## **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholders' of  
Westrock Capital Management, Inc.:

### **Opinion on the Financial Statements**

We have audited the accompanying statement of financial condition of Westrock Capital Management, Inc. (the "Company") as of December 31, 2021, the related statements of comprehensive income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion the financial statements present fairly, in all material respects, the financial position of Westrock Capital Management, Inc. as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

These financial statements are the responsibility of Westrock Capital Management, Inc.'s management. Our responsibility is to express an opinion on Westrock Capital Management, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to Westrock Capital Management, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

### **Auditor's Report on Supplemental Information**

The supplemental information contained in Schedules I, II and III have been subjected to audit procedures performed in conjunction with the audit of Westrock Capital Management, Inc.'s financial statements. The supplemental information is the responsibility of Westrock Capital Management, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as Westrock Capital Management, Inc.'s auditor since 2020.

WESTROCK CAPITAL MANAGEMENT, INC.  
NOTES TO FINANCIAL STATEMENTS

**Note 1 – Business Description**

Westrock Capital Management, Inc., an S Corporation, was incorporated in the State of New York on July 1, 1996. Westrock is a broker-dealer registered with the Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority (FINRA). Westrock's operations primarily consist of securities transactions performed on an agency basis for customers.

**Note 2 – Summary of Significant Accounting Policies and Adoption of New accounting Standard**

The majority of Westrock's revenue is recognized at a point in time based on the transfer of ownership of securities. The adoption of ASU 606 did not have a significant impact on Westrock's financial statements. Westrock's revenue arrangements generally consist of single performance obligation to transfer promised securities. Based on Westrock's evaluation process and review of its contracts with customers, the timing and amount of revenue recognized previously is consistent with how revenue is recognized under the new standard. No changes were required to previously reported revenues as a result of this adoption.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows Westrock considers all highly liquid debt instruments with an original maturity of three months or less to be a cash equivalent.

**Recent Accounting Pronouncements**

In February 2016, the FASB issued Accounting Standards Update (“ASU”) 2016-02, *Leases (Topic 842)*, which requires a lessee to recognize assets and liabilities on the balance sheet for operating leases and changes many key definitions, including the definition of a lease. The new standard includes a short-term lease exception for leases with a term of 12 months or less, as part of which a lessee can make an accounting policy election not to recognize lease assets and lease liabilities. Lessees will continue to differentiate between finance leases (previously referred to as capital leases) and operating leases using classification criteria that are substantially similar to the previous guidance. In July 2018, the FASB also issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, which permits entities to continue applying legacy guidance in ASC Topic 840, *Leases* (“ASC 840”), including its disclosure requirements, in the comparative periods presented in the year that the entity adopts the new leasing standard. Under this transition method, the cumulative effect of initially applying ASC 842 is recognized as an adjustment to the opening balance of retained earnings or accumulated deficit at the beginning of the annual reporting period that includes the date of initial application. The new standard became effective for annual reporting periods beginning after December 15, 2018.

Short-term lease exemption for lessees as discussed in ASC 842-20-25-2 is a lease which a lessee may elect not to apply the recognition requirements of ASC 842. This election should be made by class of underlying asset. If a lessee chooses to elect this short-term lease measurement and recognition exemption, it should recognize the lease payments in on a straight-line basis over the lease term.

The ASC 842 Glossary defines a short-term lease: A lease that, at the commencement date, has a lease term of 12 months or less and does not include an option to purchase the underlying asset that the lessee is reasonably certain to exercise.

WESTROCK CAPITAL MANAGEMENT, INC.  
NOTES TO FINANCIAL STATEMENTS

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Furniture, Fixtures and Equipment**

Capitalized assets are recorded at costs and depreciated over their estimated useful lives using accelerated methods.

**Revenue Recognition**

Securities owned are recorded at fair value based on quoted market prices. Securities transactions and related clearing expenses are recorded on the trade date basis. Unrealized and realized gains and losses are reported on a net basis and is recorded as Other Comprehensive Income on the Statement of Comprehensive Income.

**Method of Accounting**

The financial statements have been prepared on the accrual basis of accounting

**Subsequent Events**

ASC 855 Subsequent Events sets forth general accounting disclosure requirements for events that occur subsequent to the balance sheet date but before Westrock's financial statements are issued. Westrock has evaluated events through **February 21, 2022**, the date the financial statements were available to be issued.

**Note 3 - Revenue from Contracts with Customers**

**Significant Judgments**

Revenue from contracts with customers includes commission income. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time.

**Disaggregated Revenue from Contracts with Customers**

The following table presents revenue by major source:

Revenue from contracts with customers:

Commissions:

Brokerage commissions	<u>\$290,131</u>
Total revenues from contracts with customers	<u>\$290,131</u>

WESTROCK CAPITAL MANAGEMENT, INC.  
NOTES TO FINANCIAL STATEMENTS

**Contract assets and liabilities**

Contract assets or liabilities exist when revenue is recognized over time. Westrock does not have any contract assets or liabilities at December 31, 2021.

