NOTE 1- ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising

The Company expenses advertising costs as they are incurred. Advertising expense for the year ended December 31, 2021, was \$7,127, included in General and administrative expenses shown on the Statement of Income.

Income taxes

The financial statements do not include a provision for income taxes because the Company is not a taxable entity, and its members are taxed on their respective share of the Company's earnings. The Company is subject to New York City Unincorporated Business Tax.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. Federal jurisdiction and may file income tax returns in various U.S. states. The Company is not subject to income tax examinations by major taxing authorities for years before 2018. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment later based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations, and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties relating to income taxes were incurred as of and for the year ended December 31, 2021.

NOTE 2 - RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New Accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs")

FENIX SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 2 - RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS *(continued)*

For the year ending December 31, 2021, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year ended then. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 3 – LEASES

ASC 842 generally applies to leases that have a lease term greater than 12 months at lease commencement, or that include an option to purchase the underlying asset the Company is reasonably certain to exercise. The Company is a lessee in several noncancelable operating leases for office space subject to ASC 842, applied as set forth below.

The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use asset (ROUA) at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate ("IBR") at the lease's commencement date. The Company's IBR represents the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROUA is subsequently measured throughout the lease term at the amount of the remeasured lease liability, representing the present value of the remaining lease payments; as adjusted for unamortized initial direct costs, prepaid or accrued lease payments; unamortized lease incentives received; and any impairments. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

The Company is a lessee in a noncancelable operating lease for office space subject to ASC 842. The lease agreement does not include a termination or renewal option for either party, or restrictive financial or other covenants.

Amounts reported in the Statement of Financial Condition as of December 31, 2021 are as follows:

Operating lease:	
Right-of-use asset	\$37,829
Lease liability	\$37,474

FENIX SECURITIES, LLC

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 3 – LEASES*(continued)*

Maturities of lease liabilities under the noncancelable operating lease as of December 31, 2021 are as follows:

2022	\$27,603
2023	11,501

Total undiscounted lease payments	\$39,104
Less imputed interest	(1,630)
Total lease liability	\$37,474

Other information as of December 31, 2021:

The discount rate used for the lease present value calculations is its incremental borrowing rate (“IBR”) of 3.25% at the lease’s commencement date. The Company’s IBR represents the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The lease’s implicit rate was not readily determinable.

NOTE 4 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. On December 31, 2021, the Company’s net capital of \$158,964 exceeded its net capital requirement of \$23,897 by \$134,197. The Company's net capital ratio (aggregate indebtedness to net capital) was 2.3 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 5 - COMMITMENTS AND RELATED PARTY TRANSACTIONS

On July 1, 2015, the Company entered into a Foreign Associate Agreement with a Senior Officer of the Firm (amended October 1, 2018) under which the Company recorded compensation of \$557,500 during the year ending December 31, 2021.

The Company earned approximately 18.6% of its revenues from transactions related to one foreign asset management firm with which it has entered into a Foreign Finders Agreement. Under the agreement the Foreign Finder introduces customer accounts and transactions to the Company and receives compensation based on the income generated by those transactions. The compensation expense paid to the Foreign Finder for the year ended December 31, 2021, is included in the amount of commission expense reported on the Statement of Income.

FENIX SECURITIES, LLC

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 5 - COMMITMENTS AND RELATED PARTY TRANSACTIONS (continued)

The Company earned approximately 9% of its revenue from transactions in customer accounts introduced by an affiliated investment advisor with which it has entered into an Advisory Brokerage Agreement. Under the agreement the Company establishes brokerage accounts for clients of the investment advisor and executes transactions introduced to the Company by Foreign Investment Advisors on behalf of their advisory clients. The relationship between the Foreign Investment Advisor and the advisory client is covered by a separate Client Advisory Agreement to which the Company is not a party. All advisory accounts and transactions are carried by the clearing firms. In accordance with the Advisory Brokerage Agreement the Company is authorized to deduct fees and charges from the accounts of advisory clients and forward those funds to the affiliated investment advisor, who in turn pays a portion of the advisory fees to the Foreign Investment Advisors. The advisory fee expense amount of \$339,084 paid to the affiliated investment advisor for the year ended December 31, 2021, is included in the amount of commission expense reported on the Statement of Income.

NOTE 6 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISK AND CONTINGENCIES

In the normal course of business, the Company's client activities, through its clearing brokers, involve the execution, settlement, and financing of various client securities transactions. These activities may expose the Company to off-balance sheet risk. In the event the client fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the client's obligations. These amounts are not covered by SIPC and are subject to loss should the clearing brokers cease business.

The Company is engaged in various interdealer referral activities with counterparties with which the Company has a Broker Dealer Referral Agreement. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company's financial instruments, including cash, clearing deposits, due from clearing brokers, other assets, commissions payable and accrued expenses are carried at amounts that approximate fair value due to the short-term nature of those instruments.

NOTE 7 - ARBITRATION

During the year ended December 31, 2021, the Company settled an arbitration with a former clearing firm and signed a Settlement and Release Agreement (the "Agreement"). Although the Company and its counsel believed the arbitration case could have had a more favorable outcome, the Company agreed to settle the case due to the mounting legal costs and the distraction caused to management. The Agreement requires the Company to pay in quarterly installments plus 9% annual interest on the outstanding balance. As of the year ended December 31, 2021 the Company had an outstanding balance due of \$140,750 with the last installment payment due September 22, 2022.

NOTE 8 – SBA ECONOMIC INJURY DISASTER LOAN

The Company signed the loan documents under the SBA Economic Injury Disaster Loan (“EIDL”) of the CARES Act on June 17, 2020 and received the loan proceeds of \$105,000 on June 18, 2020. The receipt of these funds is dependent on the Company having initially qualified for the loan. Under the terms of the CARES Act and the corresponding promissory note, the use of the proceeds of the loan is restricted to working capital needs (as defined in the CARES Act) of the Company that, while permitted, would not result in forgiveness of a corresponding portion of the loan. This \$105,000 loan is aggregate indebtedness of the Company on December 31, 2021. It has a 3.75% annual interest. The loan as of December 31, 2021, is \$110,768 including accrued interest.

NOTE 9 - SUBSEQUENT EVENTS

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
