REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholder's and Board of Directors of Ace Diversified Capital, Inc.

Opinion on the Financial Statements

I have audited the accompanying statement of financial condition of Ace Diversified Capital, Inc. as of July 31, 2021, the related statements of income, changes in shareholder's equity, and cash flows for the year then ended, and the related notes (collectively referred to as the financial statements). In my opinion, the financial statements present fairly, in all material respects, the financial position of Ace Diversified Capital, Inc. as of July 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of Ace Diversified Capital, Inc. management. My responsibility is to express an opinion on Ace Diversified Capital, Inc. financial statements based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and am required to be independent with respect to Ace Diversified Capital, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Auditor's Report on Supplemental Information

The information contained in Schedule I, II, and III ("Supplemental Information") has been subjected to audit procedures performed in conjunction with the audit of the Ace Diversified Capital, Inc.'s financial statements. The Supplemental Information is the responsibility of the Ace Diversified Capital, Inc.'s management. My audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming my opinion on the Supplemental Information, I evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In my opinion, Schedules I, II, and III are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Brian W. Anson, CPA

I have served as Ace Diversified Capital, Inc. auditor since 2004.

Notes to Financial Statements July 31, 2021

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Ace Diversified Capital, Inc. (the “Company”) was incorporated in the state of California on July 31, 1996. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Corporation (“SIPC”).

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including equities, options, mutual funds, and variable annuities. The Company transacts business with its clients in primarily California, and secondarily overseas in Taiwan and China.

The Company clears its clients’ accounts through another broker-dealer, Wedbush, Inc., on a fully disclosed basis. The Company maintains a clearing deposit at Wedbush, which was \$50,880 on July 31, 2021.

Summary of Significant Accounting Policies

The Company uses the accrual basis of accounting for financial statement purposes. It is subject to regulation by SEC and FINRA.

Commissions receivables are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Securities transactions and the related commission income and expenses are recorded on a trade date basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates, but management does not believe such differences will materially affect the Company’s financial position, results of operations, or cash flows.

Cash

The Company maintains cash deposits in an institution which is insured by the Federal Deposit Insurance Corporation. This government corporation insures balances up to \$250,000.

Fair Value Measurement

The Company adopted ASC Topic 820, requiring a fair value measurement of certain financial instruments on a recurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability.

ACE DIVERSIFIED CAPITAL, INC.

Notes to Financial Statements July 31, 2021

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that an entity has the ability to access.

Level 2 – Valuations based on quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are supportable by little or no market activity and that are significant to the fair value of the asset or liability.

The Company had no financial instruments to measure for fair value as of July 31, 2021.

Concentrations of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter parties primarily include broker-dealers, banks, and other financial institutions. In the event counter parties do not fulfil their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty. 100% of the Company's revenues were generated in the State of California.

Note 2: INCOME TAXES

For the year ended July 31, 2021, the components of the Company's income tax expense are as follows:

State Income Taxes (California)	\$	1,232
Federal Income Tax		<u>2,667</u>
Total Income Tax Expenses	\$	<u>3,899</u>

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. At July 31, 2021, management did not believe any valuation allowances were necessary.

As of July 31, 2021, the Company has income taxes payable of \$3,899.

The Company adopted the standards for Accounting for Uncertainty in Income Taxes (income, sales, use and payroll), which required the Company to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of July 31, 2021, the Company determined that it had no tax positions that did not meet the "more likely than not" threshold of being sustained by the applicable tax authority. The Company files tax and information returns in the United States Federal and California state jurisdictions. These returns are generally subject to examination by tax authorities for the last three years.

ACE DIVERSIFIED CAPITAL, INC.

Notes to Financial Statements July 31, 2021

Note 3: SBA LOAN

During April 2020, in response to the economic impact of the COVID-19 pandemic, the Company applied for a loan under the Small Business Administration (SBA)'s Economic Injury Disaster Loan (EIDL) program. The EIDL program is designed to provide economic relief to businesses that are currently experiencing a temporary loss of revenue. The Company received a total of \$8,000 which is subject to review by the SBA. In July 2021, the SBA forgave the entire balance of the loan and, correspondingly, the full amount was recorded as revenue and the liability was removed from the balance sheet.

Note 4: NET CAPITAL REQUIREMENT

The Company is subject to the uniform Net Capital Rule (SEC Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of a maximum ratio of aggregate indebtedness to net capital, both as defined shall not exceed 15 to 1. Net capital and aggregate indebtedness change day by day, but on July 31, 2021, the Company's net capital of \$174,323 exceeded the minimum net capital requirement of 6 2/3% of aggregate indebtedness \$1,110 or \$5,000, whichever is greater, by \$169,323; and the Company's ratio of aggregate indebtedness of \$16,654 to net capital was 0.10 to 1, which is less than the 15 to 1 maximum ratio requirement.

Note 5: RELATED PARTY TRANSACTIONS

The Company has an outstanding note receivable from one of its shareholders. The note carries an interest rate of 5% and will mature on July 31, 2022. At July 31, 2021, the outstanding balance of the note was \$54,472, of which \$2,594 was accrued interest, and is included in the statement of financial condition.

Note 6: COMMITMENTS AND CONTINGENCIES

The Company is currently leasing an office space in San Gabriel, California, on a month to month basis. Rent expense for year ended July 31, 2021, was \$24,050. The Company has a branch office in Los Angeles, California, for which it does not incur rent expense.

