(the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA), the Securities Investor Protection Corporation (SIPC), and the Municipal Securities Rulemaking Board (MSRB).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Cash Held at Clearing Broker:

The cash balances held at the Clearing Broker are included in cash on the Statement of Financial Condition. As of September 30, 2021, the cash held at the clearing broker amounted to \$663,926. Included in that cash balance held at the Clearing Broker is the clearing deposit of \$253,400.

Fair Value Measurements:

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2:** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WORLD FIRST FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Receivable from Clearing Broker:

Security transactions are accounted for on the trade date (the date the order to buy or sell is executed) and the net realized gain or loss on the sale of securities is determined by the use of the first-in, first-out (FIFO) method.

The Company receives commission income from customers for agency/principal transactions. Commission income is recorded when earned.

Interest and income are recorded when earned on a monthly basis. This revenue is based on the amount of money under management at the third-party broker dealer (Wells Fargo Clearing LLC).

Income Taxes:

The Company utilizes accounting for income taxes, which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement basis and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

The Company follows the Income Taxes Topic of the FASB Accounting Standards Codification, which provides clarification on accounting for uncertainty in income taxes recognized in an enterprise's financial statements. The guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on derecognition, classification, interest and penalties, disclosure and transition. At September 30, 2021, no significant income tax uncertainties have been included in the Company's statement of financial condition. The Company's policy is to recognize interest and penalties on unrecognized tax benefits in income tax expense in the statements of income. No interest and penalties are present for periods open. The Company files Federal and state income returns. The statute of limitations for these jurisdictions is generally three to four years. The Company had no returns under examination as of September 30, 2021.

Subsequent Events:

The Company has evaluated its subsequent events and transactions occurring after September 30, 2021, through the date that the financial statements were available to be issued. The Company is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.

WORLD FIRST FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 3 - FAIR VALUE OF SECURITIES:

The Company has categorized its investments based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the investment.

A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Assertions Regarding Exemption Provisions

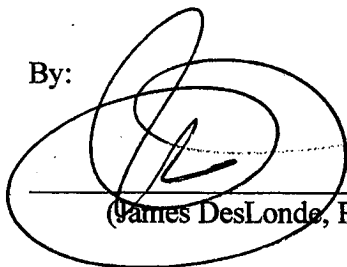

We, as members of management of World First Financial Services, Inc. (“the Company”), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer’s designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, Paragraph (k)(2)(ii).

The Company met the identified exemption provision without exception throughout the fiscal year ended September 30, 2021.
