ALVAREZ & ASSOCIATES, INC
CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Directors and Equity Owner of Almax Financial Solutions, L.L.C.:

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Almax Financial Solutions, L.L.C. (the "Company") as of December 31, 2018, the related statements of income, changes in member's equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The information contained in Schedules I, II and III ("Supplemental Information") has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, Schedules I, II and III are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Alvarez & Associates, Inc.

Alvarez & Associates, Inc.

We have served as the Company's auditor since 2018.

Notes to the Financial Statements
December 31, 2018

NATURE OF THE BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Business

AIMax Financial Solutions, L.L.C. (the Company) is a Registered Broker Dealer with the Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company was formed in the State of New Jersey on May 4, 2000, is located in Clinton, New Jersey and is licensed to do business in eleven states. Its primary business is marketing mutual funds, variable annuities, and life insurance products. The Company serves as placement agent for such products. As a placement agent, the Company does not receive funds, but rather funds are transmitted directly by mutual fund purchasers to the issuers' escrow agents or transfer agents.

The Company will be dissolved by December 31, 2025 unless otherwise terminated as provided for in the Company's operating agreement. Under the laws of the State of New Jersey, the liability of the Company's member is limited to his investment in the Company.

Basis of Accounting

The Company employs the accrual method of accounting for financial reporting purposes.

Cash and Equivalents

For the purpose of the statement of cash flows, cash equivalents include time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

Commissions Receivable

The Company's commissions receivable consist principally of commissions due from issuers of mutual funds and variable annuities. Management periodically assesses the collectability of accounts receivable based upon the financial strength of the issuers of mutual funds and variable annuities. Management believes no allowance for doubtful accounts is required as of December 31, 2018.

Trading Securities

Under FASB ASC 320-10-25, securities bought and held principally for the purpose of selling them in the near term are classified as trading securities. Trading securities consist of a mutual fund with readily determinable fair value at December 31, 2018. Unrealized gains and losses are recognized currently in income from operations.

Fair Value of Financial Instruments

The fair values of cash, receivables, other current assets, accounts payable and accrued expenses, and margin payable approximate their carrying values because of the short term maturity of these financial instruments.

Income Taxes

The Company is taxed as a partnership for federal and state income tax purposes and, thus, no income tax expense has been recorded in the financial statements. Taxable income of the Company is passed through to the member and reported on his individual income tax returns.

AlMax Financial Solutions, L.L.C.
Notes to the Financial Statements
December 31, 2018

NATURE OF THE BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Uncertain Tax Positions

Per FASB ASC 740-10, disclosure is not required of an uncertain tax position unless it is considered probable that a claim will be asserted and there is a more-likely-than-not possibility that the outcome will be unfavorable. Using this guidance, as of December 31, 2018, the Company has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Company's 2017, 2016 and 2015 Federal and State tax returns remain subject to examination by their respective taxing authorities. Neither of the Company's Federal or State tax returns are currently under examination.

Revenue Recognition

The Company earns commissions by referring client transactions in mutual funds, variable annuities and life insurance products. Commissions revenue is recognized in the period earned when the Company's performance obligations are completed, typically the client's trade date.

The Company also earns annual trailing commissions and is responsible for ongoing client relations duties, which are recorded in those period as the services are performed. These trailing revenues and expenses are subject to material variables; therefore, uncertain to estimate in advance.

Commissions expenses are recorded in the same period as the associated revenue.

Proprietary Securities Transactions

Proprietary securities transactions are recorded on the trade date including realized gains and losses.

Estimates and Uncertainties

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

AIMax Financial Solutions, L.L.C.
Notes to the Financial Statements
December 31, 2018

NATURE OF THE BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

FASB ASC 820, *Fair Value Measurements and Disclosures*, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs are to be used when available.

Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to Level 1 investments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these investments does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

AIMax Financial Solutions, L.L.C.
Notes to the Financial Statements
December 31, 2018

NATURE OF THE BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments (continued)

The availability of valuation techniques and observable inputs can vary from investment to investment and are affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, and the other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Company uses prices and inputs that are current as of the measurement date, including periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many investments. This condition could cause an investment to be reclassified to a lower level within the fair value hierarchy. The Company had no investments that would be categorized as Level 2 or Level 3 in the fair value hierarchy at December 31, 2018.