ASU 2016-02: Leases

In February 2016, The FASB issued ASU 2016-02 on Leases. Under the new guidance, leases will be required to recognize a lease liability and a right-of-use asset for all leases at the commencement date (with the exception of short-term leases). ASU-2016-02 is effective for annual and interim periods beginning on or after December 15, 2018 and early adoption is permitted. The Company's lease is month to month; therefore, no right-of-use asset is required.

Note 7: REVENUE RECOGNITION

ASC 606, Revenue from Contracts with Customers, was issued in May 2014. ASC 606 provides guidance related to revenue from contracts with customers. Guidance applies to all entities and to all contracts with customers, with the exception of the following transactions noted in ASC 606-10: lease contracts, insurance contracts, financial instruments and other contractual rights or obligations, guarantees, nonmonetary exchanges between entities in the same line of business. The Company applied ASC 606 on August 1, 2018 using the modified retrospective method. The Company has performed an assessment of its revenue contracts and has not identified any material changes to the timing or amount of its revenue recognition under ASU 2014-09. The Company's accounting policies did not change materially as a result of applying the principles of revenue recognition from ASU-2014-09 and are largely consistent with existing guidance and current practices applied by the Company.

ACE DIVERSIFIED CAPITAL, INC.

Notes to Financial Statements July 31, 2021

Note 7: REVENUE RECOGNITION (CONTINUED)

Revenue is measured based on a consideration specified in a contract with a customer and excludes any sales incentives and amounts collected on behalf of third parties. The Company recognizes revenue when it satisfies a performance obligation by transferring control over a product or service to a customer. Taxes and regulatory fees assessed by a government authority or agency that are imposed on or concurrent with a specified revenue-producing transaction, that are collected by the Company from a customer, are excluded from revenue.

The Company generates its revenue from the sale of securities products in the form of commissions, concessions and trail commissions. The Company's commission income is derived from transactions when the Company is engaged as an agent. The Company does not participate in net gains or losses from transactions acting as a principal or riskless principal.

The Company's revenue comprises security commissions on the sale of equities and options, the sale of investment company shares, and insurance-based product revenue. Additionally, the Company earns margin interest income.

Security commission revenue represents the sale of over-the-counter stock, put and call option trades, and insurance products. The revenue earned from the sale of these products is recognized upon satisfaction of performance obligations, which occurs on the trade date.

Revenue from the sale of investment company shares consists of the sale of mutual fund products and 12b-1 fees related to the management of these assets. Revenue earned from the sale of these products is recognized upon satisfaction of performance obligations, which occurs on the settlement date. 12b-1 fees are recognized periodically based on average assets under management.

Revenue from the sale of insurance-based products represents the sale of fixed annuities and other life insurance products. The revenue earned from the sale of these products is recognized upon satisfaction of performance obligations, which occurs on the trade date. The Company primarily earns trail revenue from the management of fixed annuity and life insurance assets, which is recognized monthly, as earned, based on the average assets.

Note 8: SUBSEQUENT EVENTS

During the period from August 1, 2020, through September 17, 2021, financial and operational challenges have arisen, due in large part to a virus known as the Coronavirus or COVID-19. On January 30, 2020, the World Health Organization declared the COVID-19 a public health emergency. The declaration has a potential impact on the Company as the securities industry is subject to various risks such as interest rate, market, and credit risks. The Company has been able to enact procedures to abate the financial and operational effects of the outbreak; however, Management is unable to estimate the impact that this public health emergency will have on the company's financial position or its operating results and accordingly, no adjustments have been made to the accompanying financial statements.

Management has reviewed the results of operations for the period of time from its year end July 31, 2021 through September 17, 2021, the date the financial statements were available to be issued, and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements, nor have any subsequent events occurred, the nature of which would require disclosure.

**REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

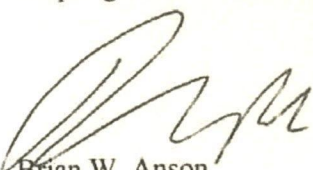

Board of Directors
Ace Diversified Capital, Inc.
San Gabriel, California

I have reviewed management's statements, included in the accompanying Exemption Report in which (1) Ace Diversified Capital, Inc., identified the following provisions of 17 C.F.R. §15c3-3(k) under which Ace Diversified Capital, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) Ace Diversified Capital, Inc., stated that Ace Diversified Capital, Inc., met the identified exemption provisions throughout the most recent fiscal year without exception Ace Diversified Capital, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

The Company is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 are limited to (1) effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not the Company; (2) receiving transaction based compensation for business done directly with mutual fund companies and insurance issuers where the funds are payable to the issuer or its agent and not the Company. In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Ace Diversified Capital, Inc.'s management is responsible for compliance with the exemption provisions and its statements. My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Ace Diversified Capital, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 and the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.

Assertions Regarding Exemption Provisions

We, as members of management of Ace Diversified Capital Inc. (“the company”), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with Securities Exchange Commission (SEC) and the broker or dealer’s designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

Identified Exemption Provision:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, (k)(2)(ii).

The Company is also filing this Exemption Report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 because the Company limits its business activities to: (1) effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; (2) receiving transaction based compensation for business done directly with mutual fund companies and insurance issuers where the funds are payable to the issuer or its agent and not the Company.

Statement Regarding Meeting Exemption Provision:

The Company met the identified exemption provision without exception throughout the period starting August 1, 2020 through July 31, 2021.
