NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Business

Uhlmann Price Securities, L.L.C. (the "Company") a limited liability company, was organized in the State of Illinois on February 19, 1997 and operates as a securities broker-dealer. The Company is registered as a securities broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company earns revenues from the sale of securities and acts as a selling agent for public and private commodity pools.

Effective December 31, 2017, UPS Holdings, L.L.C. (UPSH), a limited liability company purchased 100% of the membership interests in the Company from Price Holdings, Inc., the Company's sole owner. Effective January 1, 2018, UPSH sold a 1% interest in the Company to JBAK Holdings L.L.C. (JBAK). The principals of UPSH and JBAK are James Baer and Alan Konn, both of whom are officers of the Company.

Clearing Agreement

The Company, under Rule 15c3-3(k)(2)(ii), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts. Accordingly, all customer transactions are executed and cleared on behalf of the Company by its clearing broker on a fully disclosed basis. The Company's agreements with its clearing brokers provides that as clearing broker, that firm will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the "Act"). It also performs all services customarily incident thereon, including the preparation and distribution of customer's confirmation and statements and maintenance margin requirements under the Act and the rules of the Self Regulatory Organizations of which the Company is a member.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 -ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

Revenue Recognition

Securities transactions and commission revenue and expense are recorded on a trade date basis. Commission revenue earned on the sale of public commodity pools, interest and dividend income are recognized on the accrual method.

The Company has evaluated FASB Accounting Standards Update 2014-09—Revenue from Contracts with Customers (Topic 606)—effective for fiscal years beginning after December 15, 2017—and has updated its revenue recognition policies accordingly. Implementation of the new standard did not materially affect the Company.

Effective March 1, 2020, the Company renegotiated a new 36-month clearing agreement with RBC Clearing Services, its clearing broker. As part of the new agreement, the Company was given a \$500,000 incentive credit made as an advance payment. The agreement includes a penalty for early termination, based on the number of month lefts on the agreement at the time of termination. Accordingly, the Company is recognizing the incentive credit as income ratably over the 36-month term. The amount of income recognized in 2020 was \$138,889.

Depreciation and Amortization

Furniture and computer equipment are recorded at cost and the Company provides for depreciation of furniture and computer equipment on a straight-line method based on the estimated useful lives of the assets or the lease term for finance leases.

Income Taxes

The Company is an Illinois limited liability company and is not subject to federal income tax. The Company's members are required to file federal and state income tax returns recognizing their allocable portion of the Company's taxable income.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. federal jurisdiction and may file income tax returns in various U.S. states. The Company is not subject to income tax return examinations by major taxing authorities for years before 2017. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2020.

UHLMANN PRICE SECURITIES, L.L.C.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 -NET CAPITAL AND MINIMUM CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2020, the Company had net capital and net capital requirements of \$292,653 and \$50,000, respectively.

The Company's net capital ratio (aggregate indebtedness to net capital) was 1.01 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 3 -COMMITMENTS AND RELATED PARTY TRANSACTIONS

The Company adopted the new guidance for leases under FASB Accounting Standards Update 2016-02, Leases (Topic 842) prospectively effective January 1, 2019. The new guidance requires that the Company determine if an arrangement is a lease at inception of the transaction. Operating lease assets are included in right-of-use ("ROU") assets while the corresponding lease liabilities are included in operating lease liabilities in the statement of financial condition. Finance leases are included in property and equipment while the related liability is shown as finance lease payable in the statement of financial condition.

A ROU asset represents the Company's right to use an underlying asset for the lease term while the related operating lease liability represents the obligations to make future lease payments arising from the lease. A ROU asset and related operating lease liability are recognized at lease commencement date, based on the present value of lease payments over the lease term. The Company does not borrow funds and does not have a determinable incremental borrowing rate. The incremental borrowing rate used is the Treasury Bill Rate approximating the term of the operating lease.

The ROU asset also includes any lease payments made and excludes lease incentives. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Company exercise that option. The lease expense for a ROU asset is recognized on a straight-line basis over the lease term.

For short-term leases, defined as a lease term of twelve months or less, the Company can elect not to apply the recognition requirements and recognize lease payments in the statement of operations on a straight-line basis and recognize variable lease payments, if any, as they are incurred. The Company elected not to apply the recognition requirements to leases classified as short term.

The Company has both operating leases and finance leases for office space and office and computer equipment. These leases have remaining terms ranging from eight months to two years and do not contain options to either extend or terminate the leases.

The Company earns commissions and fees from the sale of interests in affiliated commodity pools and alternative investments. NOTE 4 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISK AND UNCERTAINTIES

In the normal course of business, the Company's activities through its clearing broker involve the execution, settlement and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk. In the event a customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations.

In addition, the Company bears the risk of financial failure by its clearing broker. If the clearing broker should cease doing business, the Company's receivable and deposit from this clearing broker could be subject to forfeiture.

The Company's financial instruments, including cash and cash equivalents, deposit with clearing broker, receivables, accounts payable and accrued expenses, commissions and salaries payable and due to affiliates and employees are carried at amounts that approximate fair value due to the short-term nature of the instruments.

UHLMANN PRICE SECURITIES, L.L.C.

NOTES TO FINANCIAL STATEMENTS

***NOTE 4 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND UNCERTAINTIES
(continued)***

The Company also maintains its cash balances at Northern Trust, which at times may exceed federally insured limits. As of December 31, 2029, the Company had \$213,461 in excess of the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

The Company has been named as a defendant in a class action suit along with 70 other brokers as a selling agent for an investment product that sustained a decrease in value. Although the outcome is uncertain at this time, the Company strongly disputes the claim. Any potential financial exposure under this suit would be limited to the Company's insurance deductible.

The extent of the impact of coronavirus ("COVID-19") outbreak on the financial performance of the Company will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Company's results may be materially adversely affected.

NOTE 5 - GLOBAL PANDEMIC AND PAYROLL PROTECTION LOAN

In April 2020, the Company received loan proceeds in the amount of \$222,808 under the Paycheck Protection Program ("PPP"). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The PPP loan and accrued interest are forgivable as long as the borrower uses the loan proceeds for eligible purposes including payroll, rent and utilities during the twenty-four-week period beginning with the loan funding date ("Covered Period"). The amount of loan forgiveness may be reduced if the borrower terminates employees or reduces salaries during the Covered Period.

The PPP Loan is evidenced by a promissory note, dated as of April 14, 2020 (the "Note"), between the Company, as Borrower, and BMO Harris Bank as Lender (the "Lender"). The interest rate on the Note is 1% per annum, with interest accruing on the unpaid principal balance. No payments of principal or interest are due during the ten-month period beginning with the end of the Covered Period.

The Company used the entire loan amount for qualifying expenses. In order to obtain full or partial forgiveness of the PPP Loan, the Company must request forgiveness and must provide satisfactory documentation in accordance with applicable Small Business Administration ("SBA") guidelines. The Company will be obligated to repay any portion of the principal amount of the Note that is not forgiven, together with interest accrued until such unforgiven portion is paid in full.

NOTE 6 - SUBSEQUENT EVENTS

The Company has performed an evaluation of subsequent events through date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