Limitations

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial statement. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

CONCENTRATIONS OF BUSINESS AND CREDIT RISK

The Company's financial instruments that are potentially exposed to concentrations of credit risk consist primarily of cash, cash equivalents, short-term investments and commissions receivable. The Company places its cash equivalents with quality financial institutions. At times, such cash equivalents may be in excess of the FDIC insurance limit, or in some cases, may be completely uninsured. The Company believes no significant concentration of credit risk exists with respect to its cash, cash equivalents and commissions receivable. It is not the Company's policy to require collateral for receivables outstanding.

During the year ended December 31, 2018, 90% of commission revenue was derived from two major sources.

AlMax Financial Solutions, L.L.C.
Notes to the Financial Statements
December 31, 2018

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy as described in the Company's significant accounting policies in the NATURE OF THE BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES note. The following table presents information about the Company's assets measured at value as of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Securities owned, at market value				
Money market funds	\$ 10,374	\$ -	\$ -	\$ 10,374
Total	<u>\$ 10,374</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,374</u>

NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn, or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2018, the Company had net capital of \$9,951, which was \$4,951 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$2,243) to net capital was 0.23 to 1.

RELATED PARTY TRANSACTIONS

The Company leases office space in Clinton, NJ, from a related party on a month to month basis currently at a rate of \$500 per month. Rent expense under this agreement amounted to \$3,600 for the year ended December 31, 2018. The related party also provides the Company with certain administrative support services on a month to month basis. Expenses under this arrangement amounted to \$2,400 for the year ended December 31, 2018.

During the year ended December 31, 2018 the Company paid commissions totaling \$15,706 to its member. At December 31, 2018 the Company owed the member \$0 for accrued commissions and \$0 for expense reimbursements.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the Statement of Financial Condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date of the financial statements. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

AlMax Financial Solutions, L.L.C.
Notes to the Financial Statements
December 31, 2018

COMMITMENT AND CONTINGENCIES

The Company has no commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2018 or during the year then ended.

GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantee of indebtedness of others.

The Company has issued no guarantees at December 31, 2018, or during the year then ended.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which supersedes the existing guidance for lease accounting. ASU 2016-02 requires lessees to recognize leases with terms longer than 12 months on their statements of financial condition. It requires different patterns of recording lease expense for finance and operating leases. It also requires expanded lease agreement disclosures. Lessor accounting is largely unchanged. ASU 2016-02 is effective for the Company as of its year ending December 31, 2019. The Company has determined that ASU 2016-02 will not have a material impact on its financial statements.

Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers: Topic 606, also referred to as Accounting Standards Codification Topic 606 ("ASC Topic 606"), supersedes nearly all existing revenue recognition guidance under GAAP. ASC Topic 606 requires a principle-based approach for determining revenue recognition. The core principle is that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASC Topic 606 is effective for the Company as of its year ended December 31, 2018. ASC Topic 606 had no material impact on the Company's financial statements.

**AlMax Financial Solutions, L.L.C.
Report on Exemption Provisions
Pursuant of 17 C.F.R § 15c3-3(k)
For the Year Ended December 31, 2018**

ALVAREZ & ASSOCIATES, INC
CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Directors and Equity Owner of Almax Financial Solutions, L.L.C.:

We have reviewed management's statements, included in the accompanying Assertions Regarding Exemption Provisions, in which (1) Almax Financial Solutions, L.L.C. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Almax Financial Solutions, L.L.C. claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(1) (the "exemption provisions") and (2) Almax Financial Solutions, L.L.C. stated that Almax Financial Solutions, L.L.C. met the identified exemption provisions throughout the most recent year ended December 31, 2018, without exception. Almax Financial Solutions, L.L.C.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Almax Financial Solutions, L.L.C.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Assertions Regarding Exemption Provisions

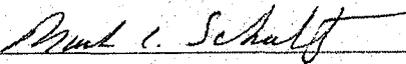

We, as members of management of AlMax Financial Solutions, LLC ("the Company"), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, Paragraph (k)(1).

The Company met the identified exemption provision without exception throughout the year ended December 31, 2018.
