## Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholder of Amundi Distributor US, Inc.

### Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Amundi Distributor US, Inc. (the Company) as of December 31, 2021, the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

### Supplemental Information

The accompanying information contained in Schedules I, II, III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. Such information is the responsibility of the Company's management. Our

Notes to Financial Statements

As of and for the year ended December 31, 2021

**(1) Nature of Operations and Organization**

**(a) Nature of Operations**

Amundi Distributor US, Inc. (the Company), a Massachusetts corporation, serves as the principal underwriter and distributor of shares of the Pioneer Family of Mutual Funds (the Pioneer Funds), utilizing a large network of independent broker-dealers. In addition, the Company serves as the exclusive distributor of the Pioneer Variable Contracts Trust and provides marketing and promotional services on behalf of affiliates for non-US distributed portfolios. The Company operates as a single business segment. The Company is a registered securities broker-dealer under the Securities and Exchange Commission (SEC) Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA). The financial statements were prepared pursuant to SEC Rule 17a-5.

**(b) Organization**

On January 1, 2021, the Company and its domestic parent and affiliates underwent a reorganization, which included a merger of entities under common control. The Company, which was previously a wholly owned subsidiary of Amundi Asset Management US, Inc. (AAMUS) (formerly known as Amundi Pioneer Asset Management, Inc.) became a wholly own subsidiary of Amundi US, Inc. (AUS) (formerly known as Amundi Pioneer Asset Management USA, Inc.). The name of the Company (formerly known as Amundi Pioneer Distributor, Inc.) was also changed to Amundi Distributor US, Inc. as a result of this reorganization.

The Company is a wholly owned subsidiary of (AUS), which is a wholly owned subsidiary of Amundi Holdings US, Inc. (AHUS) (formerly known as Amundi USA, Inc.), a wholly owned subsidiary of Amundi Asset Management (Amundi), a global asset manager headquartered in Paris, France. Amundi is owned by Credit Agricole S.A. and its subsidiaries.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP), which require the use of judgments, estimates, and assumptions by management that affect the amounts reported in the financial statements and related disclosures. Actual results could differ from those estimates. All amounts are expressed in US dollars unless otherwise specified.

**(b) Sales and Redemptions of Pioneer Family of Mutual Fund Shares**

Upon the sale of shares by the Pioneer Funds, the Company records accounts receivable from the third-party broker dealer and corresponding payable to the Pioneer Funds, on a trade-date basis. Similarly, upon redemptions of shares of the Pioneer Funds, the Company records accounts receivable from the Pioneer Funds and corresponding accounts payable to the third-party broker dealer. The receivables and payables to and from the broker-dealers and Pioneer Funds for unsettled fund shares sold or redeemed are presented on a net basis. The net presentation of these receivables and payables is

(Dollars in thousands)

determined based on the Company's role as an agent, rather than as a principal, regarding these transactions, in that the Company is acting as a conduit between two counterparties, the broker-dealers and the Pioneer Funds, and bears no financial responsibility to either party.

**(c) Recognition of Revenue and Expenses**

The Company's revenue is largely dependent on the total value and composition of assets under management of AUS and its subsidiaries, which includes domestic and international equity and debt portfolios; accordingly, fluctuations in financial markets and in the composition of assets under management affect revenue and results of operations.

Marketing, promotional services, and other revenues from affiliates primarily consist of revenues earned by the Company through service agreements with AUS and other Amundi affiliates for marketing and promotional services, salaries, and operating expenses incurred on their behalf. Revenues associated with these agreements are recorded as earned over time due to the continuous receipt and consumption of the services by the funds (see note 7).

