NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business and Organization

Investments For You, Inc. (the Company) is in the securities business selling shares of stock in investment companies, commonly referred to as mutual funds and variable annuities. The Company is required to meet the rules and regulations of the Securities and Exchange Commission, Financial Industry Regulatory Authority (FINRA), and the State of Ohio Division of Securities.

The Company was established on October 1, 1991 with a fiscal year end of September 30. The Company was approved by the National Association of Securities Dealers, Inc. on April 1, 1992 to conduct securities transactions.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Securities Transactions and Revenue Recognition

The Company receives commissions from the sale of securities. Commission revenue is recognized on the settlement date of the security sale. The Company utilizes the allowance method in accounting for commissions receivable. No allowance was recorded for the years ended September 30, 2021 and 2020 due to management's belief that all amounts are collectible.

Property and Equipment

Furniture, fixtures, and equipment are stated at cost. Depreciation is calculated under the straight-line method over five years. Repairs, which do not extend the life of equipment, are expensed when incurred.

Advertising Costs and Expensing

Advertising costs are expensed in the period in which the costs are incurred. The advertising costs for the years ended September 30, 2021 and 2020 was \$5,474 and \$10,728, respectively.

Recent Accounting Pronouncement

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*. ASU 2014-09 clarifies the accounting principles for recognizing contract revenue between a vendor and a customer for the provision of goods and services. The update is effective for the Company's fiscal year ending September 30, 2020. Management is in the process of determining the effect of this change on its accounting and disclosure of revenue activity.

In June 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-13, *Financial Instruments - Credit Losses* (Topic 326). This new guidance related to the accounting for credit losses on financial instruments and introduced an approach based on expected losses to estimate credit losses on certain types of financial instruments. It also modifies the impairment model for available-for-sale debt securities and provides for a simplified accounting model for purchased financial assets with credit deterioration since their origination. The Company's adoption of the new standard on its effective date of July 1, 2020 had no impact on its financial statements.

NOTE 2 - RELATED PARTY TRANSACTIONS

The Company is located in office space with the President and Company's sole shareholder's other business. The Company was obligated to pay 6% of gross commissions in the form of a management fee for the fiscal year ending September 30, 2020. This management fee was to cover, but is not limited to, managing and maintaining all books and records of the Company, rent, telephones, and secretarial support. The management fee expense for the year ended September 30, 2020 was \$59,703. At September 30, 2020, the company owed \$1,201 to related party entity under common control of the Company's President and sole shareholder. For the fiscal year ending September 30, 2021, the Company's management contract was amended to comply with FINRA's Rules so that the Company was paid based upon actual time and costs incurred by the related party entity. The management fee for year ending September 30, 2021 was \$43,530. Additionally, as of September 30, 2021 and 2020, the company owed \$93,872 and \$104,210, respectively to the President in the form of commissions on the sale of securities.

Commissions expense contains \$275,350 and \$266,753, respectively in 2021 and 2020, to the Company's owner

NOTE 3 - CAPITAL

The Company has 750 authorized shares of common stock, no-par value, with 200 shares issued and outstanding as of September 30, 2021 and 2020.

During 2020, the sole shareholder contributed \$20,000 cash to the Company, which has been reflected as \$1,500 for an additional 150 shares issued and total of 200 outstanding shares as of September 30, 2020. The remainder of \$18,500 has been reflected as Additional Paid in Capital.

NOTE 4 - INCOME TAXES

The provision for Federal income taxes consists of the following:

Year ending September 30,	
2021	2020
-----	-----
\$ 5,443.00	\$ 84.00

NOTE 4 - INCOME TAXES (Continued)

Following is reconciliation between book income and taxable income:

	<u>Year ending September 30,</u>	
	<u>2021</u>	<u>2020</u>
Net income (loss) before Federal income taxes (rounded)	<u>\$ 18,325.00</u>	<u>(\$ 6,346.00)</u>
Non-deductible expenses for tax purposes	<u>7,605.00</u>	<u>6,741.00</u>
Taxable income	<u>\$ 25,930.00</u>	<u>\$ 395.00</u>
Federal Tax Liability	<u>\$ 5,443.00</u>	<u>\$ 84.00</u>
State and Local Tax Liability	<u>\$ 390.00</u>	<u>\$ 18.00</u>

The Company files a federal income tax return. The provision for income taxes included in the accompanying statements of operations was computed by applying statutory rates to income before taxes.

Deferred income taxes are recognized for the tax consequences in future years of temporary differences between the financial reporting and tax bases of assets and liabilities at each year-end based on enacted tax laws and statutory tax rates. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. As of September 30, 2021 and 2020, a valuation allowance was not recorded as no deferred tax assets were recognized. Income tax expense represents the taxes currently payable and the net change during the period in deferred tax assets and liabilities.

The Company accounts for uncertainty in income taxes in its financial statements as required by generally accepted accounting principles. The standard prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The standard also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition accounting. Management determined there were no material uncertain positions taken by the Company in its tax returns.

NOTE 5 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 29, 2021, the date of the Independent Registered Public Accounting Firm's Report, which is the date the financial statements were available to be issued. There have been no significant subsequent events.

NOTE 6 – COVID-19

During March 2020, the state and federal government issued stay at home and social distancing recommendations to combat the COVID-19 global pandemic. As a result, numerous local businesses were closed and employees were laid off. The Company has made operational modifications to comply with the above recommendations, but continues to offer its services as of the audit report date. There has not been a material disruption to operations that would constitute a going concern. The Company believes its current activity levels are enough to withstand the effects as of the pandemic through the following 12 months from the report date. The Company is unable to project what other effects this pandemic will have beyond the current restrictions, however management and the stockholders have no intention of ceasing operations.

NOTE 7 – NET CAPITAL REQUIREMENTS

As a registered securities dealer, the Company is subject to SEC's Uniform Net Capital Rule 15c3-1, which requires that "Net Capital", as defined, shall be at least the greater of \$5,000 or 6 2/3% of "Aggregate Indebtedness", as defined. Under the rule, the ratio of Aggregate Indebtedness to the Net Capital should not exceed 15 to 1. At September 30, 2021, the Company's "Net Capital" was \$29,919.94 which exceeded the requirements by \$17,007.68. The ratio of "Aggregate Indebtedness" to "Net Capital" was 6.47 to 1 at September 30, 2021.

NOTE 8 – CONTINGENCIES

The Company may enter into agreements that contain certain representations and warranties and which provide general indemnifications. The Company serves as a guarantor of such obligations. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects any risk of liability associated with such indemnifications to be remote. As of September 30, 2021, the Company has not accrued for any such claims or other contingencies.

In the ordinary course of business, the Company is also subject to regulatory examinations, information gathering requests, inquiries and investigations. As a registered broker-dealer, the Company is subject to regulation by the SEC, the FINRA, and state securities regulators. In connection with formal and informal inquiries by those agencies, the Company receives numerous requests, subpoenas and orders for documents, testimony and information in connection with various aspects of its regulated activities.
