INDEPENDENT AUDITORS' REPORT

Report of Independent Registered Public Accounting Firm

To the Directors and Equity Owners of Haitou Securities, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Haitou Securities, Inc. (the "Company") as of December 31, 2021, the related statements of income and retained earnings, changes in stockholder's equity, and cash flows for the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021, and the results of its operations and its cash flows for the period then ended, in conformity with accounting principles generally accepted in the United States.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The information contained in Supplemental Schedules has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements.

The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, Supplemental Schedules are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Income Taxes. Income taxes, if any, are the liability of individual members. Accordingly, income or losses pass through to the Company members, and no provision for federal income taxes has been reflected in the accompanying financial statements. State income taxes have been provided at the reduced rate applicable to limited liability companies.

The Company is subject to audit by the taxing agencies for years ending 2018, 2019, and 2020.

Concentration of Credit Risk. The Company maintains cash balances and deposits with financial institutions that exceed federally insured limits. Management performs periodic evaluations of the relative credit standing of these institutions. The Company has not sustained any material credit losses from these instruments. One customer accounted for 34 percent of the revenue in 2021.

Fair Value Measurements. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included with Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

There were no levels to measure at December 31, 2021.
