Notes to Financial Statements

June 30, 2019

NOTE 1 – ORGANIZATION AND DESCRIPTION OF BUSINESS

Selkirk Investments, Inc. (“Selkirk”), located in Spokane, Washington, operates as an introducing broker/dealer, clearing transactions with and for customers on a fully disclosed basis through another broker/dealer.

Effective January 1, 1995, pursuant to a plan of reorganization, the Company became a wholly owned subsidiary of Empire Financial Group Incorporated (“EFGI”). At that date, the shareholders transferred all issued and outstanding shares of stock of Selkirk to EFGI in exchange for shares of EFGI.

Selkirk’s year-end is June 30.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Selkirk Investments, Inc. is presented to assist in understanding the Company’s financial statements. The financial statements and notes are representations of the Company’s management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America, and have been consistently applied in the preparation of the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include short-term investments with original maturities of three months or less that are available to meet the cash needs of Selkirk.

Accounting Method

The Company’s financial statements are prepared using the accrual method of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Actual results could differ from those estimates.

Compensated Absences

Employees are entitled to paid vacation, sick days, and personal days off depending on job classification, length of service, and other factors. At June 30, 2019, a total of \$10,228 had been accrued for future compensated absences.

The accompanying notes are an integral part of these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative Instruments

The Company follows the guidance of ASC Topic 815 Derivatives and Hedging. This standard establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the consolidated balance sheet and measure those instruments at fair value. It also requires disclosures about the entity's derivative and hedging activities.

If certain conditions are met, a derivative may be specifically designated as a hedge, the objective of which is to match the timing of gain or loss recognition on the hedging derivative with the recognition of (i) the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk or (ii) the earnings effect of the hedged forecasted transaction. For a derivative not designated as a hedging instrument, the gain or loss is recognized in income in the period of change.

Historically, the Company has not entered into derivatives contracts to hedge existing risks or for speculative purposes.

At June 30, 2019, the Company has not engaged in any transactions that would be considered derivative instruments or hedging activities.

Furniture and Equipment

Selkirk sold its furniture and equipment to its parent, Empire Financial Group, in 1999 at book value. EFGI leases the furniture and equipment back to Selkirk on an operating lease for \$40 per month. The operating lease is updated annually.

Earnings (losses) per share

Basic and diluted earnings (losses) per share are presented in accordance with FASB ASC Topic 260 – Earnings per Share and are calculated on the basis of the weighted average number of common shares outstanding during the period. Basic earnings per share includes no dilution and is computed by dividing net income available to common shareholders by the weighted average common shares outstanding. Diluted earnings per share calculations include the dilutive effect of common stock equivalents in years with net income. Basic and diluted earnings per share, \$.16 as of June 30, 2019, are the same due to the absence of common stock equivalents.

Revenue Recognition and Related Expenses

Selkirk recognizes income from trades made and investing activities, including its portion of any shared commissions on a settlement date basis. Total commission expense

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition and Related Expenses (continued)

recorded for the year ended June 30, 2019 was \$256,042 which includes all commissions paid to the Company's securities representatives.

Receivables

Receivables consist of commissions due from insurance brokers and mutual funds. Management has determined that an allowance for doubtful receivables is not necessary based on a review of historical losses, of which there were none.

Income Taxes

Federal income taxes are calculated in accordance with ASC Topic 740 – *Income Taxes* and have been computed at statutory rates. See Note 4. Selkirk is part of a consolidated federal tax filing by its parent company, EFGI.

Fair Value of Financial Instruments

The Company's financial instruments as defined by Topic 820 – Fair Value Measurements and Disclosures include cash, accounts receivable, accounts payable and accrued expenses. All instruments are accounted for on a historical cost basis, which, due to the short maturity of these financial instruments, approximates fair value at June 30, 2019.

Anti-Money Laundering

The Company has adopted anti-money laundering policies in compliance with the 2001 US Patriot Act. Title III of the Patriot Act imposes obligations on brokers/dealers and other financial institutions under new anti-money laundering provisions and amendments to the existing Bank Secrecy Act requirements. Each employee has read the policy and attended an annual meeting for compliance with the Company policy.

NOTE 3 – RECENT ACCOUNTING PRONOUNCEMENTS

On July 1, 2018, the company adopted ASU 2014-09, Revenue from Contract with customers, and all subsequent amendments to the ASU (collectively, "ASC 606"), which creates a single framework for recognizing revenue from contracts with customers that fall within its scope and revises when it is appropriate to recognize a gain or loss from the transfer of any nonfinancial assets. The Company's key revenue sources that are affected by ASC 606 are brokerage commissions. Such commissions are generated when the Company buys and sells on behalf of its customers. Commissions and related clearing expenses are recorded on the trade date (the date the Company fills the trade order by finding and contraction with a counterparty and confirms the trade with the customer).

The accompanying notes are an integral part of these financial statements.

SELKIRK INVESTMENTS, INC.

Notes to Financial Statements

June 30, 2019

NOTE 3 – RECENT ACCOUNTING PRONOUNCEMENTS (continued)

The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified and the risks and rewards of ownership have been transferred to/from the customer. Because of this, the adoption of ASC 606 does not have a significant impact on the Company's financial statements for the year ended June 30, 2019.

NOTE 4 – NET CAPITAL REQUIREMENT

Selkirk is subject to the Securities and Exchange Commission's ("SEC") uniform net capital rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio aggregated indebtedness to net capital, both as defined, shall not exceed 1,500% (15 to 1). At June 30, 2019, Selkirk had net capital of \$85,566 which is \$35,566 more than its required net capital of \$50,000. Selkirk's ratio of aggregate indebtedness to net capital was 95.98 to 1. Selkirk is exempt from SEC Rule 15c3-3 because it does not carry security accounts for customers or perform custodial functions relating to customers securities.

NOTE 5 - FEDERAL INCOME TAX

Federal income taxes are calculated in accordance with ASC Topic 740 *Income Taxes* and have been computed at statutory rates. Selkirk is part of a consolidated federal tax filing by its parent company, EFGI on a calendar year basis. All taxes are filed under Washington State tax jurisdiction along with all federal taxes. Subsequently the last three years of tax returns dating back to 2015 are open for examination.

The current tax provision shown on the Company's statement of income represents the federal income tax the Company would have incurred on a separate basis, although federal income tax returns are filed on a consolidated basis by its parent on a calendar year basis. In accordance with regulatory requirements and ASC Topic 980 Regulated Operations, the Company has a tax liability for the fiscal year end June 30, 2019 of \$5,766 from the current year's estimated taxable income.

The company is subject to audit or examination by various regulatory jurisdictions, as of report date, there were no audits or examinations in progress. With few exceptions, as of December 31, 2018, the consolidated calendar year tax return is no longer open to audit or examination for the calendar years prior to December 31, 2015.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
