ENCLAVE CAPITAL, LLC

Notes to Financial Statements For the Fiscal Year Ended March 31, 2020

1. Organization and nature of business

Enclave Capital, LLC, (the "Company") is a Delaware limited liability company formed May 26, 2005. The Company is a securities broker-dealer, registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company conducts investment banking through an advisory and private placement practice. The firm provides wholesale equity execution for the domestic U.S. markets and brokerage service to institutional investors in several developed, emerging and frontier markets through SEC Rule 15a-6.

Since the Company is a limited liability company, the Members are not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the Member has signed a specific guarantee.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

b) Revenue Recognition

Investment banking revenues include fees, net of expenses, arising from securities offerings in which the Company participates. Investment banking revenues also include fees earned from providing financial advisory services. Investment banking revenue is booked when the deal is completed, and the income is reasonably determinable.

Facility fees include monthly fixed fees earned by the Company for the compliance supervision of foreign individuals who require oversight while conducting securities transactions in the United States of America. The Company performs supervisory review of such activities to ensure they are performed within the confines of the appropriate regulatory rules and regulation

c) Income Taxes

The Company is not subject to federal or state income taxes. The members report their distributive share of realized income or loss on their own tax returns. However, the Company does file tax returns in which it recognizes and measures its unrecognized tax benefits in accordance with Financial Accounting Standards Board ("FASB") ASC 740, Income Taxes. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. FASB provides guidance on how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Partnership's tax returns to determine whether the tax positions are 'more-likely-than not' of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year.

For the year ended March 31, 2020 management has determined that there are no material uncertain income tax positions

ENCLAVE CAPITAL, LLC

Notes to Financial Statements For the Fiscal Year Ended March 31, 2020

2. Summary of Significant Accounting Policies (continued)

d) Fixed Assets

Equipment and furniture are recorded at cost. Fixed assets with a cost basis in excess of \$5,000 are capitalized when purchased. Depreciation is computed on a straight-line basis over the estimated useful life of the assets, generally five to seven years. Improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

FASB Accounting Standards Codification ("ASC") 820 Fair Value Measurement and Disclosures (formerly FASB Statement 157, Fair Value Measurements) bears no material effect on the financial statements as presented.

3. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1, which requires maintaining a minimum net capital and requires the rate of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company is required to maintain the greater of its minimum net capital of \$250,000 or 6.67% of its aggregate indebtedness. At March 31, 2020, the Company had net capital of \$309,258, which was \$59,258 in excess of its required net capital of \$250,000. The Company's percentage of aggregate indebtedness to net capital was 5.83%.

4. Fixed Assets

Fixed assets are stated at cost, less accumulated depreciation. Depreciation is based on the straight-line method over the estimated useful lives of the assets.

Fixed assets consist of the following:

Leasehold improvements	\$ 36,110
Computer equipment	23,700
Furniture	<u>14,897</u>
	74,707
Less: Accumulated Depreciation and Amortization:	(52,441)
Net Fixed Assets	<u>\$ 22,266</u>

Depreciation and amortization expense for the year ended March 31, 2020 was \$2,407.

ENCLAVE CAPITAL, LLC

Notes to Financial Statements For the Fiscal Year Ended March 31, 2020

5. Cash and Cash Equivalents

In the ordinary course of business, the Company makes payments to vendors on behalf of its Facility Fee clients. These amounts are generally repaid within several days of advancement. As of March 31, 2020, the Company was fully paid in such advances.

The Company maintains principally all cash balances in one financial institution which, at times, may exceed the amount insured by the Federal Deposit Insurance Corporation. The exposure to the Company is solely dependent upon daily bank balances and the strength of the financial institution. The Company has not incurred any losses on this account. At March 31, 2020, the amount in excess of insured limits was \$56,173.

6. Commitments and Contingencies

The Company subleases office space on a month to month basis. The following is a schedule of future minimum lease payments required under the lease if the Company continues month to month:

2021	<u>\$ 2,270</u>
Total	<u>\$ 2,270</u>

Rent expense for the year ended March 31, 2020 was \$72,244.

The Company had no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at March 31, 2020 or during the year then ended.

7. Guarantees

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying value (such as an interest or foreign exchange rate, security or commodity price, an index, or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

The Company has issued no guarantees at March 31, 2020 or during the year then ended.

8. Subsequent Events

The Company has evaluated events and transactions that occurred between March 31, 2020 and May 29, 2020, date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the Broker Dealer will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions, and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member's of
Enclave Capital, LLC:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Enclave Capital, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
