REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholder's and Board of Members of M&A Capital, LLC

Opinion on the Financial Statements

I have audited the accompanying statement of financial condition of M&A Capital, LLC as of December 31, 2020, the related statements of income, changes in members' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the financial statements). In my opinion, the financial statements present fairly, in all material respects, the financial position of M&A Capital, LLC as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of M&A Capital, LLC's management. My responsibility is to express an opinion on M&A Capital, LLC's financial statements based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and am required to be independent with respect to M&A Capital, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Auditor's Report on Supplemental Information

The information contained in Schedule I, II, and III ("Supplemental Information") has been subjected to audit procedures performed in conjunction with the audit of the M&A Capital, LLC's financial statements. The Supplemental Information is the responsibility of the M&A Capital, LLC's management. My audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming my opinion on the Supplemental Information, I evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In my opinion, Schedules I, II, and III are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Brian W. Anson

Certified Public Accountant

I have served as M&A Capital, LLC's auditor since 2017.

M&A CAPITAL, LLC
(A CALIFORNIA LIMITED LIABILITY COMPANY)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

M&A Capital, LLC (the Company), a California limited liability company, is an investment advisor, with an emphasis in mergers and acquisitions, strategic planning, restructurings and workouts, and other financial advisory services. The Company is a broker-dealer registered with the Securities and Exchange Commission and the Financial Industry Regulatory Authority (FINRA). The Company shall continue operating under the current operating agreement until December 31, 2050 unless dissolved earlier in accordance with the agreement.

Basis of Accounting

The Company uses the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Income and expenses are recorded as earned and incurred, respectively.

Operating Agreement

The operating agreement has various provisions that determine, among other things, organizational matters, allocation of profits and losses, distributions to the members, loans and guarantees, and the rights and duties of the members.

Accounts Receivable

The Company records its accounts receivable at cost. The Company evaluates the collectability of its accounts receivable and records an allowance for doubtful accounts when indicators show that collectability is not reasonably assured. As of December 31, 2020, no allowance for doubtful accounts was deemed necessary.

Property

Property is stated at cost. Property purchases greater than \$1,000 are capitalized. Depreciation expense is calculated on a straight-line basis over the estimated economic useful lives of the assets, which are five to seven years. Depreciation expense for the year ended December 31, 2020 was \$19,674.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant items subject to such estimates include the recognition of revenues earned and collectability of accounts receivable at year end. Accordingly, actual results could differ from those estimates.

Advertising & Marketing Expenses

Advertising and marketing costs are expensed as incurred. Advertising and marketing expenses amounted to \$21,893 for the year ended December 31, 2020.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Revenue Recognition

A. Significant accounting policy

Revenue is measured based on a consideration specified in a contract with a customer, and excludes any sales incentives and amounts collected on behalf of third parties. The Company recognizes revenue when it satisfied a performance obligation by transferring control over a product or service to a customer.

Taxes and regulatory fees assessed by a government authority or agency that are both imposed on and concurrent with a specified revenue-producing transaction, that are collected by the Company from a customer, are excluded from revenue.

B. Nature of services

The following is a description of activities – separated by reportable segments, per FINRA Form “Supplemental Statement of Income (SSOI)”); from which the Company generates its revenue. For more detailed information about reportable segments, see below:

Fees earned: This includes fees earned from affiliated entities; investment banking fees, M&A advisory; account supervision and investment advisory fees; administrative fees, revenue from research services; rebates from exchanges/ECN and ATS; 12b-1 fees; Mutual fund fees other than concessions or 12b-1 fees; execution service fees; clearing services; fees earned from customer bank sweep into FDIC insured products or from '40 Act companies and networking fees from '40 Act companies.

Income Taxes

The Company is a limited liability company (LLC) treated as a partnership for federal and state income tax purposes and therefore does not incur federal income taxes at the company level. Instead, its earnings and losses are passed through to the members and included in the calculation of the individual members' tax liability. However, because the Company is an LLC, it is subject to a California fee based on its annual gross receipts, which at the end of December 31, 2020 was \$2,500. In addition, the Company is required to pay an \$800 annual tax to the state of California for the right to conduct business in the state.

The Company has adopted the accounting topic generally accepted in the United States of America for income taxes, which provides guidance for how uncertain income tax positions should be recognized, measured, presented and disclosed in the financial statements. The Company is required to evaluate the income tax positions taken or expected to be taken to determine whether the positions are "more-likely-than-not" to be sustained upon examination by the applicable tax authority. The Company has determined that the application of the accounting topic for income taxes does not impact its operations. With few exceptions, the Company is no longer subject to U.S. federal and state income tax examinations by tax authorities for years before 2015. There are no examinations currently pending.

(A CALIFORNIA LIMITED LIABILITY COMPANY)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2. CONCENTRATION OF CREDIT RISK

The Company's cash and cash equivalents are maintained in various bank accounts. The Company may have exposure to credit risk to the extent that its cash and cash equivalents exceed amounts covered by federal deposit insurance. The Company believes that its credit risk is not significant. During the year ended December 31, 2020, one client accounted for 100% of total revenues.

NOTE 3. LEASE COMMITMENT

The Company has reviewed ASC842 Lease Accounting and believes it is not applicable to the Company because the operating lease for the company's office space expires in four months, on April 30, 2021.

The Company leases office space under a non-cancellable operating lease agreement expiring on April 30, 2021. As of December 31, 2020, minimum future rental commitments under the lease are:

For the Years Ending December 31,	
2021	6,400
Total Minimum Lease Payments Due	<u>\$ 6,400</u>

Office rent expense for the year ended December 31, 2020 totaled \$28,880.

NOTE 4. NET CAPITAL REQUIREMENTS

As a broker-dealer, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1). In accordance with the net capital provisions of Rule 15c3-1(A)(2)(vi), the Company is required to maintain a minimum net capital, defined as the greater of \$5,000 or 6 2/3% of the Company's total aggregated indebtedness and a maximum net capital ratio of 15 to 1. The basic concept of the net capital rule is liquidity; its objective being to require a broker-dealer to have at all times sufficient liquid assets to meet its current liabilities.

At December 31, 2020, the Company had net capital of \$762,156 which exceeded the minimum requirement by \$762,156 and had a net capital ratio of 0.09 to 1 (Schedule I). The minimum requirement consists of the great of (i) 6 2/3 of aggregate indebtedness, or (ii) \$5,000. The Company may make certain capital withdrawals, but these distributions will not cause the Company to be in violation of its net capital requirements, unless they result in minimum net capital to fall below the defined thresholds.

NOTE 5. SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 29, 2021, the date on which the financial statements were available to be issued and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