Distribution and service fee revenue is earned from the Pioneer Funds for the ongoing performance of distribution and related fund services, contractually agreed upon and subject to annual renewal by the participating Pioneer Funds' Board of Trustees. Distribution revenues include distribution fees earned based on an annual rate of 0.75% (0.25% for short-term funds) of net assets of Class C shares of the Pioneer Funds and 0.25% per annum for Class R shares. Service fee revenues include a service fee based on an annual rate of 0.25% (0.20% for short-term funds) that is collected by the Company as reimbursement from the Pioneer Funds for service fees prepaid to brokers and dealers in the initial year that an account is established. Payments of a portion of these fees may be made to third-party distributors who ultimately fulfill those contractual performance obligations. The Company may elect to waive these fees. Simultaneous receipt and consumption of the service by the customer occurs, therefore, the fee is earned over time.

In subsequent years, these distribution and service fees will be collected by the Company and remitted to third-party brokers and dealers as compensation pursuant to the underlying funds' distribution plans. The expenses associated with third-party distribution and service fee arrangements are recorded in service and distribution fee expense on the accompanying Statement of Operations as the services are provided by the third party.

The Company has contractual arrangements with third parties to provide distribution-related services. Management's determination of whether revenue should be reported gross based on the amount paid by the Pioneer Funds or net of payments to third-party service providers is based on management's assessment as to whether the Company is acting as the principal service provider or is acting as an agent. The primary factors considered in assessing the nature of the Company's role include (1) whether the Company is responsible for the fulfillment of the obligation, including the acceptability of the services provided; (2) whether the Company has reasonable latitude to establish the price of the services provided; (3) whether the Company has the discretion to select the service provider; and (4)

As of and for the year ended December 31, 2021

(Dollars in thousands)

whether the Company assumes credit risk in the arrangement. Management has determined that the Company is acting as the principal service provider, as such, gross presentation is appropriate.

Underwriting revenues consist of underwriting commissions and commissions as dealer earned from the distribution of Class A shares of the Pioneer Funds through a network of independent broker-dealers. For Class A shares, the shareholder pays an underwriter commission of up to 5.75% of the dollar value of the shares sold, which is recorded as revenue as a point in time, on the trade (execution) date of the sale of the Class A share. Up to 5.00% of the dollar value of shares sold is then paid to the third-party broker dealer and recorded by the Company as an expense. Under certain conditions, the Company may waive the underwriter commissions of Class A shares (known as front-end sales load) and sell the shares at net asset value. In these circumstances, the Company does not earn an underwriting commission.

Certain Pioneer Funds maintain a multiclass share structure whereby the participating funds offer traditional front-end load shares (Class A shares), back-end load shares (Class C shares), and no load shares (Class R and Class Y shares). The investor may be required to pay a contingent deferred sales charge (CDSC) on certain share classes if there is a redemption within one year. The CDSC is paid based on the lower of original cost or current market value at declining rates starting at 1% on Class C shares and up to 1% on certain sales of Class A shares.

The Company capitalizes and amortizes Class C share dealer advances for financial statement purposes over a 12-month period. Amortization is included in distribution fee expense in the accompanying Statement of Operations. CDSCs received by the Company from redeeming shareholders are recognized as revenue at a point in time, upon redemption of the investment during the redemption period. Prepaid service fees are capitalized and amortized for financial statement purposes over a 12-month period. Amortization is included in service and distribution fee expense in the accompanying Statement of Operations.

Variable annuity commissions are earned on the distribution of variable annuity contracts. Other income primarily consists of interest and dividend income from the Company's investment in the Pioneer U.S Government Money Market Fund (see note 2d). Operating expenses are recorded on the accrual basis.

**(d) Cash and Cash Equivalents**

The Company considers cash equivalents as liquid investments with original maturities of fewer than 90 days and are carried at fair value. Cash and cash equivalents of \$51,037 at December 31, 2021 includes cash equivalents comprising amounts invested in the Pioneer U.S. Government Money Market Fund of \$28,000. The Company's investment in the Pioneer U.S. Government Money Market Fund is valued at net asset value as the practical expedient to measure fair value. Cash and cash equivalents also includes checking and other accounts of \$23,037, representing funds available for use in the normal day-to-day operations of the Company.

(A Wholly Owned Subsidiary of Amundi US, Inc.)

