Report of Independent Registered Public Accounting Firm

To the Member of Sentinel Securities, Inc.:

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Sentinel Securities, Inc. (the "Company") as of December 31, 2021, and the related statements of operations and changes in member's equity and cash flows for the year then ended, and the related notes (collectively, referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The Computation of Net Capital Pursuant to Rule 15c3-1 (“supplemental information”) has been subjected to audit procedures performed in conjunction with the audit of the Company’s financial statements. The supplemental information is the responsibility of the Company’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company’s auditor since 2021.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

1. Organization and summary of significant accounting policies:

Sentinel Securities, Inc. (the Company) is a wholly-owned subsidiary of Sentinel Holdco, LLC (the Stockholder) which is a subsidiary of Focus Operating, LLC. Focus Operating LLC, contributed its interest in the Company effective January 1, 2020 to Sentinel Holdco, LLC in connection with a tax reorganization related to the Company and its affiliates. This contribution resulted in no change to the basis of the Company's assets and liabilities. Focus Operating, LLC is a subsidiary of Focus Financial Partners, LLC (Focus), which is a subsidiary of Focus Financial Partners Inc.

The Company is an introducing broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company primarily provides brokerage services to customers of Sentinel Pension Advisors, Inc. (SPA), Sentinel Benefits Group, Inc. (SBG) and Sentinel Benefits Group LLC (SBG LLC), all of which are affiliates with the Company and subsidiaries of the Stockholder. SPA operates as an investment advisory company registered with the SEC, various state securities regulatory organizations and other agencies. SPA provides financial advisory services to individuals and their families and to corporate retirement plans for individuals and entities located throughout the United States. The Company also is the broker of record on corporate retirement plan clients of SBG and SBG LLC and for self-directed brokerage accounts offered by corporate retirement plan clients of SBG and SBG LLC.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer, and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers; maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

YEAR ENDED DECEMBER 31, 2021

1. Organization and summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents:

The Company considers all investments with a maturity of three months or less when purchased to be cash equivalents. At December 31, 2021, the Company had no cash equivalents. In addition, the Company had \$108,276 of cash on deposit in excess of amounts insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Credit losses:

The Company's financial assets consist of commission receivable and an amount due from an affiliate. Commission receivable includes receivables from the clearing broker-dealer for selling and distribution commissions and from mutual funds or their selling agents and others for selling and distribution commissions. The Company recognizes an allowance for credit losses to present the net amount expected to be collected. Assets are written off when the Company deems the amount uncollectible. Write-offs are recognized as a deduction from the allowance for credit losses. The Company has concluded that there are de minimus expected credit losses based on the nature and contractual life or expected life of its financial assets and immaterial historic and expected losses.

Property and equipment:

Property and equipment is recorded at the cost purchased. Depreciation is calculated by using the straight-line method over the estimated useful lives of the assets. As of the date of the statement of financial condition, all assets have been retired other than fully depreciated software totaling \$42,750.

Intangible assets:

Amortization of intangible assets is provided using the straight-line method over a 10-year estimated useful life for the customer lists and is provided over a 20-year estimated useful life for the management contract. The Company evaluates the remaining useful lives assigned to intangible

1. Organization and summary of significant accounting policies (continued):

Intangible assets (continued):

assets annually to determine whether events or circumstances require the Company to revise the remaining period of amortization. The Company also evaluates intangible assets for impairment whenever events or changes in circumstances indicate that the intangible asset might be impaired. Recoverability of an asset is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by an asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount, based on discounted cash flows, by which the carrying amount of the asset exceeds the fair value of the asset. The Company did not record an impairment loss during the year ended December 31, 2021.

Revenue:

The Company's analysis of the timing of revenue recognition for each revenue stream is based upon an analysis of current contract terms. Performance obligations could change from time to time if or when the Company's existing contracts are modified or the Company enters into new contracts. These changes could potentially affect the timing of satisfaction of performance obligations, the determination of the transaction price, and the allocation of the price to performance obligations.

Rule 12b-1 fees:

Under contracts entered into with mutual funds or their selling agents and others, the Company receives selling and distribution commissions that are paid over time based on a fixed percentage of the average daily balance of the customer's investment in a fund (12b-1 fees). The Company also has entered into a contract with its clearing broker-dealer under which the Company receives a share of 12b-1 fees received by the clearing broker-dealer under contracts entered into by the clearing broker-dealer. To earn these fees, the Company performs services such as responding to phone inquiries, maintaining records, and providing information to distributors and shareholders. The Company believes the performance obligation is satisfied over time and recognizes revenue associated with 12b-1 fees over the period to which such fees relate. Certain 12b-1 fees are paid to the Company in arrears; therefore, a receivable is recognized for the amount received subsequent to the period to which such fees relate.

