Report of Independent Registered Public Accounting Firm

Equity Owner
Alliance-One Investments, LLC
Warwick, Rhode Island

Opinion on Statement of Financial Condition

We have audited the accompanying statement of financial condition of Alliance-One Investments, LLC (the "Broker-Dealer") as of March 31, 2019. In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Broker-Dealer at March 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Broker-Dealer's management. Our responsibility is to express an opinion on the Broker-Dealer's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the statement of financial condition. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

BDO USA, LLP

We have served as the Broker-Dealer's auditor since 2018.

McLean, Virginia
June 17, 2019

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

See accompanying notes to the financial statements.

Alliance-One Investments, LLC

Notes to the Financial Statement

1. Organization

Alliance-One Investments, LLC (the "Company"), formed in October 2016, is a broker-dealer registered with the Securities Exchange ("SEC"), and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Registration with FINRA was effective in July 2017. The Company is a limited purpose broker-dealer that provides administrative support services to its Parent.

The Company is a wholly-owned subsidiary of Alliance-One Services, Inc. ("AOS"), which is wholly owned by DXC Technology Company ("DXC" or the "Parent") and operates in the United States of America.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") as defined by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Use of Estimates

U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. These estimates are based on management's best knowledge of historical experience, current events and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from these estimates.

Cash and Cash Equivalents and Restricted Cash

Cash is held in a non-interest bearing account.

Restricted cash is held in a fiduciary account maintained by FINRA. Cash is deposited in this account to fund future fees and the Company generally does not have access to the funds.

Fair Value

ASC 820, *Fair Value Measurement*, defines fair value, establishes a fair value hierarchy for assets and liabilities measured at fair value, and expands required disclosures about fair value measurements. The Company did not have any assets or liabilities measured at fair value on a recurring basis using significant other observable inputs (level 2) or significant unobservable inputs (level 3) as prescribed by the standard. The carrying amounts of accounts receivable from the Parent approximates fair value due to the short maturity terms of this instrument.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to credit risk primarily consist of receivable from Parent. The Company's sole customer is DXC, which is a global, publicly traded technology company.

Alliance-One Investments, LLC

Notes to the Financial Statement

Income Taxes

The Company is a limited liability company treated as a partnership for federal and state income tax purposes with all income tax liabilities and/or benefits of the Company being passed through to the member. As such, no recognition of federal or state income taxes for the Company has been provided for in the accompanying financial statements. Any uncertain tax position taken by the member is not an uncertain position of the Company.

Recent Accounting Pronouncements

Of the ASU's which were recently issued but have not yet been adopted by the Company none are expected to have a material effect on the Company's financial statements.

3. Member's Equity

The Company is party to an expense sharing agreement with its Parent, in which the Parent pays for certain expenses incurred by the Company. Because the Company will not reimburse DXC, these expenses are reported as capital contributions to the Company. There were \$525,350 of non-cash capital contributions for the year ended March 31, 2019.

4. Commitments and Contingencies

The Company is not obligated under non-cancelable operating leases for office facilities or any other operating lease agreements.

The Company accrues a liability when management believes that it is both probable that a liability has been incurred and the amount of loss can be reasonably estimated under ASC 450, *Contingencies*. Regarding other matters that may involve actual or threatened disputes or litigation, the Company, in accordance with the applicable reporting requirements, provides disclosure of such matters for which the likelihood of material loss is at least reasonably possible. No contingencies were recorded for the year ended March 31, 2019.

5. Related Party Transactions

All revenues earned by the Company are settled with the Parent through its intercompany account.

As of March 31, 2019, the net amount due from the Parent was \$8,268. Repayment terms are defined and the receivables are non-interest bearing.

The Company and its Parent are parties to an expense sharing agreement in which the Parent and its other subsidiaries will pay expenses on behalf of the Company for which the Company will not reimburse the Parent. These expenses include but are not limited to labor, legal fees and rent. These expenses are reported at cost by the Company and are treated as non-cash capital contributions.

Alliance-One Investments, LLC

Notes to the Financial Statement

6. Net Capital Requirements

As a registered broker-dealer, the Company is subject to the requirements of the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934. The Company operates pursuant to Rule 15c3-3(k)(2)(i) except that it does not maintain a "Special Account for the Exclusive Benefit of Customers" inasmuch as Alliance-One Investments, LLC does not receive or hold customer funds or safe keep customer securities.

As of March 31, 2019, the Company had net capital of \$140,621, which was \$135,621 in excess of required net capital of \$5,000.

7. Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the continuation of operations, realization of assets and liquidation of liabilities in the ordinary course of business.

The Company has been primarily funded through cash contributions from its parent company and expects to continue to incur losses for the foreseeable future.

As of March 31, 2019, management believes that currently available cash together with the committed funding from its parent company, who has the ability and intent to provide the required funding, would provide sufficient funds to enable the Company to meet its obligations for greater than one-year subsequent to the financial statement issuance date.

8. Subsequent Events

The Company has evaluated subsequent events through June 17, 2019, the date the financial statements were issued. No events have occurred from the balance sheet date through that date that would impact the financial statements.