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

**(e) Fair Value Measurements**

The Company follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures*. In accordance with ASC 820, fair value is defined as the price that the Company would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 establishes a three-tier hierarchy for measuring fair value and enhancing disclosure. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

- Level 1 – quoted prices in active markets for identical instruments.
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risks, etc.).
- Level 3 – significant unobservable inputs (including management’s own assumptions in determining the fair value of investments).

Changes in valuation techniques may result in transfers in or out of current assigned levels within the hierarchy. The Company recognizes transfers, if any, between fair value hierarchy levels at the end of the reporting period. There were no transfers between the assigned hierarchy levels during the year.

As of December 31, 2021, the Company’s investment in the Pioneer U.S. Government Money Market Fund of \$28,000 (reported as a component of Cash and cash equivalents in the accompanying Statement of Financial Condition), is classified using Level 1 inputs.

**(f) Foreign Currency Transactions**

Assets and liabilities denominated in foreign currencies are translated at applicable rates as of the balance sheet date. Revenues and expenses are translated based on actual contracted exchange rates at settlement. The difference between the exchange rate at settlement and the rate at the time incurred is recognized as an exchange rate gain or loss. Gains and losses realized on foreign currency transactions principally relate to the settlement of intercompany arrangements with non-US affiliates and are included in other income and other expenses, respectively, in the accompanying Statement of Operations.

**(g) Concentrations of Credit Risk**

The Company is primarily engaged in the selling and distribution of shares of the Pioneer Funds. In the event counterparties do not fulfill their obligations to the Company, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparties. It is the Company’s policy to review, as necessary, the credit standing of each counterparty. For the year ended December 31, 2021, revenues from the Pioneer Fund and the Pioneer Fundamental Growth Fund represented approximately 25% and 10%, respectively, of the total service fee, distribution fee, and underwriting revenues of the Company.

**AMUNDI DISTRIBUTOR US, INC.**  
(A Wholly Owned Subsidiary of Amundi US, Inc.)

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

The Company has certain cash balances that exceed the insured limits set by the Federal Deposit Insurance Corporation in the United States, which exposes the Company to credit risk. The Company does not believe that cash balances are subject to any unusual risk associated with the Company's activities.

**(h) Legal and Other Loss Contingencies**

The Company, AAMUS, AUS, AHUS, and Amundi may from time to time be subject to claims pursuant to US lawsuits, which seek damages, including trebled damages, in amounts, which could, if assessed, be significant. As of February 24, 2022, management is not aware of any material outstanding litigation that may affect the Company.

The Company records liabilities for contingencies when it is probable that a liability has been incurred before the balance sheet date and the amount can be reasonably estimated. Significant management judgment is required to comply with this guidance. The Company analyzes its litigation exposure based on available information, including consultation with outside counsel handling the defense of these matters, to assess its potential liability. Contingent liabilities, if any, are not discounted.

**(i) Income Taxes**

The Company is included in a consolidated federal income tax return filed by AHUS, which files a federal income tax return as the common parent corporation of an affiliated group of corporations which includes the Company. The Company files in various states, either separately or as part of a combined return. The Company is not taxable in any foreign jurisdictions. For federal income tax allocation purposes, consolidated income tax provisions are allocated among the companies based on the income tax expenses that would have been recognized had separate returns been filed for each entity or when subsidiary losses are utilized in consolidation, pursuant to the modified separate return method. For state income tax allocation purposes, the Company uses a parent-company-down approach, which allocates taxes based on each member's relative contribution to the group's consolidated state income tax expense. The Company follows an asset and liability approach to accounting for income taxes, which generally requires that deferred income taxes be recognized when assets and liabilities have different values for financial statement and tax reporting purposes. Deferred income taxes reflect the expected future tax consequences of temporary differences between the carrying amounts and tax bases of the Company's assets and liabilities measured using rates expected to be in effect when such differences reverse. US GAAP allows for the recognition of deferred tax assets that are more likely than not to be realized in future years. If necessary, a valuation allowance is established to reduce the carrying amount of deferred tax assets to amounts that are more likely than not to be realized.