Selling and distribution commissions:

The Company has entered into contracts with mutual funds or their selling agents and others under which the Company receives selling and distribution commissions resulting from the sale of certain investment products to its customers, including the sale of certain classes of mutual fund shares and variable annuities. The Company has also entered into a contract with its clearing broker-dealer

1. Organization and summary of significant accounting policies (continued):

Selling and distribution commissions (continued):

under which the Company receives a share of selling and distribution fees received by the clearing broker-dealer under contracts entered into by the clearing broker-dealer with mutual funds and/or their selling agents. Selling and distribution commissions which are paid up front based on a fixed percentage of the share price, the price of the investment product sold, or the value of specified transactions and are recognized at a point in time on the trade or sale date. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing for the transaction is agreed upon, and the risks and rewards of ownership have been transferred to/from the customer. A receivable is recognized if the commission is paid to the Company on a date subsequent to the trade date.

Brokerage commissions:

The Company buys and sells securities on behalf of its customers by introducing transactions for execution, clearance, and settlement to another broker-dealer on a fully-disclosed basis. The Company charges a commission for certain buy or sell transactions entered into by a customer. Commissions and related clearing expenses are recorded at a point in time on the trade date. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing for the transaction is agreed upon, and the risks and rewards of ownership of the securities have been transferred to/from the customer. Commission revenues are paid to the Company on settlement date, generally two days after the trade date; therefore, a receivable is recognized as of the trade date.

Income taxes:

Under FASB Accounting Standards Codification 740, Income Taxes, deferred income taxes are required to be provided using the liability method whereby deferred tax assets are recognized for deductible temporary differences, operating loss and tax credit carryforwards, and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

When tax returns are filed, it is highly certain that some positions taken will be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that will be ultimately be sustained. The benefit of a tax position are required to be recognized in the financial statements in the period during which,

1. Organization and summary of significant accounting policies (continued):

Income taxes (continued):

based on all available evidence, management believes it is more likely than not the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions that meet the more-likely-than-not threshold are measured as the largest amount of tax benefit that is more than 50% likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statement of financial condition, along with any associated interest and penalties that would be payable to the taxing authority upon examination.

Any interest and penalties associated with unrecognized tax benefits would be considered other expense.

The Company Stockholder files consolidated tax returns which includes the Company. The Company has not recorded current or deferred income taxes, or made additional required disclosures, required by ASC 740 since management determined the effects of such are not material.

Reclassifications:

Certain amounts in the statement of cash flows have been reclassified to conform with the current year presentation.

2. Related party transactions:

The Company maintains an expense-sharing arrangement with SBG (the Affiliate) under which the Company is required to reimburse the Affiliate for its allocable share of expenses, including management fees payable under a contractual arrangement entered into by and between the Affiliate, the Company and Focus, as determined by the Affiliate. For the year ended December 31, 2021, the Affiliate charged the Company \$121,932 in employee compensation and benefits and allocated \$11,921 of expenses under the expense-sharing arrangement.

The Company is party to a management agreement, along with its affiliates, with Focus. The management agreement automatically renews on an annual basis unless the management company provides written notice to terminate the contract, or Focus terminates the contract as provided for in the management agreement. The Company pays its share of the management fee to SBG based on the time spent by members of the management company on the Company's operations during the year. The management fee totaled \$31,075 for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2020

3. Regulatory requirements:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. In addition, equity capital may not be withdrawn or cash dividends paid if the resulting net capital would be less than 120 percent of the minimum dollar amount required.

At December 31, 2021, the Company had net capital of \$478,014, which was \$428,014 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital was .1408 to 1 at December 31, 2021. The Company is also subject to other rules and regulations of the SEC, as well as rules and regulations of FINRA and the various state securities and other agencies in the states it is licensed to conduct business. Compliance with such laws and regulations is subject to possible government review and interpretation.

4. Intangible assets:

At December 31, 2021, intangible assets consist of the following:

	Gross carrying amount	Accumulated amortization	Net carrying amount
Customer lists	\$ 829,836	\$ 829,836	\$ 0
Management contract	158,268	128,529	29,739
	<u>\$ 988,104</u>	<u>\$ 958,365</u>	<u>\$ 29,739</u>

Amortization expense for each of the years ending December 31, 2022 through December 31, 2026 will be \$5,948.

5. Revenue from contracts with customers:

All revenue recognized in the statement of income is revenue from contracts with customers. For the year ended December 31, 2021, the components of revenue are as follows:

Rule 12b-1 fees	\$322,190
Selling and distribution commissions on security transactions	56,911
Brokerage commissions on security transactions	80
Interest	<u>24</u>
Total revenues	<u>\$379,205</u>

YEAR ENDED DECEMBER 31, 2021

5. Revenue from contracts with customers (continued):

Receivables at December 31, 2021 were \$62,218.

6. Uncertainty regarding COVID 19:

The effects of COVID-19 have caused significant volatility in the U.S. and global financial markets. While no significant disruptions to our business operations or negative financial impacts have occurred, the uncertainty around the future impact of COVID-19, including the extent and duration of potential financial impacts, cannot be reasonably estimated.

Report of Independent Registered Public Accounting Firm

To the Shareholder of Sentinel Securities, Inc.:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (a) Sentinel Securities, Inc. (the "Company") claimed an exemption from 17 C.F.R. §240.15c3-3 under the following provisions of 17 C.F.R. §240.15c3-3(k):(2)(ii) and (b) the Company stated that it met the identified exemption provisions in 17 C.F.R. §240.15c3-3(k) throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, includes inquiries and other review procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
