SIKICH CORPORATE FINANCE LLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Firm's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

- a. Nature of Operations- Sikich Corporate Finance, LLC, a Delaware limited liability company (the Firm), was formed on October 15, 2008, and began operations on November 3, 2009. The Firm is a registered broker-dealer with the Financial Industry Regulatory Authority (FINRA), and the Securities and Exchange Commission (SEC). The general purpose of the Firm is to engage in capital raising services, including private securities placements and Private Investment in Public Equity (PIPE) transactions, and to perform mergers and acquisitions advisory services, including facilitating mergers and acquisitions, tender offers, financial restructurings, asset sales, divestitures and other corporate reorganizations or business combination transactions, and rendering fairness, solvency or similar opinions. The Firm's customers are located throughout the United States. The Firm is wholly owned by Sikich LLP, a professional services firm.
- b. Use of Estimates- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.
- c. Concentrations of Credit Risk- The Firm places its cash in accounts with a local financial institution. At times, such accounts may be in excess of FDIC insured limits.
- d. Accounts Receivable- Accounts Receivable consists of fees and other amounts owed to the Firm. The Firm, on a periodic basis evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on history of past write-offs and collections and current credit conditions. Accordingly, the accounts receivable disclosed in the statement of financial condition reflects an allowance for doubtful accounts consistent with the Firm policy. Uncollectible accounts receivable are charged directly against operations.
- e. Basis of Presentation and Method of Accounting- The Firm's financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP"), and presented on the accrual basis method of accounting.
- f. Revenue Recognition- The Firm recognizes revenue in accordance with ASC Topic 606 *Revenue from Contracts with Customers*, effective 2018. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time. Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Firm and consumed by the customer.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE 2: FAIR VALUE MEASUREMENTS

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Firm has the ability to access.
- Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Firm's own data.

At December 31, 2019, the Firm did not have any level 1, 2 or 3 investments.

NOTE 3: INCOME TAX EXPENSE

As a limited liability company, the Firm is treated as a partnership for federal income tax purposes. Consequently, federal income taxes are not payable by, or provided for, the Firm. The single member owner is taxed individually on its share of the Firm's earnings. The Firm is subject to certain state taxes; however no provision for state income taxes is required at December 31, 2019.

Accounting principles generally accepted in the United States of America require the Firm to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next twelve months or that would not sustain an examination by applicable taxing authorities. Generally, the Firm is no longer subject to income tax examinations by major taxing authorities for the years before 2016.

The Firm's policy is to recognize penalties and interest as incurred in its Statement of Income, there were none for the year ended December 31, 2019.

NOTE 4: STATEMENTS OF CHANGES IN LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

For the year ended December 31, 2019, the Firm did not have any subordinated liabilities subject to claims of general creditors. Therefore, no statements have been prepared.

SIKICH CORPORATE FINANCE LLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE 5: NET CAPITAL REQUIREMENTS

The Firm is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance. The Firm is required to maintain net capital equal to the greater of \$5,000 or 6-2/3% of the aggregate indebtedness, as these terms are defined under the rule. At December 31, 2019, the Firm's net capital was \$236,181 which was \$231,181 in excess of its minimum net capital requirement. There is no material difference between this computation of net capital pursuant to Rule 15c3-1 and the corresponding computation prepared by the Firm and included in the unaudited amended Part II of Form X-17a-5 as of December 31, 2019.

NOTE 6: RELATED PARTY TRANSACTIONS

The Firm is 100% owned by Sikich LLP and is subject to an expense sharing agreement with Sikich LLP that has been approved by FINRA. The agreement was amended on June 17, 2014 to reflect adjustments in expenses and is for a period of twelve months and will renew automatically for an additional twelve months if not cancelled prior to the renewal date of the contract. Under the agreement Sikich LLP has agreed to pay full amount of certain expenses on behalf of the Firm. During the year ended December 31, 2019, Sikich LLP paid \$1,520,825 in consideration of rent, utilities, telephone, equipment furniture and fixtures, postage, office supplies, accounting services, and other general non-securities related administrative and office expenses. The Firm will not have any obligation to pay back any incurred expenses paid on its behalf by Sikich LLP, and thus such amounts are not reflected in the financial statements.

NOTE 7: SUBSEQUENT EVENTS

The Firm has evaluated subsequent events through February 27, 2020; the date on which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the related notes to the financial statements.
