Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Fenimore Securities, Inc., (the "*Company*"), as of September 30, 2021, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended, and the related notes and schedules to the financial statements (collectively referred to as the "*financial statements*"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company, as of September 30, 2021, and the results of its operations, the changes in its stockholder's equity, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (the "*PCAOB*") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The supplemental schedules titled Computation of Aggregate Indebtedness and Net Capital Pursuant to Rule 15c3-1 and Computation for Determination of Reserve Requirements Under Rule 15C3-3 of the Securities and Exchange Commission have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental schedules as stated above are fairly stated, in all material respects, in relation to the financial statements as a whole.

Fenimore Securities, Inc.
Notes to Financial Statements
September 30, 2021

1. Nature of Business and Significant Accounting Policies

Nature of business

Fenimore Securities, Inc. (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”), whose sole business is the distribution of shares of registered open-end investment companies. As such, the Company operates under the provisions of paragraph (k)(1)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule.

Significant Accounting Policies

A summary of significant accounting policies follows:

Cash

The Company maintains its cash in two accounts at one regional bank which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk on its cash deposits. Interest-bearing deposits are carried at cost.

Income and Expense Recognition

Interest income and reimbursement income (Note 3) are accrued as earned. Expenses are accrued as incurred.

Income taxes

The Company, with the consent of its stockholder, has elected S-Corporation status for U.S. and New York income tax purposes. In lieu of corporation income taxes, the stockholders of an S-Corporation are taxed on their proportionate share of the Company’s taxable income. Therefore, no provision or liability for U.S. and/or New York income taxes has been included in the accompanying financial statements.

The Company has evaluated the tax positions taken in preparing its Federal and New York income tax returns, including the determination that it qualifies for Federal and New York tax purposes as an S-Corporation, and has determined that none of its tax positions are uncertain. Federal and New York tax returns, filed by the Company within the three years ended September 30, 2021, are subject to examination by taxing authorities, including the Internal Revenue Service. No examination of the Company’s income tax returns is currently in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

2. Net Capital Requirement

The Company is subject to the SEC's uniform net capital rule (Rule 15c3-1). This rule prohibits a broker-dealer from engaging in securities transactions when its aggregate indebtedness exceeds 15 times its net capital, as those terms are defined in the Rule. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. As of September 30, 2021, and as more fully described in the supplementary Computation of Aggregate Indebtedness and Net Capital Pursuant to Rule 15c3-1, the Company had net capital of \$39,296 which was \$14,296 in excess of its required net capital of \$25,000. The Company's net capital ratio was .69 to 1.

3. Distribution Agreement and Related Parties

The Company entered into a Distribution Agreement with Fenimore Asset Management Trust (the "Trust"), an affiliated company (the Company's stockholder is a trustee of the Trust). According to the Distribution Agreement, the Company is permitted to act as an exclusive agent to sell and arrange for the sale of the Shares of the Trust.

On a quarterly basis, the Company will pay those dealers with which it has entered into agreements for the sale of the Funds' Shares up to 1.00% of the average net assets of those Shares purchased or acquired through such dealer, provided that the shares are owned by the dealer as nominee for the customer on the last business day of the quarter.

During the year ended September 30, 2021, the Company received \$0 from the Funds under the Plan and incurred \$0 for dealers' distribution costs.

The Company entered into an Expense Reimbursement Agreement (the "Reimbursement Agreement") with Fenimore Asset Management, Inc. (the "Investment Manager"), an affiliated company whose principal shareholder is the stockholder of the Company. The Reimbursement Agreement requires the Investment Manager to reimburse the Company for all of its expenses. The Reimbursement Agreement is terminable upon 90 days written notice and/or upon termination of either the Trust's Investment Management Agreement or Distribution Agreement. During the year ended September 30, 2021, the Investment Manager reimbursed the Company \$51,992. As of September 30, 2021, the Company owed the Investment Manager \$20,470, which represents the amount of money the Investment Manager has transferred to the Company in anticipation of future expenses. If those expenses are not incurred, this amount is due back to the Investment Manager.

4. Concentration of Credit Risk

The Company's source of revenue is from the Investment Manager. If the Investment Manager were unable to meet its contractual obligations under the Reimbursement Agreement, as discussed in Note 3, the Company would have no source of revenue. Management believes the potential for default by the Investment Manager is minimal.

5. Contingencies and Commitments

In the normal course of business, the Company enters into a variety of undertakings containing a variety of warranties and indemnifications that may expose the Company to

some risk of loss. The amount of future loss, if any, arising from such undertakings, while not quantifiable, is not expected to be significant.

6. Subsequent Events

Management has evaluated subsequent events through November 17, 2021, the date the Company's financial statement were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

**To the Board of Directors and Stockholder
of Fenimore Securities, Inc.**

We have reviewed management's statement, included in the accompanying Computation for Determination of Reserve Requirements under Rule 15c3-3 of the Securities and Exchange Commission in which (1) Fenimore Securities, Inc. (the "*Company*") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (paragraph (k)(1)) and (2) the Company stated that it met the identified exemption provision throughout the most recent fiscal year without exception. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for it to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Act of 1934.