The Company follows the provisions of FASB ASC 740, *Accounting for Income Taxes*, which applies a more likely than not threshold to the recognition and derecognition of uncertain tax positions. The Company is permitted to recognize the tax benefit of uncertain tax positions only when the position is more likely than not to be sustained upon examination by the tax authorities based on the position's technical merit. The amount recognized is that which represents the amount of tax benefit that has a

greater than 50% likelihood of being ultimately realized upon settlement. It further requires that a change in judgment related to the expected ultimate resolution of uncertain tax positions be recognized in earnings in the period of such change.

The Company recognizes accrued interest and penalties related to unrecognized tax benefits, if any, in its provision for income taxes and includes these amounts in its liability for unrecognized tax benefits.

*(j) Deferred Compensation Plans*

The Company offers deferred compensation plans, a Mandatory Bonus Deferral Plan (MDP) and a Voluntary Deferred Compensation Plan (VDP), whereby a percentage of total incentive compensation earned by such employees may be deferred for a specific period.

The purpose of the MDP is to govern bonuses mandatorily deferred under bonus plans maintained by AUS. This plan is unfunded for tax purposes. Participant accounts vest on a pro-rata basis over a three-year period. Participants have the right to receive distribution of the vested account balance in cash, or may elect to convert the vested balance (all or part) to the VDP. Balances may be subject to forfeiture in the event of termination of employment with the Company prior to the vesting of the award.

The purpose of the VDP is to allow a select group of management or highly compensated employees of the Company who satisfy eligibility provisions of the VDP to defer, on a voluntary basis, the receipt of compensation to some future date. The VDP is unfunded for tax purposes. Participants are fully vested in the VDP as of the date of contribution and shall receive a distribution of his or her deferred account on the date, and in the form, elected by the participant. All distributions under the VDP shall be in cash.

While not required to, AUS has established Rabbi Trusts to fund the obligations of certain deferred compensation plans, and directs the investment of Rabbi Trust assets in a manner similar to investments proposed by participants in order to match the deferred compensation liability. Participants do not have a security interest in the assets of the Rabbi Trust through participation in the plan. The Rabbi Trusts are consolidated in the financial statements of AUS.

As the Rabbi Trusts are held by AUS, compensation expense recognized in the accompanying Consolidated Statement of Operations is reflected as a contribution to paid-in capital in the accompanying Consolidated Statement of Changes in Stockholder's Equity (see note 6).

Certain employees of the Company are eligible to participate in the Amundi US, Inc. Intermediate Deferred Compensation Award Plan (AIDCAP). The AIDCAP provides supplemental compensation in order to reward performance and provide a mechanism for key employee retention. Awards under AIDCAP generally vest at the end of the three-year period following the date of grant. The expense recognized related to AIDCAP for the year ended December 31, 2021 was \$2,123, which is included in compensation and related benefits on the accompanying Statement of Operations.

**(k) New Accounting Standards**

In December 2019, the FASB issued Accounting Standards Update (ASU) 2019-12, *Income Taxes (740): Simplifying the Accounting for Income Taxes*, which simplifies the accounting for income taxes by eliminating some exceptions to the general approach in FASB ASC 740, *Accounting for Income Taxes*. It also clarifies certain aspects of the existing guidance to promote more consistent application, among other things. The new guidance is part of the FASB's broader simplification initiative that is aimed at reducing the cost and complexity of applying accounting standards. The guidance is effective for calendar-year public business entities in 2021. The Company has adopted this standard as of January 1, 2021 and reviewed the guidance to determine any potential impact. Management notes there is no impact to the Company.

