REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member
of EA Markets Securities LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of EA Markets Securities LLC (the "Company") as of December 31, 2019 and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2018.

Summary of Significant Accounting Policies

Use of Estimates

The presentation of this financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

Accounts Receivable

The Company reviews the balance of accounts receivable outstanding at year end to determine if any are potentially uncollectible. At December 31, 2019, the Company had a receivable due from one underwriting syndicate which was deemed collectible.

Income Taxes

The Company is treated as a disregarded entity for Federal income tax purposes in accordance with single member limited liability company rules. The Company's expense for registered representatives is based on a discretionary compensation allocation. These amounts are remitted to the Parent and the Parent is responsible for paying the registered representatives.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.
