NOTES TO FINANCIAL STATEMENTS
December 31, 2020

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Bengur Bryan & Co., Inc. (the Company), is a Maryland corporation that is an investment banking firm primarily providing private placement, merger and acquisition and other financial advisory services to corporations. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and is therefore subject to certain regulatory requirements including the maintenance of a certain amount of net capital.

Based on our nature of business, guidance issued in footnote 74 to SEC Release 34-70073 and as discussed in Q&A 8 of the related FAQ issued by SEC staff, the Company updated its membership agreement in 2020 to be reflected under the 'Non-Covered Firm' provision. As such, the Company is exempt from the provisions of Rule 15c3-3, however, does not claim an exemption under paragraph (k)(2) of that rule. Prior to the update made in 2020, the Company claimed exemption from the provision of Rule 15c3-3, as the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k)(2)(i).

COVID-19

The outbreak of COVID-19 in 2020 has caused domestic and global disruption on markets and businesses. As a result, the financial industry has experienced significant volatility. Management believes it has taken appropriate actions to mitigate any material impacts to the Company. However, any additional effect of COVID-19 is unknown and cannot be reasonably estimated as these events have not occurred and are still developing.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates in Preparing Financial Statements

The Company has made estimates and assumptions relating to the reporting of assets and liabilities and their related disclosures to prepare these financial statements in conformity with generally accepted accounting principles. These estimates also affect the reported amounts of revenues and expenses during the period presented. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, cash and cash equivalents includes all highly liquid investments with maturities of three months or less at the time of purchase.

This information is an integral part of the accompanying financial statements.

BENGUR BRYAN & CO., INC.
NOTES TO FINANCIAL STATEMENTS

Fee Revenue

Fee revenue from contracts with customers includes transaction fee revenue, fixed advisory fees, and non-refundable retainer fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events. There were no changes in the judgments used to determine the timing of the satisfaction of performance obligations or the judgments used to determine the transaction price made in applying the guidance in Accounting Standards Codification (ASC) 606.

The following provides detailed information on the recognition of our revenues from contracts with customers:

We provide our clients with a limited range of investment banking and financial advisory services. Investment Banking services primarily include placement agent services in both the equity and debt capital markets, including private equity placements, and distributing private debt, and fees generated in connection with merger & acquisition and valuation related services. Fees from private placements, and mergers and acquisitions engagements are recognized at a point in time when the related transaction is completed, as the performance obligation is to successfully broker a specific transaction. A significant portion of the fees we receive for our investment banking services are considered variable as they are contingent upon a future event (e.g., completion of a transaction) and are excluded from the transaction price until the uncertainty associated with the variable consideration is subsequently resolved, which is expected to occur upon completion of a specified milestone or, for retainer fees, periodically over the course of the engagement. The Company believes the performance obligation for non-refundable retainer fee services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company.

We recognize a receivable between the date of completion of the milestone and payment by the customer. Expenses that are associated with investment banking and advisory engagements are deferred only to the extent they are explicitly reimbursable by the client and the related revenue is recognized upon completion of services. All other investment banking and advisory related expenses are expensed as incurred. All investment banking and advisory expenses are recognized within other operating expenses in the statements of operations.

This information is an integral part of the accompanying financial statements.

BENGUR BRYAN & CO., INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2020

Disaggregation of Revenue

The following table presents the Company's revenues from contracts with customers disaggregated by major business activity and by type of contract:

Investment banking -	Merger & acquisitions	\$ 535,210
	Private placements	-
	Advisory	<u>23,000</u>
		<u>\$ 558,210</u>
	Transaction	\$ 427,710
	Fixed	23,000
	Non-refundable retainer	<u>107,500</u>
		<u>\$ 558,210</u>

Information on Remaining Performance Obligations and Revenue Recognized from Past Performance

We do not disclose information about performance obligations pertaining to contracts that have an original expected duration of one year or less. The transaction price allocated to remaining unsatisfied or partially unsatisfied performance obligations with an original expected duration exceeding one year was not material at December 31, 2020. Investment banking fees that are contingent upon completion of a specific milestone are also excluded as the fees are considered variable and not included in the transaction price at December 31, 2020.

Contract Balances

The timing of our revenue recognition may differ from the timing of payment by our customers. We record a receivable when revenue is recognized prior to payment and we have an unconditional right to payment. Alternatively, when payment precedes the provision of the related services, we record deferred revenue until the performance obligations are satisfied. As of December 31, 2020, we had no receivables related to revenues from contracts with customers.

Accounts and Other Receivables

Account receivables result from charges for services to customers. Accounts are regularly assessed for collectability and allowances are established for doubtful accounts. The allowance is increased by a charge to bad debt expense, and reduced by charge-offs, net of recoveries. As of December 31, 2020, all accounts have been fully collected and the accounts receivable balance is \$0.

Other receivables result from billable expenses incurred for services to customers. These expenses are billed and collectible at billable service milestones. Other receivables are regularly assessed for collectability and expensed if determined to be uncollectable. As of December 31, 2020, the other receivables recorded is \$14,604.

This information is an integral part of the accompanying financial statements.

BENGUR BRYAN & CO., INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2020

Investments

Investments that management believes may be sold prior to maturity are classified as available-for-sale securities. Securities held in this category are measured at fair value with changes in fair value recognized in net income.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

Income Taxes

The Company, with the consent of its stockholders, has elected to be taxed under sections of federal and state income tax law as an S Corporation. As a result of this election, no income taxes are paid by the Company. Instead, the stockholders separately pay tax on their pro rata shares of the Company's income, deductions, losses and credits.