**(3) Net Capital and Reserve Requirements**

As the principal underwriter and distributor of shares of the Pioneer Funds, the Company is subject to the SEC's regulations and operating guidelines applicable to broker-dealers, including the Net Capital Rule, which require the Company to maintain a specified amount of net capital, as defined under Uniform Net Capital Rule 15c3-1 (Rule 15c3-1). Net capital may fluctuate on a daily basis. The Company has elected and uses the Alternative Standard as its method of net capital computation, in which the minimum net capital required is the greater of \$250 or 2% of aggregate debits. The Company's net capital, as computed under Rule 15c3-1, was \$23,273 at December 31, 2021, which exceeds minimum net capital required of \$250 by \$23,023.

The Company is exempt from the reserve requirements of Rule 15c3-3, pursuant to paragraph (k)(2)(i), since it does not carry customer margin accounts; promptly transmits all customer funds and securities received in connection with activities as a broker-dealer; does not otherwise hold funds or securities for, or owe money or securities to, customers; and effects all customer receipts and disbursements, if received, through a special account for the benefit of customers.

**(4) Income Taxes**

The provision for income taxes consists of the following:

Current:		
Federal	\$	1,571
State		271
		<u>1,842</u>
Deferred:		
Federal		35
State		12
		<u>47</u>
Total provision for income taxes	\$	<u><u>1,889</u></u>

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

The following table reconciles the Company's U.S. federal statutory tax rate to its effective tax rate for the year ending on December 31, 2021:

Federal statutory tax rate	21.00%
Change in tax rate resulting from:	
State income taxes (net of effect on federal income taxes)	3.64%
Nondeductible items (meals and entertainment)	1.57%
Income tax payable true up adjustment	(1.01%)
Deferred compensation true-up adjustment	(2.76%)
Other, net	<u>-0.22%</u>
Effective tax rate	<u>22.22%</u>

The liability for unrecognized tax benefits, which primarily relates to state income taxes, at December 31, 2021 is \$34, of which \$27 would affect the Company's effective tax rate if recognized.

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

Balance as of January 1, 2021	\$ 42
Increase due to tax positions related to the current year	2
Decrease due to tax positions related to prior years	<u>(10)</u>
Balance as of December 31, 2021	<u>\$ 34</u>

The Company's policy is to recognize interest and penalties related to income tax matters in income tax expense. At December 31, 2021, the Company had accrued interest and penalties of \$17, of which \$5 was recognized as a reduction of the provision for income taxes in the accompanying Statement of Operations. The Company does not expect a material change to the liability for unrecognized tax benefits will occur over the next 12 months.

The tax years from 2018 and forward remain open to examination by the major jurisdictions in which the Company is subject to tax.

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

The components of deferred income taxes recorded in the accompanying Statement of Financial Condition comprise a net deferred tax asset of \$2,493. The income tax effect of each type of temporary difference is as follows:

Deferred tax assets:	
Compensation related	\$ 2,792
Other	81
	<hr/>
Total deferred tax assets	2,873
Deferred tax liabilities:	
Dealer advances	(162)
Other	(218)
	<hr/>
Total deferred tax liabilities	(380)
	<hr/>
Net deferred tax asset	\$ <u>2,493</u>

Based on the Company's historical and current pretax earnings, management believes it is more likely than not that the Company will realize its remaining deferred income tax assets existing at December 31, 2021. Management believes that existing net deductible temporary differences, which give rise to deferred tax assets, will reverse during periods in which the Company generates net taxable income. In addition, gross deductible temporary differences are expected to reverse in periods during which offsetting gross taxable temporary differences are expected to reverse.

**(5) Benefit Plans**

AUS and its subsidiaries have two defined contribution benefit plans for eligible employees: a retirement benefit plan and a savings and investment plan (Benefit Plans) qualified under Section 401 of the Internal Revenue Code. AUS makes contributions to a trustee, on behalf of eligible employees, to fund both Benefit Plans.

