Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors
First South Carolina Securities, Inc.
Columbia, South Carolina

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of First South Carolina Securities, Inc. (the "Company") as of December 31, 2019, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended, and the related notes to the financial statements (collectively, the "financial statements").

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of First South Carolina Securities, Inc. as of December 31, 2019, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplementary information contained in Schedules 1, 2, and 3 (the "Supplemental Information") has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information contained in Schedules 1, 2 and 3 is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company's auditor since 2009.

Notes to Financial Statements

December 31, 2019

Note 1. Summary of Significant Accounting Policies and Activities

Business activity and regulation:

First South Carolina Securities, Inc. (the "Company") is a registered broker/dealer licensed in South Carolina serving financial institutions across South Carolina, and is a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is a broker/dealer and utilizes a third party as its clearing firm. The securities purchased or sold through the clearing firm are not insured by the Federal Deposit Insurance Corporation ("FDIC") or any other federal or state deposit guarantee fund, and are subject to investment risk, including possible loss of the principal invested.

The Company uses the accrual method of accounting.

Revenue recognition:

Customers' securities transactions are recorded on a settlement date basis. Securities are valued at market value. The resulting difference between cost and market (or fair value) is included in net gains on trading securities. Revenue earned for investment advisory services is recorded in the period the consultation is provided.

The Company's revenues are generated primarily through providing investment related advisory services. The Company receives non-refundable, monthly advisory fees to compensate for the research and analysis performed as part of the engagement. The Company recognizes these non-refundable monthly advisory fees as earned in accordance with the terms of the engagement.

The Company earns trading revenue through commissions earned for executing trades for clients on individual securities. This revenue is earned and collected when the trades are executed.

Marketable securities owned:

Marketable securities consist of fixed income securities and are valued at quoted market values. If a quoted market value is not available, market value is determined using quoted market prices for similar investment securities. Security transactions and any related gains or losses are recognized on the trade date. Cost is determined by the average cost method for the purpose of computing realized gains or losses on investment securities. All marketable securities owned by the Company are considered trading securities. Changes in the fair value from one reporting period to the next (unrealized gains and losses) are recorded as trading revenue in the accompanying statements of operations.

Securities held-to-maturity:

Investment securities held-to-maturity are stated at cost, adjusted for amortization of premium and accretion of discount computed by the straight-line method. The Company has the ability and management has the intent to hold designated investment securities to maturity. Reductions in market value considered by management to be other than temporary are reported as a realized loss and a reduction in the cost basis of the security.

December 31, 2019

Note 1. Summary of Significant Accounting Policies and Activities, Continued

Income taxes:

Deferred income taxes are provided when expenses, relating to depreciation of office equipment, are recognized in different years for financial and tax reporting purposes. Deferred income taxes also arise from operating loss carryforwards.

The Company follows the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740-10, which clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements. The provision also prescribes a recognition threshold and measurement of a tax position taken or expected to be taken in an enterprise's tax return. The provisions of FASB ASC 740-10 did not have any impact on the Company's financial position as no uncertain tax positions have been taken.

Tax returns for 2016 and subsequent years are subject to examination by taxing authorities.

Office furniture and equipment:

Depreciation is provided on a straight-line basis, using estimated useful lives of five to seven years for office furniture and equipment. At December 31, 2019, all office furniture and equipment has been fully depreciated.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of credit risk:

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist of cash deposits in banks. The Company places its cash with high credit quality institutions. As of December 31, 2019, there were no cash deposits exceeding "FDIC" limits.

Fair value of assets and liabilities:

The carrying amounts of all financial instruments approximate their estimated fair values in the accompanying statement of financial condition.

First South Carolina Securities, Inc.

Notes to Financial Statements

Note 4. Income Taxes

The following summary of the provision for income taxes includes tax deferrals which arise from temporary differences in the recognition of certain items of revenue and expense for tax and financial reporting purposes for the year ended December 31, 2019:

Income taxes currently payable

Federal	\$ -
State	-
	<u>\$ -</u>
Deferred income taxes (benefit)	\$ (3,986)
Change in valuation allowance	<u>3,986</u>
Provision (benefit)	<u>\$ -</u>

The income tax effect of cumulative temporary differences at December 31, 2019 are as follows:

	<u>Deferred Tax Asset (Liability)</u>
Net operating losses	\$ 20,769
Valuation allowance	<u>(20,769)</u>
Deferred tax asset	<u>\$ -</u>

The provision for income taxes is reconciled to the amount of income tax computed at the federal statutory rate on income before income taxes for the year ended December 31, 2019 as follows:

Tax expense at statutory rate	\$ 44
Increase (decrease) in taxes resulting from:	
Cash surrender value of life insurance	(3,668)
State tax (net of federal benefit)	(630)
Change in valuation allowance	3,986
Other, net	<u>268</u>
Tax provision (benefit)	<u>\$ -</u>

As of December 31, 2019, the taxpayer has a federal net operating loss carryforward of \$79,505, and a state net operating loss carryforward of \$103,118. These net operating losses will begin to expire in 2035 and 2033, respectively.

In December 2015, management evaluated the likelihood of recognizing the Company's deferred tax asset. Based on the evidence supporting this asset, it was decided to record a full valuation allowance against the asset on the Company's book. A deferred tax asset is created from the difference between book income using Generally Accepted Accounting Principles ("GAAP") and taxable income.

First South Carolina Securities, Inc.

Notes to Financial Statements

December 31, 2019

Note 4. Income Taxes, Continued

Deferred tax assets represent the future tax benefit of deductible items. The Company, under the current Internal Revenue Code, is allowed an up to two-year carryback and a twenty-year carryforward of these timing items. A valuation allowance is established if it is more likely than not that a tax asset will not be realized. The valuation allowance reduces the recorded deferred tax assets to net realizable value. As of December 31, 2019, the valuation allowance increased to \$20,769 to reflect the portion of the deferred income tax asset that is not able to be offset against net operating loss carrybacks and future taxable income, when the Company generates future taxable income, it will be able to reevaluate the amount of the valuation allowance.

Note 5. Lease Obligation

The Company leases office facilities through July 31, 2020. The operating lease obligation for the terms of the lease are as follows:

2020	\$ 6,125
------	----------

There is no commitment after the end of the one-year lease term.

Note 6. Line of Credit

As a requirement of the bank at which the Company maintains its clearing account, the Company established a \$1,500,000 line of credit bearing an interest rate of 5.25% that matures on August 30, 2020. No funds have been drawn on the line since its origination.

Note 7. Commitments and Contingencies

In the ordinary course of business, the Company may, from time to time, become a party to legal claims and disputes. At December 31, 2019, management is not aware of any pending or threatened litigation or unasserted claims or assessments that could result in losses, if any, that would be material to the financial statements.

Note 8. Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after that date. The Company has evaluated subsequent events for accounting and disclosure purposes through the date the financial statements were available to be issued and no subsequent events occurred requiring accrual or disclosure.

Board of Directors
First South Carolina Securities

We have reviewed management's statements, included in the accompanying Exemption from SEC Rule 15c3-3, in which First South Carolina Securities, Inc. (the "Company") identified the following provisions of 17 C.F.R. § 240.15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(i) – "Special Account for the Exclusive Benefit of Customers" and the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions.