**Performance obligations**

Brokerage commissions: Westrock derives its revenues primarily from buying and selling securities on behalf of its customers based on quoted market price. Each time a customer enters into a buy or sell transaction, Westrock charges a commission. Commissions and related clearing expenses are recorded on the trade date basis. Westrock believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon, and the risks and rewards of ownership have been transferred to/from the customer.

**Costs to Obtain or Fulfill a contract with a customer**

Westrock's costs to obtain revenues are mainly clearing costs charged by the clearing firm (AXOS Clearing). These costs are expensed immediately as there are no performance obligations created for future events.

**Note 4 – Clearing Agreements**

In September 2015, Westrock entered into a clearing agreement with AXOS Clearing, Inc. (previously COR Clearing) to carry the customer's accounts of its trading business, including the cash and margin accounts, to clear all transactions on a fully disclosed basis.

**Note 5 – Investments**

Westrock's investments in marketable securities are presented at fair market value based upon quoted prices in active markets. Investment income is recognized when earned. Investments with maturities of less than one year from the balance sheet date are classified as current assets.

At December 31, 2021 investments consist of the following:

	<u>2021</u>
Equity securities	<u>\$2,529,808</u>

WESTROCK CAPITAL MANAGEMENT, INC.  
NOTES TO FINANCIAL STATEMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurement, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities Westrock has the ability to assess.

Level 2 - inputs are inputs (other than the quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 - inputs are unobservable inputs for the asset or liability and rely on management’s own judgments about the assumptions that market participants would use in pricing the asset or liability.

At December 31, 2021, Westrock’s investments are classified as follows based on fair values:

<u>Category</u>	<u>2021 Fair Value</u>
Level 1	\$2,529,808
Level 2	\$ - 0 -
Level 3	<u>\$ - 0 -</u>
Total	<u>\$2,529,808</u>

**Note 6 – Capitalized Assets**

At December 31, 2021, capitalized assets consist of the following:

Leasehold improvements	\$111,352
Furniture and equipment	<u>93,130</u>
	204,482
Less: accumulated depreciation and amortization	<u>204,482</u>
	<u>\$ - 0 -</u>

Depreciation and amortization expenses for the year ended December 31, 2021 is \$-0-

**Note 7 – Net Capital Requirements**

As a member of the Financial Industry Regulatory Authority, Inc. Westrock is subject to the net capital rule adopted and administered by the Association. The rule prohibits a member from engaging in securities transaction at a time when its “aggregate indebtedness” exceeds 15 times its “net capital” as **those terms are** defined by the rule. As of December 31, 2021, the corporation’s ratio of aggregate indebtedness to net capital was .37% and its excess net capital was \$857,657 compared with a net capital requirement of \$5,000.

WESTROCK CAPITAL MANAGEMENT, INC.  
NOTES TO FINANCIAL STATEMENTS

**Note 8 – Income Taxes**

Westrock has elected to be treated as an “S” corporation for Federal and State income tax purposes. Under the provisions of Subchapter S, Westrock does not pay federal corporate income taxes on its taxable income. Corporate income or loss is included in the shareholders’ individual income tax return. The statute of limitation for examination by Internal Revenue Service and New York State for the federal and state tax returns has expired for tax years before 2018.

**Note 9 – Commitments and Contingencies**

Westrock entered to a short-term lease agreement to a lease a space, owned by Westrock’s shareholders. located at 754 Chestnut Ridge, New York 10977 on a yearly basis. Lease is subject to cancellation with 60 days’ notice to Westrock and respected authorities. The annual rent expense for 2021 was \$48,000. The ASC 842 defines a short-term lease as a lease that, at the commencement date, has a lease term of 12 months or less and does not include an option to purchase the underlying asset that the lessee is reasonably certain to exercise Accordingly, Westrock has elected to apply short-term lease exemption as described in ASC 842-20-25-2 and took the position not to apply the recognition requirements of ASC 842. Since it is operating lease does not meet the definition of a finance lease; capitalization of lease is not applicable per ASC 842 and as such Westrock will not recognize Lease assets and liabilities on the balance sheet.

**Note 10 – Concentrations**

Westrock maintains all of its cash in financial institutions, which at times, may exceed federally insured limits. Westrock has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash. During 2021, Westrock provided services to 10 major customers, resulting in revenues of approximately 90% of Westrock’s total revenues.

**Note 11 – Off Balance Sheet Risk**

Pursuant to a clearance agreement, Westrock introduces all of its securities transactions to its clearing broker on a fully-disclosed basis. All of the customer’s money balances and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, Westrock has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by Westrock and must maintain, at all times, a clearing deposit of not less than \$15,000. In accordance with industry practice and regulatory requirements, Westrock and the clearing broker monitor collateral on the customer’s accounts. In addition, the receivable from the clearing broker (commissions earned) is pursuant to the clearance agreement.

In the normal course of business, Westrock’s customer activities involve the execution, settlement and financing of various customer securities transactions. These activities may expose Westrock to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and Westrock has to purchase or sell the financial instrument underlying the contract as a loss.

**Note 12 - Customer Complaint**

None.

Westrock Capital Management, Inc.:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Westrock Capital Management, Inc. (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
