With
Independent Auditor's Report

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Objective Equity, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Objective Equity, LLC (the "Company") as of September 30, 2019, the related statements of operations, changes in members' equity, and cash flows for the year then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement to the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

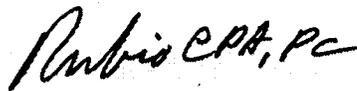

Supplemental Information

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented

in conformity with 17 C.F.R. §240.17a-5. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company's auditor since 2019.

Objective Equity, LLC
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE A- DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business: Objective Equity, LLC (the "Company") is a broker-dealer that was organized in April 2004 as a New York limited liability company. The Company is approved to operate as a broker-dealer, with a perpetual period of duration, registered with the Securities and Exchange Commission ("SEC"). The Company is also a member of the Financial Industry Regulatory Authority (FINRA). The Company provides research and corporate advisory services. The customers are primarily corporation and financial institutions located throughout the United States. As a limited liability company, the members' liability is limited to their investment.

Cash: The Company maintains its bank account in a high credit quality financial institution. The balance at times may exceed federally insured limits.

Income Taxes: The Company has elected to be taxed as a partnership under the provisions of the Internal Revenue Code and, accordingly, is not subject to income taxes. Instead, members are liable for federal and state income taxes on their respective share of the taxable income of the Company. Accordingly, no provision for income tax has been provided for in the accompanying financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return.

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

Revenue Recognition: The Financial Accounting Standards Board (FASB) has issued a comprehensive new revenue recognition standard that supersedes most existing revenue recognition guidance under GAAP (FASB Accounting Standards Codification 606, Revenue from Contracts with Customers). The Company adopted this standard effective October 1, 2018.

Revenue from contracts with customers includes placement and advisory services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transactions prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

Objective Equity, LLC
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE A- DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (continued):

The Company provides placement and advisory services related to capital raising activities and mergers and acquisition transactions. M&A Advisory revenue for advisory arrangements is generally recognized at the point in time that performance under the agreement is completed (the closing of the transaction). In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract.

Retainers and other fees received from customers prior to recognizing the revenue are reflected as unearned income.

Application of the standard in fiscal year 2019 using the modified retrospective approach had no effect on reported financial position, results of operations or related disclosures.

Basis of Presentation: The Company maintains its accounting records on an accrual basis and follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition, results of operation, and cash flows.

Use of Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Date of Management's Review: Subsequent events were evaluated through the date the financial statements were issued.

NOTE B - NET CAPITAL

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At September 30, 2019, the Company had net capital deficiency of (\$22,324), which was (\$27,324) in deficit of its required net capital of \$5,000 and its ratio of aggregate indebtedness to net capital was -1.0 to 1.0.

Management believes that the Company became compliant with its net capital requirement on May 11, 2020 upon receipt of a capital contribution of \$40,000.

Objective Equity, LLC
NOTES TO FINANCIAL STATEMENTS
September 30, 2019

NOTE C – CONTINGENCIES

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at September 30, 2019.

As a registered broker-dealer, the Company is required to maintain a fidelity bond policy with minimum coverage amounts. Fidelity bond coverage had lapsed on September 30, 2019, but was reinstated effective July 1, 2020. The Company believes there was no activity during the period when it did not have coverage that would cause a loss to the Company.

NOTE D – RELATED PARTY TRANSACTIONS

The Company has extended a short-term loan of \$4,000 that is due from an affiliated company as of September 30, 2019. This entity is affiliated with the Company through common ownership with the Company's majority member. The loan is payable on demand, does not bear interest and is included in "Due from related party" on the statement of financial condition.

The Company operates from office space provided by its majority member at no cost.

Financial position and results of operations could differ from the amounts in the accompanying financial statements if these related party transactions did not exist.

NOTE E – CONCENTRATIONS

All of M&A Advisory revenue was earned from one customer in fiscal year 2019.

NOTE F – NET LOSS

The Company incurred a loss for fiscal year 2019 and was dependent upon capital contributions from its members for working capital and net capital. The Company's members have represented that they intend to continue to make capital contributions as needed, to ensure the Company's survival through at least one year subsequent to the date of the report of the independent registered public accounting firm.

Management expects the Company to continue as a going concern and the accompanying financial statements have been prepared on a going-concern basis without adjustments for realization in the event that the Company ceases to continue as a going concern.

To the Members of
Objective Equity, LLC

We have reviewed management's statements included in the accompanying Broker Dealers Annual Exemption Report in which (1) Objective Equity, LLC identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Objective Equity, LLC claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(i) (the "exemption provisions"); and, (2) Objective Equity, LLC stated that Objective Equity, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Objective Equity, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Objective Equity, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i), of Rule 15c3-3 under the Securities Exchange Act of 1934.
