## Report of Independent Registered Public Accounting Firm

To the Sole Shareholder of  
Principled Advisors, Inc.

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Principled Advisors, Inc. (the "Company") as of December 31, 2021, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2020.

PRINCIPLED ADVISORS, INC.  
Notes to Financial Statements  
December 31, 2021

Note 1 - Summary of Significant Accounting Policies

Principled Advisors, Inc. (the "Company") is an independent broker-dealer registered with the Securities Exchange Commission (SEC). The Company is also a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC). The Company was incorporated in the State of New Jersey on February 9, 2004.

The Company's operations primarily consist of providing advisory services to 401k plans at both the plan and participant level.

For purposes of reporting cash flows, cash equivalents are defined as short-term, highly liquid investments, with original maturities to the Company of three months or less, that are not held for sale in the ordinary course of business.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

From time to time the Company has balances in excess of federally insured limits, and as such, the amounts of cash in excess of federally insured limits may be at risk of loss in the event of insolvency of the financial institution where the funds are deposited.

Accounts receivable consists primarily of advisory fees and are generally collected in full in the month following their accrual. As such, management has no recorded an allowance for doubtful accounts on these receivables.

The Company has three primary lines of business: (1) advisory fees, (2) fee income (3) distribution fees. Revenue from contracts with customers subject to the guidance in ASC 606 from the Company is included within the Statement of Operations. Advisory fees, fee income and distribution fees are generally recognized at a point in time upon the delivery of contracted services based on a predefined contractual amount.

1. **Advisory Fees**

The Company provides investment advisory services for its customers on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received monthly or quarterly and are recognized as revenue at that time as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

2. **Fee Income**

The Company receives fees from referring its customers to various service providers. The performance obligations are satisfied on the date the service is delivered because there are no remaining tasks which are to be performed related to the service that is delivered. The revenue will not be recognized until it is probable that a significant reversal will not occur.

3. **Distribution Fees**

The Company earns revenue for selling affiliated and unaffiliated mutual funds, fixed variable annuities and insurance products. The performance obligation is satisfied at the time of each individual sale. A portion of the

revenue is based on a fixed rate applied, as a percentage, to amounts invested at the time of sale. The remaining revenue is recognized over the time the client owns the investment or holds the contract and is generally earned based on a fixed rate applied, as a percentage, to the net asset value of the fund, or the value of the insurance policy or annuity contract. The ongoing revenue is not recognized at the time of sale because it is variably constrained due to factors outside the Company's control including market volatility and client behavior (such as how long clients hold their investment, insurance policy or annuity contract). The revenue will not be recognized until it is probable that a significant reversal will not occur.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2021, the Company had net capital of approximately \$103,046 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0.04 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Income Taxes

The Company has elected to be taxed under the provisions of subchapter S of the Internal Revenue Code. Under those provisions, the Company does not incur federal income taxes on its taxable income. Instead, the Company's income or loss and credits are passed through and reported on the shareholder's income tax return. The income taxes reflected in these financial statements only represent state and local taxes.

The Company establishes deferred tax assets and liabilities for the temporary differences between net income for financial reporting and income tax reporting. Deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets or liabilities are recovered or settled. For tax purposes, the Company uses the cash basis method.
