Notes to Financial Statements
December 31, 2021

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

KEMA Partners LLC (the "Company") was organized as a California Limited Liability Company (LLC) in November 2006. In August 2007, the Company became a registered broker/dealer in securities under the Securities Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged to provide private placement of securities, mergers, acquisitions, and other financial advisory services.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts as management does not feel any such reserve is necessary. Uncollectible amounts are written off at the time individual receivables are determined to be uncollectible. There was \$2,104 in bad debt expense for the year ended December 31, 2021.

The Company, with the consent of its Members, has elected to be a California Limited Liability Company. For tax purposes the Company is treated like a partnership, therefore in lieu of business income taxes, the Members are taxed on the Company's taxable income. Accordingly, no provision or liability for Federal Income Taxes is included in these financial statements.

The Company shares its office space with one of its members under the terms of an expense sharing agreement, which is cancellable with reasonable notice. This agreement is not subject to FASB ASC 842, *Leases*. The Company records shared expenses monthly as billed.

A substantial portion of the Company's revenues may be received from a small number of transactions or concentrated within an industry. During the year ended December 31, 2021, two clients comprised 31% of total revenues.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 2: RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the “FASB”) has established the Accounting Standards Codification (“Codification” or “ASC”) as the authoritative source of generally accepting accounting principles (“GAAP”) recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates (“ASU’s”).

For the year ending December 31, 2021, various ASU’s issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company’s financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 3: FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company utilizes valuation techniques to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets and liabilities recorded at fair value are categorized within the fair value hierarchy based upon the level of judgment associated with the inputs used to measure their value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Level 1. Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2. Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly and the fair value is determined through the use of models or other valuation methodologies. A significant adjustment to a Level 2 input could result in the Level 2 measurement becoming a Level 3 measurement.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 3: FAIR VALUE MEASUREMENTS, continued

Level 3. Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

A description of the valuation techniques applied to the Company's major categories of assets and liabilities measured at fair value on a recurring basis follows.

Investments in private companies: valued at fair value as determined by the Company's management. The estimated value does not necessarily represent the amount that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2021:

Description	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Securities owned:				
Investments in private companies	\$ -	\$ -	<u>\$ 100,849</u>	<u>\$ 100,849</u>
Total	\$ -	\$ -	\$ 100,849	\$ 100,849

The Company assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Company's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. There were no transfers among Levels 1, 2, and 3 during the year.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 3: FAIR VALUE MEASUREMENTS, continued

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2021:

	<u>Amounts</u>
Beginning balance at December 31, 2020	\$ -
Purchases, receipts and settlements	7,553
Unrealized gains and (losses)	<u>93,296</u>
Ending balance at December 31, 2021	<u>\$ 100,849</u>

Note 4: REVENUE FROM CONTRACTS WITH CUSTOMERS

All revenue is from contracts with customers for four types of fees: (1) investment banking fees earned in connection with mergers, acquisitions and restructuring transactions, (2) securities placement fees earned in connection with structuring and the private placement of debt and equity securities, (3) other financial advisory service fees, and (4) fees to supervise independent contractor registered representatives.

Registered representatives are billed fees monthly for daily supervision. Supervisory fee revenue is recognized when billed.

Success fees on investment banking services and securities placement are recognized as revenue when the transaction is finalized, funded and the associated performance obligations are completed. All success fees are calculated as a percentage of gross proceeds of a financing or a percentage of transaction value of a sale.

Retainer fees are billed in accordance with the terms of the customer agreement (“terms”). The recognition of retainer fee revenue may be deferred so the revenue is recognized as the associated performance obligations are completed in accordance with the terms. Retainer fees are typically non-refundable and may be applied against the subsequent success fee, if any.

When a success fee is billed to which retainer fees paid are applied, retainer fee revenue is reversed so that the success fee is presented at gross.