Both of the Benefit Plans cover all full-time employees who have met certain age and length-of-service requirements. Under the retirement benefit plan, AUS contributes an amount that would purchase a certain targeted monthly pension benefit at the participant's normal retirement date. Pursuant to the savings and investment plan, participants may voluntarily contribute up to 50% of their compensation, and AUS will match this contribution up to 2.5% of the participant's contribution. For the year ended December 31, 2021, the Company's allocated expenses under the retirement benefit plan were \$1,434, and the Company's direct expenses under the savings and investment plan were \$222. Both of these expenses are included as a component of compensation and related benefits in the accompanying Statement of Operations. All employee benefits are charged to the Company based on the allocation determined by the ratio of the Company's salaries to the salaries of AUS and its subsidiaries.

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

**(6) Capital Contributions and Redemptions**

The Company is a party to a centralized cash management arrangement with AUS, and its subsidiaries. AUS and its subsidiaries have sweep arrangements in which cash is transferred between bank accounts daily. Such intercompany transactions related to the cash management arrangement along with certain other intercompany and affiliate transactions (see note 7), are recorded as intercompany contributions or redemptions of capital in the accompanying Statement of Changes in Stockholder's Equity. Cash and cash equivalents of \$51,037 on the accompanying Statement of Financial Condition are not part of the centralized cash management arrangement. The Company considers amounts due from AUS and its subsidiaries pursuant to these transactions as loans and amounts due to AUS and its subsidiaries pursuant to these transactions as borrowings, and therefore the Company classifies such amounts as investing and financing cash flows, respectively, in the accompanying Statement of Cash Flows. Accordingly, as of December 31, 2021, the change in the net amount due from AUS, and its subsidiaries of \$5,143 is presented as an intercompany redemption of capital in the accompanying Statement of Changes in Stockholder's Equity and an investing cash outflow on the accompanying Statement of Cash Flows.

**(7) Related-Party Transactions**

In connection with a service agreement with AAMUS, the Company charges AAMUS a fee to provide certain marketing and promotional services. The fee is charged to provide revenue of 105% of applicable operating costs of the Company and for the year ended December 31, 2021, amounts allocated to AAMUS amounted to \$89,557. Other revenues from affiliates of \$4,451 includes amounts the Company earned from other affiliates for marketing and promotional services. Amounts related to these agreements are classified as marketing, promotional services, and other revenues from affiliates on the accompanying Statement of Operations.

The Company also has an expense sharing agreement with AUS in which the Company is allocated a pro rata portion of certain general and administrative expenses incurred by AUS. These expenses include professional fees, facilities-related expenses, and other general operating expenses. For the year ended December 31, 2021, the Company was allocated \$15,167, which is included as a component of related party expenses on the accompanying Statement of Operations.

The Company also has a marketing and promotional expense sharing agreement with AUS in which the Company is allocated a pro rata portion of marketing and promotional expenses incurred by AUS. For the year ended December 31, 2021, the Company was allocated \$8,983, which is included as a component of related party expenses on the accompanying Statement of Operations.

An amount of \$31 has been included in related-party expenses on the accompanying Statement of Operations as reimbursements to affiliates other than AUS and AAMUS for operating expenses incurred on the Company's behalf.

Certain executives of AUS, who may also be members of the Board for the Company, serve outside organizations as a volunteer or board member of that organization. AUS may make payments to those organizations from time to time. Based on the nature of these relationships and the transactions that occurred during the year, management considers these normal and customary.

Notes to Financial Statements

As of and for the year ended December 31, 2021

(Dollars in thousands)

All transactions with AUS, AAMUS and other affiliates are charged or credited through intercompany accounts and may not be the same as those that would otherwise exist or result from agreements and transactions among unaffiliated third parties. However, the Company believes that it is in compliance with the transfer pricing regulations of the Internal Revenue Service. All balances due to and from affiliates other than AUS and AAMUS represent amounts for which the Company has the solvency, ability, and intent to settle.

**(8) Commitments and Contingencies**

All commitments and contingencies associated with the Company are allocated through the expense sharing agreement with AUS (see note 7).