Recently Adopted Accounting Pronouncements

In February 2016, the FASB issued amended guidance for the treatment of leases. The guidance requires lessees to recognize a right-of-use asset and a corresponding lease liability for all operating and finance leases with lease terms greater than one year. The guidance also requires both qualitative and quantitative disclosures regarding the nature of the entity's leasing activities. The guidance will initially be applied using a modified retrospective approach. The amendments in the guidance are effective for fiscal years beginning after December 15, 2018. The Company did not have any lease arrangements during the period ended December 31, 2020 and as such determined there is no relevant impact of the amended lease guidance on its financial statements.

There have been no other newly issued or newly applicable accounting pronouncements that have, or are expected to have, a significant impact on the Company's financial statements.

NOTE 3 – CONCENTRATION OF CREDIT RISK

The Company maintains its cash and temporary investments in one commercial bank in Baltimore, Maryland. Balances on deposit are insured by the Federal Deposit Insurance Corporations (FDIC) up to specified limits. Balances in excess of FDIC limits are uninsured. Total cash and temporary investments held by the bank were \$263,300 at December 31, 2020, of which \$259,326 was invested in money market funds and not insured under FDIC limits.

NOTE 6 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair Value Measurements

FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820-10 are used to measure fair value.

This information is an integral part of the accompanying financial statements.

BENGUR BRYAN & CO., INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2020

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 – valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and,

Level 3 – valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques based on market exchange, dealer or broker-traded transactions.

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, follows. These valuation methodologies were applied to all of the Company's financial assets and financial liabilities carried at fair value.

Equity Securities

Equity securities classified as available for sale are securities that are listed on a national market or exchange and are valued at the last sales price. Such securities are classified within Level 1 of the valuation hierarchy.

The following table summarizes financial assets and financial liabilities measured at fair value, on a recurring basis, as of December 31, 2020, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Equity securities	\$ 39,822	\$ -	\$ -	\$ 39,822
Total assets at fair value	<u>\$ 39,822</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 39,822</u>

NOTE 7 – EMPLOYEE BENEFIT PLAN

The Company maintains a simplified employee pension plan (SEP-IRA) established under the terms of Section 408(k) of the Internal Revenue Code. In order to participate in the Plan, employees must be 21 years of age, and must have performed service for the Company for at least 3 of the 5 immediately preceding years. The Company contributes 25% of compensation, as paid, directly to the individual retirement account of the respective employee. The contribution charged to expense for the plan year ended December 31, 2020 was \$28,295.

This information is an integral part of the accompanying financial statements.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Leasing Arrangements

The Company leases office space under an Expense Sharing Agreement on a month-by-month basis and may be canceled by either party with a thirty-day notice. Rent expense of \$36,404 was charged to operations for the year ended December 31, 2020.

NOTE 9 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2020, the Company had net capital of \$206,351 which was \$200,644 in excess of its required net capital of \$5,707. The Company's ratio of aggregate indebtedness to net capital was .41 to 1.

NOTE 11 – RELATED PARTY TRANSACTIONS

The Company's owner is also a principal owner of two affiliates to which the Company pays expenses related to rent, office supplies, professional registration and dues, telephone, consulting, and other administrative expenses. The Company has incurred a total of \$77,102 for these expenses of which \$68,076 is included in accounts payable and accrued liabilities as of December 31, 2020.

The transactions with the affiliates described above and the effect thereof on the accompanying financial statements may not necessarily be indicative of the effect that might have resulted from dealing with nonaffiliated parties.

NOTE 12 – INCOME TAXES

The Company files income tax returns in the U.S. federal jurisdiction and one state. The Company is a pass-through entity for income tax purposes whereby any income tax liabilities or benefits are attributable to the Company's owners. Any amounts paid by the Company for income taxes are accounted for as transactions with the Company's owners.

The Company adopted the FASB's requirements for accounting for uncertain tax positions. The Company determined that it was not required to record a liability related to uncertain tax positions as a result of these requirements.

The federal and state income tax returns of the Company for 2017, 2018, 2019, 2020 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

5. There were no overpayments applied to the current assessment with the Form SIPC-7. Accordingly, no procedures were performed relative to this requirement.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Public Accountants and in accordance with the standards of the Public Company Accounting Oversight Board (United States). REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Bengur Bryan & Co., Inc.
Baltimore, Maryland

We have reviewed management's statements, included in the accompanying SEC Rule 17a-5 Exemption Report, in which (1) Bengur Bryan & Co., Inc. (the Company) does not claim an exemption from paragraph (k) of 17 C.F.R. §240.15c3-3, and (2) the Company is relying on Footnote 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 because the Company limits its business activities exclusively to (a) receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients, referring securities transactions to other broker-dealers, or providing technology or platform services and (b) participating in distributions of securities (other than firm commitment underwritings) in accordance with the requirements of paragraphs (a) or (b)(2) of Rule 15c2-4. In addition, the Company does not and will not (a) directly or indirectly receive, hold or otherwise owe funds or securities for or to customers, (b) does not and will not carry accounts of or for customers, and (c) does not and will not carry PAB accounts (as defined in Rule 15c3-3) ("Non-Covered Firm"). The Company met the identified conditions cited above throughout the most recent fiscal year without exception and is considered a Non-Covered Firm and is covered by footnote 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5.
