Notes to Financial Statements
December 31, 2018

Note 1 – Organization and Nature of Business

Singer Xenos Securities Corp. (the Company) has been approved as a registered broker-dealer with the Securities and Exchange Commission under SEC Rule 15(b) as of December 20, 2001. The Company was incorporated August 8, 2001 in the State of Florida.

Note 2 -- Significant Accounting Policies

Basis of Presentation – The Company conducts business on a fully disclosed basis. The Company does not hold customer funds and/or securities. The Company currently conducts several types of business as a securities broker-dealer, including:

- Mutual fund retailer
- Broker or dealer selling variable life insurance or annuities

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commissions – Based upon the income reported, the commissions earned from the sale of mutual funds and investment company shares represent the major portion of the business.

Revenue Recognition - Commission Revenue represents commissions earned from the sales of variable insurance products which are recorded on the trade date and trail commissions which are determined based upon a percentage of assets under management, payment of which is generally received on a quarterly basis. The expense related to commissions is recognized on the same basis as revenue and is included in Commission expense. Partners of the firm forgo commissions except for a one time annual payment based on ownership.

Income Taxes – The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The accounting principles generally accepted in the United States of America provides accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2015 to the present, generally for three years after they are filed.

Depreciation – Depreciation is calculated on the accelerated method over estimated economic lives. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease. Property and equipment are carried at cost.

Singer Xenos Securities Corp.
Notes to Financial Statements

Note 2 -- Significant Accounting Policies (continues)

Statement of Changes in Financial Condition – The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Note 3 – Fair Value

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2018.

Fair Value Measurements on a Recurring Basis
As of December 31, 2018

Assets	Level 1	Level 2	Level 3
Cash and Securities	<u>\$40,116</u>	<u>\$ 0</u>	<u>\$ 0</u>

Note 4 – Related Party

The Company's president is the majority shareholder of the broker dealer and is active in two related companies:

1) Singer Xenos, Inc., dba Singer Xenos Schechter Sosler Wealth Management, a SEC Registered Investment Advisor – 53% ownership; and

2) Physicians Investment Advisors, Inc. ("PIA"), an insurance general agent – 49%.

All operating expenses are paid by the above companies. The Company has an expense sharing agreement with PIA. The Company paid PIA \$32,076 in 2018 for such expenses.

Note 5 – Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2018, the Company had net capital of \$40,116 which was \$35,116 more than its required net capital of \$5,000. The Company's percentage of aggregate indebtedness, \$4,744 to net capital was 12%.

Note 6 – Income Taxes

The Company files its income tax as an "S" corporation whereby income and losses pass directly through to its sole shareholder. The State of Florida does not have any franchise tax. Consequently, there are no taxes on the Company's profit.

Note 7 – Exemption from the SEC Rule 15c3-3

Rule 15c3-3(k) (1) provides an exemption from the SEC's so-called "customer protection rule" for firms that conduct business on a fully disclosed basis and do not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Note 8 – SIPC Supplementary Report Requirement

The Company has a certification of exclusion from membership with SIPC.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
EXEMPTION REPORT REVIEW

To the Board of Directors and Shareholders
of Singer Xenos Securities Corp.

I have reviewed management's statements, included in the accompanying Exemption Report Review, in which (1) Singer Xenos Securities Corp. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Singer Xenos Securities Corp. claimed an exemption from 17 C.F.R. §240.15c3-3:k(1) (the "exemption provisions") and (2) Singer Xenos Securities Corp. stated that Singer Xenos Securities Corp. met the identified exemption provisions throughout the most recent fiscal year without exception. Singer Xenos Securities Corp.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Singer Xenos Securities Corp.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.