**(9) Indemnifications**

In the normal course of operations, the Company may enter into contracts that contain a variety of indemnifications. The Company's maximum exposure under these arrangements is unknown. However, since inception and commencement of operations, the Company has not had any claims or losses pursuant to these contracts and expects the risk of loss to be remote.

**(10) Disaggregated Revenue from Contracts with Customers**

The following table presents revenue from contracts with customers by major source:

**Revenue from contracts with customers:**

Marketing and promotional services from affiliates	\$	89,557
Distribution Services		75,633
Underwriting commissions		8,921
Sub-distribution services from affiliates		4,451
<b>Total revenue from contracts with customers</b>	<b>\$</b>	<b><u>178,562</u></b>

**(11) Subsequent Events**

In preparing these financial statements, the Company has evaluated subsequent events after December 31, 2021 through February 24, 2022, the date the financial statements were available to be issued. There were no subsequent events since December 31, 2021 that would require adjustment to or additional disclosure in these financial statements.

## Report of Independent Registered Public Accounting Firm on Applying Agreed-Upon Procedures

To the Board of Directors and Management of Amundi Distributor US, Inc.:

We have performed the procedures included in Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and in the Securities Investor Protection Corporation (SIPC) Series 600 Rules, which are enumerated below on the accompanying General Assessment Reconciliation (Form SIPC-7) for the year ended December 31, 2021. Management of Amundi Distributor US, Inc. (Company) is responsible for its Form SIPC-7 and for its compliance with the applicable instructions on Form SIPC-7.

Management of the Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting you and SIPC in evaluating the Company's compliance with the applicable instructions on Form SIPC-7 for the year ended December 31, 2021. Additionally, SIPC has agreed to and acknowledged that the procedures performed are appropriate for their intended purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the assessment payments made in accordance with the General Assessment Payment Form (Form SIPC-6) and applied to the General Assessment calculation on Form SIPC-7 with respective cash disbursement record entries and corresponding copies of checks.

No findings were found as a result of applying the procedure.

2. Compared the amounts reported in the audited financial statements required by SEC Rule 17a-5 with the amounts reported in Form SIPC-7 for the fiscal year ended December 31, 2021.

No findings were found as a result of applying the procedure.

3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers supporting the adjustments provided to us by a representative of the Company.

No findings were found as a result of applying the procedure.

4. Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the schedules and working papers supporting the adjustments.

No findings were found as a result of applying the procedure.

We were engaged by the Company to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and in accordance with the standards of the Public Company Accounting Oversight Board (United States). An agreed-upon procedures engagement involves the practitioner performing specific procedures that the engaging party has agreed to and acknowledged to be appropriate for the purpose of the engagement and reporting on findings based on the procedures performed. We were not engaged to, and did not conduct an examination or a review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the Company's Form SIPC-7 and for its compliance with the applicable instructions on Form SIPC-7 for the year ended December 31, 2021. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be, and should not be, used by anyone other than these specified parties.

## Report of Independent Registered Public Accounting Firm

The Board of Directors and Management of Amundi Distributor US, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Amundi Distributor US, Inc. (the Company) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (k):(2)(i), (the "exemption provisions") and (2) the Company stated that it met the identified exemption provisions in 17 C.F.R. § 240.15c3-3 (k) throughout the most recent fiscal year ended December 31, 2021 without exception. Management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, other regulatory agencies that rely on Rule 17a-5 under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and other recipients specified by Rule 17a-5(d)(6) and is not intended to be and should not be used by anyone other than these specified parties.

The Exemption Report

We as members of management of Amundi Distributor US, Inc. (“the Company”) are responsible for complying with 17 C.F.R. §240.17a-5, “Reports to be made by certain brokers and dealers” and complying with 17 C.F.R. §240.15c3-3: ((k)(2)(i)) (the “exemption provisions”). To the best of our knowledge and belief we state the following:

- (1) We identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: ((k)(2)(i)) (the “exemption provisions”) and,
- (2) We met the identified exemption provisions throughout the most recent fiscal year without exception.
