CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Those Charged with Governance and the Stockholders of Shareholders Service Group, Inc.:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Shareholders Service Group, Inc. (the "Company") as of December 31, 2021, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Shareholders Service Group, Inc., (the "Company") was incorporated in the State of California on September 30, 2002. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer, which includes several classes of securities, including mutual funds, equities, fixed income and related securities services. The Company engages primarily in agency trades of securities.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Securities transactions are recorded on a settlement date basis. Accounting Principles Generally Accepted in the United States of America (US GAAP) requires securities transactions to be recorded on a trade date basis. There is no material difference between trade date and settlement date accounting for income. Other income is primarily service fees, software subscriptions, insurance product trail fees, dividends and interest. Other income is recorded when received.

Advertising costs were \$20,150 in 2021. Advertising costs are expensed at the time they are incurred.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The Company has adopted FASB ASC 820, Investments — Debt and Equity Securities. As such, marketable securities held by the Company are classified as trading securities and stated at their fair market value based on quoted market prices. Realized gains or losses from the sale of marketable securities are computed based on specific identification of historical cost. Unrealized gains or losses on marketable securities are computed based on specific identification of recorded cost, with the change in fair value during the period included in income.

With the consent of its shareholders, the Company has elected to be treated as an S Corporation under Subchapter S of the Internal Revenue Code. Subchapter S of the Code provides that in lieu of corporate income taxes, the stockholders are individually taxed on the Company's taxable income; therefore no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar regulations, although there is a provision for a minimum franchise tax and a tax rate of 1.5% over the minimum franchise fee of \$800.

Property and equipment are stated at cost net of depreciation. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

The Company has evaluated events subsequent to the statement of financial condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE 2: CASH AND DEPOSIT WITH CLEARING BROKER

The Company has a brokerage clearing agreement with Pershing LLC, A BNY Mellon Company ("Clearing Broker"), to carry its securities accounts and the accounts of its clients as customers of the Clearing Broker. The Clearing Broker has custody of the majority of Company's cash balances, of which \$100,000 serves as collateral for any amounts due to the Clearing Broker as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on this cash deposit at the average overnight repurchase rate.

The Company also has \$1,826,637 in cash in various accounts maintained with Pershing. These accounts are classified as cash on the statement of financial condition.

NOTE 3: MARKETABLE SECURITIES, AT MARKET VALUE

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the assets or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than quoted prices included in level 1, such as quoted prices for similar securities in active markets; quoted prices for identical or similar securities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – Pricing inputs are unobservable that are significant to the fair value measurement and include situations where there is little if any market activity for the investment. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2021.

Assets	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments, at fair market value	\$ 761,381	\$ _____	\$ _____	\$ 761,381
TOTALS	<u>\$ 761,381</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 761,381</u>
Liabilities	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments, at fair market value	\$ 22,491	\$ _____	\$ _____	\$ 22,491
TOTALS	<u>\$ 22,491</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,491</u>

Marketable securities held by the Company consist of equity securities and mutual funds. Marketable securities are classified as trading securities and stated at their fair market value based on quoted prices in active markets.

NOTE 4: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of counter-parties with which it is engaged.

NOTE 5: RECENTLY ISSUED ACCOUNTING STANDARDS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

Company management has reviewed the accounting standards updates issued by the FASB that were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year ending December 31, 2021. Based upon this review, the Company has implemented the pronouncements that require adoption (if any), and has also concluded that the remaining pronouncements have either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 6: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2021, the Company had net capital of \$2,503,633 which was \$2,403,633 in excess of its required net capital of \$100,000; and the Company's ratio of aggregate indebtedness (\$106,784) to net capital was 0.04 to 1, which is less than the 15 to 1 maximum allowed.

NOTE 7: CONTINGENCIES

The Company maintains bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year ended December 31, 2021, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts, and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

NOTE 8: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2021, or during the year then ended.

NOTE 9: PROPERTY AND EQUIPMENT, NET

Property and equipment, net, are recorded net of accumulated depreciation and summarized by major classification as follows:

		Useful Life
Equipment	\$ 37,274	5
Computer software	5,741	5
Furniture	<u>41,488</u>	7
	84,503	
Less: accumulated depreciation	<u>(78,554)</u>	
Property and equipment, net, net	<u>\$ 5,950</u>	

Depreciation expense for the year ended December 31, 2021, was \$2,291.

Note 10: LEASE

The Company is a lessee in a non-cancelable operating lease for office space subject to ASC 842. The lease agreement does not include a termination or renewal option for either party, or restrictive financial or other covenants.

The components of lease cost for the year ended December 31, 2021 are as follows:

Operating lease cost	\$84,492
Variable lease cost	<u>14,479</u>
Total operating lease cost	\$98,970

Amounts reported in the Statement of Financial Condition as of December 31, 2021 are as follows:

Operating lease:	
Right-of-use asset	\$337,966
Lease liability	\$346,283

Future minimum lease payments under the non-cancelable operating lease as of December 31, 2021 are as follows:

2022	\$87,211
2023	\$89,182
2024	\$91,153
2025	<u>\$93,124</u>
Total undiscounted lease payments	\$360,670
Less imputed interest	<u>(14,387)</u>
Total lease liability	<u>\$346,283</u>

Other information as of December 31, 2021:

The discount rate used for the lease present value calculation is its incremental borrowing rate ("IBR") of 2% at the lease's commencement date. The Company's IBR represents the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The lease's implicit rate was not readily determinable.
