TORCH SECURITIES, LLC
Notes to Financial Statements
December 31, 2019

Note 1: Organization

Business Activity

Torch Securities, LLC (the "Company"), a Delaware limited liability company, was formed in October 2004. It was granted membership in the Financial Industry Regulatory Authority ("FINRA"), as a limited broker-dealer in May 2005. The Company operates under the exemptive provisions of the Securities and Exchange Commission's (SEC) Rule 15c3-3(k)(2)(i) which provide that it will not maintain any margin accounts, will promptly transmit customer funds and deliver securities received, and does not hold funds or securities for, or owe money or securities to, customers. Its business operations focus primarily on mergers and acquisitions ("M&A"), private capital formations, fairness opinions and business valuations. The Company does not underwrite securities or participate in the brokerage of publicly traded securities.

Note 2: Significant Accounting Policies

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

The Company considers all short-term highly liquid investments which are readily convertible into cash and have maturities as of the date of purchase of three months or less to be cash equivalents.

Revenue Recognition

Revenues from the Company's operations are recognized in the period the services are provided or upon closing of an M&A transaction. A non-contingent investment banking fee is recognized in the period the service. A contingent investment banking fee is earned only if an M&A transaction closes and is recognized on the closing date of an M&A transaction.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses at the date of the financial statements. Actual results could differ from those estimates.

Note 2: Significant Accounting Policies (cont.)

Guaranteed Payments

Guaranteed Payments represent amounts paid to individual members in the form of success fees, salary, or other similar compensation. Such payments to a member shall not reduce the capital accounts of such member, except to the extent of its distributive share of any company losses or other downward capital adjustment resulting from such payment.

Comprehensive Income

The Company adopted SFAS No. 130, "Reporting Comprehensive Income," which requires that an enterprise report, by major components and as a single total, the changes in equity. There were no comprehensive income items for the year ended December 31, 2019.

The firm did not have any adjustments that would have made comprehensive income different from net income.

Concentrations of Credit Risk

The Company has not engaged in securities business, various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions, and therefore is not exposed to risk.

Note 3: Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC) Rule 15c3-1, which requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net Capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2019, the Company had net capital of \$19,130 of which \$14,130 was in excess of its required minimum net capital per SEC Rule 15c3-1. The Company had no aggregate indebtedness.

Note 4: Fair Value

The Company adopted Financial Accounting Standards ("SFAS") ASC 820 Measurements and Disclosures for assets and measured at fair value on a recurring basis. The ASC 820 had no effect on the Company's financials. ASC 820 accomplishes the following key objectives:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date;

TORCH SECURITIES, LLC

Notes to Financial Statements

Note 4: Fair Value(cont)

- Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value measurements;
- Requires consideration of the Company's creditworthiness when valuing liabilities; and expands disclosures about instruments measured at fair value.

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

- Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 - inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, accounts receivable, accrued expenses and other liabilities.

Note 5: Recently issued accounting standards

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers: Topic 606 and issued subsequent amendments to the initial guidance in August 2015, March 2016, April 2016, May 2016, December 2016, May 2017 and September 2017 within ASU 2015-14, ASU 2016-08, ASU 2016-10, ASU 2016-12, ASU 2016-20, ASU 2017-10, ASU 2017-13 and ASU 2017-14, respectively (collectively, Topic 606). Topic 606 supersedes nearly all existing revenue recognition guidance under GAAP. The core principle of Topic 606 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration that is expected to be received for those goods or services. Topic 606 defines a five-step process to achieve this core principle and, in doing so, it is possible more judgment and estimates may be required within the revenue recognition process than are required under existing GAAP, including identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation, among others. Topic 606 also provides guidance on the recognition of costs related to obtaining customer contracts. The Company has implemented the standard.

TORCH SECURITIES, LLC

Notes to Financial Statements

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) and issued subsequent amendments to the initial guidance in September 2017 within ASU 2017-13 (collectively, Topic 842). Topic 842 requires companies to generally recognize on the balance sheet operating and financing lease liabilities and corresponding right-of-use assets. Topic 842 is effective for the Company's fiscal year ending December 31, 2019.

Note 6: Provision for Taxes

The Company as an LLC is treated as a disregard for federal tax purposes and is allowed to absorb any gains or losses in the member's individual tax return. As the tax obligations of the sole member is carried to his individual tax return, any audit or review considerations related to Internal Revenue Service assessments and statute of limitations thereof are borne by the sole member. Under section 6501(a) of the Internal Revenue Code (Tax Code) and section 301.6501(a)-1(a) of the Income Tax Regulations (Tax Regulations), for the years 2013, 2014, and 2015 the IRS is required to assess tax within 3 years after the tax return was filed with the IRS.

Note 7: Subordinated Liabilities

There were no liabilities subordinated to claims of general creditors at any time during the year ended December 31, 2019. Therefore, the statement of changes in liabilities subordinated to claims of general creditors specified by rule 17a-5(d)(2) has not been presented for the year ended December 31, 2019.

Note 8: Commitments and Contingencies

As of the audit date there are no contingencies, guarantees of debt, and the like. All outstanding obligations have been paid and the Company made no accruals. As a sole member of Torch Securities, LLC, the company used the home of Mr. O'Driscoll the Company's President and CEO as the main office.

Note 9: Members contribution

During 2019, Mr. O'Driscoll made a cash contribution in the amount of \$3,000.00 to the Company.

Note 10: Subsequent Events

These financial statements were approved by management and available for issuance on February 28, 2020. Subsequent events have been evaluated through this date.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