Revenue from other advisory service fees is recognized as the services are performed in accordance with the terms.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 4: REVENUE FROM CONTRACTS WITH CUSTOMERS, continued

A percentage of the fees for investment banking services, securities placement, other advisory services and retainers is distributed to registered representatives when the customer pays the fee. The liability for distributions is recorded when the receivable from the customer is recorded.

Expense for the distribution of success fees from securities placements is recognized when the revenue is recognized, and is in commission expense on the Statement of Income. Expense for the distribution of success fees from investment banking services, and for fees from other advisory services, is recognized when the revenue is recognized, and is in professional fees on the Statement of Income.

Expense for the distribution of retainer fees may be deferred and recognized when the associated revenue is recognized, and is in professional fees on the Statement of Income. The deferred retainer fee revenue and its related expense are recorded at net on the Statement of Financial Condition as deferred profit of \$2,875. Deferred retainer fee revenue at December 31, 2021 was \$57,500 and the related deferred expense was \$54,625. There are no other incremental costs to obtain or fulfill contracts with customers.

Note 5: INCOME TAXES

The Company is subject to a California limited liability company gross receipts tax, with a minimum franchise tax. As of December 31, 2021, the income tax provision consists of the following:

Franchise tax	\$ 800
Gross receipts tax	<u>900</u>
Total income tax provision	<u>\$ 1,700</u>

The Company is required to file income tax returns in both federal and state tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operates in accordance with the normal statutes of limitations in the applicable jurisdiction. For federal purposes, the statute of limitations is three years.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 5: INCOME TAXES, continued

Accordingly, the Company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for state purposes is generally three years, but may exceed this limitation depending upon the jurisdiction involved. Returns that were filed within the applicable statute remain subject to examination. As of December 31, 2021, neither the IRS nor the California Franchise Tax Board has proposed an adjustment to the Company's tax position.

Note 6: RELATED PARTY TRANSACTIONS

The Company has an expense sharing agreement with one of its members, whereby the member provides office space for the Company. For the year ended December 31, 2021, the Company incurred \$2,400 in rent expenses, included in occupancy expense on the Statement of Income.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

Note 7: COMMITMENTS AND CONTINGENCIES

Contingencies

The Company maintains bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

The worldwide outbreak of coronavirus (COVID-19) may lead to an adverse impact on the financial markets and the overall economy. In the event such an impact was to occur and last for a sustained period, the operations and financial performance of the Company may be adversely affected. At this point, however, the severity of such an event is highly uncertain and cannot be predicted.

KEMA Partners LLC
Notes to Financial Statements
December 31, 2021

Note 7: COMMITMENTS AND CONTINGENCIES, continued

Commitments

In the normal course of business, the Company could be threatened with, or named as a defendant in, lawsuits, arbitrations, and administrative claims. Such matters that are reported to regulators such as the SEC or FINRA and investigated by such regulators, may, if pursued, result in formal arbitration claims being filed against the Company and/or disciplinary action being taken against the Company by regulators. Any such claims or disciplinary actions that are decided against the Company could harm the Company's business. The Company is also subject to periodic regulatory audits and inspections which could result in fines or other disciplinary actions. Unfavorable outcomes, in such matters, may result in a material impact to the Company's financial position, statement of income or cash flows. As of December 31, 2021, management is not aware of any commitments or contingencies that could have a material impact on the financial statements.

Note 8: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the statement of financial condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based on this review, the Company has determined that there were no events that took place that would have a material impact on its financial statements.

Note 9: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2021, the Company had net capital of \$43,212 which was \$29,670 in excess of its required net capital of \$13,542; and the Company's ratio of aggregate indebtedness (\$203,124) to net capital was 4.70 to 1, which is less than the 15 to 1 maximum allowed.

For the Year Ended December 31, 2021

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Those Charged with Governance and the Members of KEMA Partners LLC:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) KEMA Partners LLC does not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3, and (2) KEMA Partners LLC's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 ("Non-Covered Firm") did not subject it to the customer protection rules and that the Company did not identify any exceptions to this assertion throughout the year ended December 31, 2021. KEMA Partners LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about KEMA Partners LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in the Non-Covered Firm provision.
