REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members
of US Capital Global Securities, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of US Capital Global Securities, LLC (Company) as of December 31, 2021, and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

CROPPER ACCOUNTANCY CORPORATION

We have served as US Capital Global Securities, LLC’s auditor since 2015.

The accompanying notes are an integral part of these financial statements.

US CAPITAL GLOBAL SECURITIES, LLC

1. General Information and Summary of Significant Accounting Policies

Description of Business

US Capital Global Securities, LLC (the “Company”), successor of US Capital Global Securities, Inc., and a subsidiary of US Capital Holding Corporation (the “Parent”), was formed in November, 2016. The predecessor, US Capital Global Securities, Inc., was incorporated September 17, 2013, and began business November 17, 2014. The Company is registered as a broker dealer in securities under the Securities Exchange Act of 1934. US Capital Global Securities, LLC is a wholly owned subsidiary of US Capital Holding Corporation. See the section entitled “Ownership and Related Party Transactions” for additional details.

The Company has been organized to act as a placement agent for capital raise transactions conducted under the Regulation D exemption of the Securities and Exchange Act of 1933, and provide advisory services to companies seeking to engage in mergers and acquisition activities.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting wherein income is recognized as earned and expenses are recognized when incurred.

Revenue Recognition

The Company generates commission and fee income assisting clients with the private placement of debt and equity capital. Commission and fee income is earned and recognized at the point in time when the transaction is executed within the terms of the agreements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid financial instruments purchased with an original maturity of three months or less to be cash equivalents.

At December 31, 2021, the cash balance was held in one bank, and did not exceed the FDIC insurance limit.

Fair Value Measurements

Fair Values are based on quoted market prices when available. In instances where there is little or no market activity for the same or similar instruments, the company estimates fair value using methods, models or assumptions that management believes market participants would use to determine a current transaction price. These valuation techniques involve some level of management estimation and judgment which becomes significant with increasingly complex instruments or pricing models. Where appropriate, adjustments are included to reflect the risk inherent in a particular methodology, model or input used. U. S. GAAP establishes a hierarchy for inputs (level 1, 2, and 3 inputs, as defined) used in measuring fair value that maximizes the use of observable inputs, and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. Accordingly, the fair value

US CAPITAL GLOBAL SECURITIES, LLC

hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity has the ability to access as of the reporting date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, through corroboration with observable data.

Level 3 - Unobservable inputs, such as internally developed pricing models for the asset or liability due to little or no market activity for the asset or liability.

Additionally, U.S. GAAP requires enhanced disclosure regarding instruments in the Level 3 category (which have inputs to the valuation techniques that are unobservable and require significant management judgment).

Accounts Receivable

The Company considers accounts receivable of \$3,300 to be fully collectible. If amounts being uncollectible, they will be charged to operations when that determination is made.

2. Net Capital Requirement

As a registered broker dealer in the securities industry, the Company is subject to the Securities Exchange Commission Uniform Net Capital Rule (Rule 15c3-1).

The Company's ratio of aggregate indebtedness to net capital as defined in the Uniform Net Capital Rule was approximately 0.10 to 1 at December 31, 2021. Aggregate indebtedness and net capital change from day to day. The Company is required to maintain a ratio of less than 15 to 1. At December 31, 2021, the Company had net capital as defined of \$117,305 which exceeded the minimum requirement of \$5,000. The Company must maintain a minimum net capital of 120% of the minimum required capital to avoid interim reporting requirements.

3. Exemption From Rule 15c3-3

The Company is exempt from certain provisions of Rule 15c3-3 since it does not clear transactions in securities or hold customer funds or securities. The Company carries no margin accounts and promptly transmits all customer funds, delivers all customer securities and will not otherwise hold funds or securities of customers.

4. Income Taxes

There is no federal or state income tax liability for the Company at December 31, 2021.

Any profits or losses flow through to the owners, similar to a partnership.

5. Ownership and Related Party Transactions

Effective October 15, 2018 FINRA granted the request to change the ownership of US Capital Global Securities LLC from US Capital Partners Inc. to US Capital Holding Corporation. US Capital Holding Corporation is owned by Jeffrey Sweeney (70.87%) Charles Towle (23.63%) and 5 other individuals who comprise (5.5%).

Member distributions totaling \$669,866, including \$438,685 of warrants and tokens were processed in 2021. The Members are committed to funding the Company as needed for the next 12 months.

US CAPITAL GLOBAL SECURITIES, LLC

6. Expense Sharing Agreement with US Capital Global Advisors LLC

The Company has an existing expense sharing agreement with US Capital Global Advisors LLC, which allocates a portion of the expenses incurred by the parent company, including an allocation for rent, IT and data, telephone, office supplies and a management fee. The total monthly allocation to the Company is \$3,970. In connection with the approved transfer as indicated on Note 5, a new expense sharing agreement was entered between the Company and a sister wholly owned subsidiary of US Capital Holding Corporation named US Capital Global Advisors LLC. This affiliate company shares office space with US Capital Global Securities LLC.

7. Subsequent Events

Management has evaluated subsequent events through the date of the Report of Independent Registered Public Accounting Firm, the date on which the financial statements were available to be issued, and as noted no material events that require disclosure.
