NOTE A – SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by Omni Financial Securities, Inc. (the Company) and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

The Company was incorporated in the State of Ohio in 1991. The Company has adopted a calendar year.

Description of Business

The Company, located in Columbus, OH, is a broker dealer in securities registered with the Securities and Exchange Commission (“SEC”) and is a member of FINRA. The Company operates under SEC Rule 15c3-3 (k)(2)(1), which provides an exemption for “Limited Business.” The Company is wholly-owned by Centerpoint Stewardship, Inc. (the “Parent”).

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable represent amounts due from customer transactions. In June, 2016 the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2016-13 – Current Expected Credit Losses (“CECL”) which replaces the current incurred loss model used to measure impairment losses with an expected loss model for trade and other receivables. The Company adopted the standard effective January 1, 2020, under the modified retrospective approach to the earliest period presented. The adoption of ASU 2016-13 did not have a material effect on the Company’s financial statements. The Company considers an allowance for credit losses based on factors surrounding the credit risk of customers, past events, current conditions, and reasonable and supportable forecasts concerning the future. Management has determined that no allowance was necessary at December 31, 2020 or January 1, 2020.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

OMNI FINANCIAL SECURITIES, INC.
Notes to Financial Statements
As of and for the Year-Ended December 31, 2020

Income Taxes

The Company, with the consent of its stockholder, has elected for federal income tax purposes to be an S Corporation. In lieu of corporate income taxes, the stockholders of an S Corporation are taxed on their proportionate share of the Company's taxable income or loss. Accordingly, no provision or liability for income taxes has been included in the accompanying financial statements.

Income Tax Uncertainties

The Company follows the Financial Accounting Standard Board's ("FASB") guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. Management evaluated the Company's tax position and concluded that the Company had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Company is not currently under audit by any tax jurisdiction.

Fair Value of Financial Instruments

Financial instruments that are subject to fair value disclosure requirements are carried in the financial statements at amount that approximate fair value and include cash and cash equivalents. Fair values are based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk.

Concentrations

The Company's concentration is in services, which is the sale of variable annuities and mutual funds. Four customers comprised 61% of revenues during 2020 and five customers comprised 74% of accounts receivable at December 31, 2020.

Revenue Recognition

Commission Revenue: The Company earns commissions for the sale of insurance policies, mutual funds, annuities, and other financial products to customers. The Company records commission revenue based on the effective date of the sale of insurance policies, mutual funds, annuities and other financial products. The Company believes that the performance obligation is satisfied on the effective date because that is when the customer is identified, the pricing is agreed upon, and the risks and rewards of ownership have been transferred to the customer. The Company earns trail commissions on certain insurance policies sold to customers as long as those policies remain current and active with the insurance provider. The Company records trail commission revenue as trail commissions are remitted to the Company from the insurance provider. The Company believes sufficient uncertainty exists outside of the Company's control as to the policies remaining active between the customer and the insurance provider and therefore does not recognize trail commission revenue until that contingency is resolved. Receivables related to commission revenue were \$12,068 and \$13,615 as of January 1, 2020 and December 31, 2020, respectively. There were no contract assets or liabilities as of January 1, 2020 or December 31, 2020.

OMNI FINANCIAL SECURITIES, INC.
Notes to Financial Statements
As of and for the Year-Ended December 31, 2020

Subsequent Events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 25, 2021, which is the date the financial statements were issued. The company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE B – REGULATORY REQUIREMENTS

The Company is a member of FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500% (15 to 1). Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2020, the Company had net capital of \$35,190 which was \$30,190 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.31 to 1. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintain minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not, therefore, calculate its net capital requirement under the alternative reserve requirement method.

NOTE C – RELATED PARTY TRANSACTIONS

The Parent allocates to its subsidiaries certain expenses it incurs that are related to the subsidiaries' operations via management and overhead expenses. The allocated expenses totaled \$19,000 for 2020 and is included in other expenses on the accompanying statement of operations. The Company currently occupies office space leased by the Parent, the expense for which is allocated through the Expense Agreement. Management has reviewed the Expense Agreement and concluded that this contract does not contain any leases under the scope of ASU 2016-02 – Leases (Topic 842).

NOTE D – SIPC RECONCILIATION

SEA Rule 17a-5(e)(4) requires a registered broker-dealer to file a supplemental report which includes procedures related to the broker-dealers' SIPC annual general assessment reconciliation or exclusion-from-membership forms. In circumstances where the broker-dealer reports \$500,000 or less in gross revenues, they are not required to file the supplemental SIPC report. The Company is exempt from filing the supplemental report under SEA Rule 17a-5(e)(4) because it is reporting less than \$500,000 in gross revenue.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Omni Financial Securities, Inc.
Columbus, Ohio

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Omni Financial Securities, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Omni Financial Securities, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(1) (the "exemption provisions") and (2) Omni Financial Securities, Inc. stated that Omni Financial Securities, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Omni Financial Securities, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Omni Financial Securities, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.
