receivable from the various insurance agents and carriers.

#### REVENUE RECOGNITION:

Effective September 1, 2018, First Public adopted Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers*. First Public has elected the modified retrospective method, which did not result in a cumulative-effect adjustment at the date of adoption. The implementation of this new standard had no material impact on First Public's financial statements for the year ended August 31, 2019.

The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction prices, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved.

Lone Star Investment Pool Administrative Services – First Public provides Lone Star with administrative and distribution services on a daily basis. First Public believes the performance obligation for providing these services is satisfied over time, as Lone Star is receiving and consuming the benefits as they are provided by First Public. Administrative services revenue is earned ratably by First Public over the service period based on the monthly average balances of Lone Star, and payment for monthly administrative services is received on a monthly basis.

Benefits Cooperative Administrative Fees – First Public provides the Benefits Cooperative with administrative services. In consideration for these services, First Public receives commissions and related supplemental compensation under separate agreements with various insurance agents and

carriers. Administrative services revenue is earned through the sale of insurance products to Benefits Cooperative members, and First Public believes the performance obligation is satisfied at the time of each individual sale. Administrative services revenue is based on commissions for premiums associated with participant enrollment in insurance programs underwritten by the various carriers. Payment is received from the various insurance agents and carriers upon their receipt of payment from Benefits Cooperative members.

### **NOTE 3—RELATED PARTY TRANSACTIONS**

#### **TEXAS ASSOCIATION OF SCHOOL BOARDS, INC.:**

The administrative services agreement is for TASB's performance of administrative duties relating to the day-to-day operations and administration of First Public, including providing office equipment and supplies, facilitating employee benefits and insurance for First Public staff, and arranging, monitoring and paying for professional services required by First Public. The current administrative services agreement was entered into as of September 1, 2018, and remains in effect until terminated by either party for convenience (upon providing 30 days prior written notice) or for cause as set out in the agreement. The current employee lease agreement was entered into as of September 1, 2018, and remains in effect until terminated by either party providing 30 days prior written notice to the other party. For the fiscal year ended August 31, 2019, First Public incurred expenses totaling \$1,969,401 under the agreement. At August 31, 2019, \$471,304 and \$78,770, has been recorded in accounts payable to and accrued liabilities due affiliated organization, respectively, in the Statement of Financial Condition.

At August 31, 2019, First Public has recorded \$24,103 in accounts payable to affiliated organization in the Statement of Financial Condition related to reimbursement of certain First Public expenses paid by TASB.

Additional related party transactions are disclosed in Note 5 – Facility Lease.

### **NOTE 4—NET CAPITAL REQUIREMENTS**

First Public is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission (the "Commission") under Rule 15c3-1. The rule requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and designates a minimum net capital requirement of \$100,000, pursuant to subparagraph (a)(2)(iii). The Commission requirements also provide that equity capital may not be withdrawn or distributions made if certain minimum net capital requirements are not met. At August 31, 2019, First Public had net capital of \$1,781,657,

which was \$1,681,657 in excess of the amount required to be maintained at that date. First Public's ratio of aggregate indebtedness to net capital was .64 to 1, at August 31, 2019.

First Public operates pursuant to the (k)(2)(i) exemptive provision of the Securities and Exchange Commission's Rule 15c3-3 and does not hold customer funds or securities.

#### **NOTE 5—FACILITY LEASE**

By written agreement, First Public leases facilities from TASB under an operating lease entered into effective September 1, 2018. The current lease agreement, requires monthly rental fees of \$5,428. Rent expense incurred for the fiscal year ended August 31, 2019 totaled \$65,136. At August 31, 2019, \$16,284 was owed to TASB under the terms of the lease agreement and has been recorded in accounts payable to affiliated organization in the Statement of Financial Condition.

#### **NOTE 6 –FAIR VALUE OF ASSETS AND LIABILITIES**

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- **Level 1** - Quoted prices for identical assets or liabilities in active markets that First Public has the ability to access.
- **Level 2** - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- **Level 3** - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the inputs and valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying balance sheet, as well as the general classification of such assets pursuant to the valuation hierarchy:

Cash and Cash Equivalents – The carrying amount approximates fair value. All share-valued cash holdings have been deemed level 1.

Accounts Receivable and Payable – The carrying amount is at cost, which approximates fair value.
