GILL CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Gill Capital Partners, LLC (the Company), was incorporated as a broker dealer under the laws of the State of Colorado on August 31, 1983. The Company operates under clearing agreements with other broker dealers, and also provides investment advisory services to clients. The Company is a subsidiary of OBW, LLC (the Parent) which is located in Denver, Colorado.

The Company is a registered broker dealer subject to the rules and regulations of the Securities and Exchange Commission and the Financial Industry Regulatory Agency. The Company does not hold customer funds or securities.

The Company is the Investment Manager to the Parliament Income Fund, LLC.

Basis of Accounting

The financial statements of the Company are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Cash and Cash Equivalents

For cash flow purposes, the Company considers cash and temporary investments with original maturities of three months or less to be cash and cash equivalents. The Company periodically maintains balances in excess of FDIC limits. The Company evaluates the creditworthiness of these financial institutions in determining the risk associated with these balances. The Company maintained cash and cash equivalents in excess of FDIC limits in the amount of \$195,248 at December 31, 2020.

Receivable from Customers

Receivables from customers consist of balances due from advisory and tax planning fees. Management has deemed the entire balance to be collectible as of December 31, 2020, and thus has not recorded an allowance for doubtful accounts.

Property and Equipment

Furniture, equipment and computer equipment are recorded at cost and depreciated using straight line methods over estimated useful lives of five to seven years. Leasehold improvements are amortized over the shorter of the lease term or their estimated useful lives.

Financial Advisory Services and Revenue Recognition

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)." This ASU, as amended, provides comprehensive guidance on the recognition of revenue from customers arising from the transfer of goods and services, guidance on accounting for certain contract costs, and new disclosures. The Company adopted this ASU in January 2018 using a modified retrospective approach. The ASU did not have a material impact on the Company's financial condition, results of operations or cash flows in 2020.

GILL CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company offers clients a wide range of investment services that includes money management, comprehensive financial planning, and tax planning and preparation. Clients can choose from an array of services that best fits their situation, each having a separate fee structure. The annual fees for Investment Advisory Services for retail clients are based upon a percentage of assets under management and generally range from 0.50% to 2.00%. Some clients have elected to pay commissions in lieu of advisory fees. In those cases, the client does not pay an annual fee for Investment Advisory Services. Generally, fees for Investment Advisory Services are either billed quarterly in arrears (five days before each quarter end) or quarterly in advance (as soon as administratively possible after quarter end). Fees are calculated based upon the value plus accrued interest.

The Company is the Investment Manager to the Parliament Income Fund, LLC, a private fund-of-funds. The Company earns a management fee calculated at a rate of 1/12 of 1.50% of the closing value of each member's capital account as of the last business day of each month. Management fees are billed quarterly in arrears.

The Company provides investment advisory services on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly and are recognized as revenue at that time as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

Brokerage Services and Revenue Recognition

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon, and the risks and rewards of ownership have been transferred to or from the customer.

Advertising

Advertising is expensed as incurred. There were no advertising expenses for the year ended December 31, 2020.

Income Taxes

The Company is a limited liability company and treated as a partnership for income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the members for federal and state income tax purposes. Accordingly, the Company has not provided for state income taxes. The Company's Parent files its income tax returns in the U.S. and various state and local jurisdictions. At December 31, 2020, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for the years since December 31, 2017.

GILL CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

In the normal course of business, companies in the broker dealer industry encounter certain economic and regulatory risks. Economic risks include market volatility and interest rate risks. The Company is subject to these risks to the extent these risks affect customer demand and the Company's revenue.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Company will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Company's results may be materially adversely affected.

B. BORROWINGS

The Company had a \$130,000 note payable to a stockholder which was subordinate to the claims of general creditors, bore interest at 8% per annum, and was scheduled to mature March 1, 2022. This note was paid off in 2020. Total related party interest expense amounted to \$2,600 for the year ending December 31, 2020.

The Company had a loan in the amount of \$185,021 from the Small Business Administration under the Payroll Protection Program. The loan was issued on April 22, 2020, bore interest at 1% per annum, and was scheduled to mature on April 22, 2022. Payments on this loan were deferred and no interest payments were made for the year ending December 31, 2020. The Company applied for loan forgiveness under the terms of the Payroll Protection Program and received notice on February 22, 2021 that the loan was forgiven in full.

C. COMMITMENTS AND CONTINGENCIES

Leases

The Company leases its office facilities from unrelated parties under a non-cancelable operating lease expiring in December 2023. The lease has a remaining term of three years, and does not contain options to either extend or terminate the lease. Total rent expense charged to operations under all operating leases was \$115,709 in 2020.

Under the ESOP Plan, the Company may make contributions to the Plan of an amount not to exceed 25% of the compensation of eligible employees. Employees age 21 or older with one year of service and working at least 1,000 hours during the year are eligible to participate. Contributions to the Plan are invested in the stock of the Parent. Employees vest in contributions over a 7-year period. No contributions were made to the Plan during 2020.

401(k) Plan

The Company has a 401(k) plan, through which participants may make salary reduction contributions from 1% to 100% of their compensation, not to exceed certain IRS limitations. The Company makes a Safe Harbor non-elective contribution of 3% of compensation, regardless of employee deferrals. Employees age 18 or older are eligible to participate, and there are no hours of service requirements. Employees vest in the Company matching contributions immediately. The Company made Safe Harbor contributions totalling \$62,681 to the plan during the year ended December 31, 2020. The Company committed to an elective profit sharing contribution to employees in the amount of \$50,000, which was a payable on the balance sheet at December 31, 2020. The Company expects the elective profit sharing contribution to be deposited into participant accounts by late February or early March of 2021.

G. FAIR VALUE OF FINANCIAL INSTRUMENTS

Due to their short-term nature, the carrying value of cash and cash equivalents, restricted cash, short-term receivables, short-term payables, and subordinated borrowings approximated their fair value at December 31, 2020.

H. SUBSEQUENT EVENTS

The Company received notice on February 22, 2021 that the Payroll Protection Program loan in the amount of \$185,021 was forgiven in full.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Gill Capital Partners, LLC

We have reviewed management's statements, included in the accompanying exemption report regarding compliance with Rule 15c3-3 exemption report, in which (1) Gill Capital Partners, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(ii) (the "exemption provision") and (2) the Company stated that the Company met the identified exemption provision throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provision set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
