REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Pyramid Funds Corporation

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Pyramid Funds Corporation (the "Company") as of December 31, 2019, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2009

PYRAMID FUNDS CORPORATION
Notes to Financial Statement
December 31, 2019

1. Organization

Pyramid Funds Corporation (the “Company”) is a securities broker dealer, registered with the Securities and Exchange Commission and FINRA. The Company limits its business to the sale of mutual funds and variable annuities. The Company, like other securities firms, is directly affected by general economic and market conditions, including fluctuations in volume and price levels of securities, changes in interest rates and securities brokerage services, all of which have an impact on the Company’s liquidity.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Company:

Revenue – Securities transactions (and related commission revenue and expense, if applicable) are recorded on a trade date basis.

Income taxes – The Company has elected to be taxed under the provision of Subchapter S of the Internal Revenue Code and similar state provisions. Under these provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholders are liable for individual federal and state income taxes on their respective shares of the corporate income. Accordingly, no provision has been made for federal or state income tax for the year ended December 31, 2019, in the accompanying financial statements.

The Company recognizes and discloses uncertain tax positions in accordance with accounting principles generally accepted in the United States of America (GAAP). As of, and during the year ended December 31, 2019, the Company did not have a liability for unrecognized tax benefits. The Company is no longer subject to examination by federal and state taxing authorities prior to 2016.

Property and Depreciation – Furniture and equipment are depreciated generally using straight-line and accelerated methods over their estimated useful lives.

Fair value measurements - FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements – (Continued)

•Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

Common stock and mutual fund securities are valued at the closing price reported on the active market on which the individual securities are traded. If quoted market prices are not available, fair values are based on quoted market prices of comparable securities. If quoted market prices are not available for comparable securities, fair value is based on quoted bids for the security or comparable securities.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Securities Owned:				
Common Stocks	\$ 162,461	\$ -	\$ -	\$ 162,461
Mutual Funds	<u>23,661</u>	<u>-</u>	<u>-</u>	<u>23,661</u>
Total	<u>\$ 186,122</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 186,122</u>

The Company did not hold any Level 3 investments during the year ended December 31, 2019. The Company did not hold any derivative instruments at any time during the year ended December 31, 2019. There were no significant transfers into or out of Level 1 or Level 2 during the period. It is the Company's policy to recognize transfers into and out of Level 1 and Level 2 at the end of the reporting period.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

Subsequent events - Management has evaluated the impact of all subsequent events through February 28, 2020, the date the financial statements were available to be issued and has determined that there were no subsequent events requiring disclosure in these financial statements.

3. Related Party Transactions

Various amounts have been advanced to/from the Company's offices and affiliates owned by the Company's stockholders. At December 31, 2019 an amount of \$93,652 was due from officers and an amount of \$0 was due from affiliates.
